The girl rejected me before 11 years. By chance we found each other online. On whatsapp we dont talk so much but she always look at my stories and sometimes she writes something to my stories but when I answer her comment she doesnt push the conversation and just finished by an emoji. What is her intention?

To give you doggie treats so you shower her with attention

It could mean a million things. Everyone here thinks they know based on your short blurb of info, but they only have hunches. Best not to assume but investigate.

Start a conversation with her. If things take off, ask to meet up. If she responds with short one word answers or just emojis, let it die and then don't show her any attention.

Then you will know.

What is her intention?

To get your attention and validation for as little effort as possible.

Either she needs to put in effort to move things along, or you ignore her. If you had a non-bullshit mission, and were busy making progress on it, you wouldn't have even noticed her.

basically forget her till she calls you begging to suck your dick

It sounds crude but I mean this literally in your case. For this girl if you even respond to her texts saying hi how are u bla bls all that stupid small talk she'll keep teasing you forever

The only way you actually fuck her is bring busy , ignoring her texts and fucking other girls

absolutelynp • 1 point • 22 April, 2020 06:43 PM

till she calls you begging to suck your dick

thats figurivaley right? meaning until she show some real invemstment?

electricspresident • 1 point • 23 April, 2020 02:06 PM

No that's literally in this particular case for you

Because you've been a bitch for 10 years. Now she's not thinking all mechanically about this. Shes just acting on her natural feelings and in those feels your nothin but a bitch.

It's like suddenly if your mom talked to you about hot girls and fucking them in the ass is so hot. You'd be fucking weirded out cause that's your mom and she's never talked like that before .same shit. Your the mom here.

This girl has to change her entire perception of you. So together with your stories of doing

exciting shit preferable with other girls she's gets more interested

But because you're bitch to her she'll probably be a little off about it, like is he really awesome , is he really attractive or still a bitchboy

So she throws you little baits to test you again you don't fall for any. Right untill shes at your door begging you to "talk" to her.

At which point invite her in and tell her straight away to get down on her knees

She'll ask "wtf are you crazy"

Don't reply. Hold that straight face

Maybe even put her hand on your dick

Whatever you do don't fucking smile

This all works as a series of steps from her recognizing you as high value to testing you to either blowjob or blowout

If it s a blowout then it would never happen

And don't try to get back in her good graces if she walks away. Recognize that she was never your friend

I dont know if you intended to reply to me and I dont get the contect at all but what I take from this reply is the thing of telling her to get on her knees. Ive experimented with being more dominant in the sack to the point of being an asshole but I dont fit me too well bc I do a lot of humory stuff and changing face like this is strange. on the other hand now that I just write it, it could be a cool effect perhaps to be someone else in the bedroom

electricspresident • 1 point • 23 April, 2020 09:40 PM

The reply was intended for you. It was extremely drastic imo.. But the reason why I did that is cause yours is a 10 year friendship. I hate to say it but nothing ever happened?

Like ever?

Not even kissing on a random drunk night? If you've done something like this bait her into it again

Truthfully that was just an action to give but here is your guiding principle

At all times don't give her anything at all u till she's begging to come to ur place

How are you?

You: good you

(Notice I didn't even put a question mark, yea....thats how dickish u have to be)

She might think ur weird and walk away from you But a random ONS from the bar the other night? Nah not weird for that guy to say the same thing.

You get it now?

absolutelynp • 1 point • 23 April, 2020 09:44 PM

bro I think your confusing me, I never mentioned something about 10 years?! but thanks for the stoic get on your knees idea

The girl rejected me before 11 years...

everloser[S] • 1 point • 22 April, 2020 02:48 PM

So?

Vizard47 • 2 points • 22 April, 2020 04:05 PM

You forget her.unless you're going to fuck(which is better avoided) you don't speak to her or respond to  
whatever she comments on your stories.

You still have some emotions towards her and she knows it which is why she's doing this shit that's  
making you hopeful.if you wanna get better you avoid her at all cost,her emergence will revert you to  
your old self
