

What kind of things make a girls hamster really spin

In my case I've noticed when i ignore them (unintentionally mostly) they tend to go nutz. As soon as you reestablish contact they ask if I was mad or something when truthfully i just forgot about them lol

As a musician we have a metaphor called "play the silence". The words you say could be silver, but what's left unsaid can be gold.

That fucking quote is amazing

rpnavi • 22 points • 23 April, 2020 02:51 AM

Lack of attention. There. You even have first hand experience.

spider_1337 • 10 points • 23 April, 2020 02:57 AM

You would think with the amount of attention girls get on a daily basis nowadays that it would be enough
haha

StbRPG • 2 points • 23 April, 2020 03:44 PM

She would her attention else where. ♂

rpnavi • 5 points • 25 April, 2020 07:00 PM

The key is to be so high quality, she can't find attention at your caliber anywhere else.

There's a trillion Zimbabwe dollars and a US dollar. You don't want your attention to be worth the former.

Hiding or mastering your emotions to the point they can't get anything out of you and the hamster wants to punch you lol

I saw this in action in my friends old relationship. His girl would always try to pry whenever she couldn't read what was on his mind to the point where she would ask me as well as our other friends what his feelings were lol

Whitefarmer • 2 points • 23 April, 2020 12:51 PM

The good old what's on your mind. I used to tell the truth for fun and go along with it but it's not worth it. Now my LTR gives it 3 days if she thinks something is up before prying

Is there a video that goes in depth about this I feel like I do well trying to be a rock But women can pick up on certain things so I'm asking is how does one master this

Whitefarmer • 3 points • 23 April, 2020 12:57 PM

Awareness. Catch it early that she is playing games and at first avoid. When you can do that good you can be one step ahead of her and fuck with the hamster. It's mental warfare and woman are awesome at it. If you start winning she will adore you

I need to master this.

Keep in frame 24/7

Something I failed badly at in my last relationship

Whitefarmer • 1 point • 23 April, 2020 01:00 PM

It's weird I fail every year around January February and we go through some hard times. It has to do with winter and stress or something but I have to improve

Being the lovable sexist to a hardcore feminist

spider_1337 • 2 points • 23 April, 2020 04:40 AM

Damn thats sounds hilarious how does this one typically go?

Tousen71 • 1 point • 23 April, 2020 06:27 PM

I think it's refreshing for them to have someone resist them. It shows strength compared to all the betas out there quick to tuck their balls in and agree that all men are bad.

[deleted] • 1 point • 23 April, 2020 06:37 PM

Yep have heard this from those women. Agreeing with a woman is not attractive, and a lot know what you're doing if you run the male feminist game

The backbone shows you're a real man and it's a turn on

[deleted] • 1 point • 23 April, 2020 07:44 PM

I have a plate that tries to lecture me on feminist bullshit or control my behaviour. If I hadn't discovered TRP I would probably agree in fear of upsetting her. Instead I mocked her. She gets a little upset but quickly turn to being kind and get my attention. Pure counter intuitive stuff but it works.

Push and pull. Being seen with other attractive girls.

spider_1337 • 2 points • 23 April, 2020 10:17 PM

This is gold.

Your title makes me wonder if I'm getting old or you're a time traveller from the 1950s...

spider_1337 • 1 point • 23 April, 2020 02:56 AM

Most likely both

finessekawal • 2 points • 23 April, 2020 04:36 PM

what helped me was being vague, silence and intense staring , and aloofness/acting like a dumbass

spider_1337 • 3 points • 23 April, 2020 10:20 PM

Yeah aloofness in my experience has girls thinking I'm mad or are talking to other girls when in reality i just get busy lol

i-am-the-prize • 2 points • 23 April, 2020 07:31 PM

maintaining mystery

TheIndex • 2 points • 23 April, 2020 08:54 PM

Disrupting her security. This can be anything:

being absent

being mysterious

calling out her poor behaviour

tell her to clean your kitchen

Any time she is comfortable and secure with you, her hamster is not spinning. Apply dread, be dominant, don't take her shit.

spider_1337 • 1 point • 23 April, 2020 10:18 PM

Yeah calling her out especially shows you got a backbone and lets her know youre not a simp
