Oh isn't that great. The definition of "abuse" to these bitches changes at the top of the hour.

Imagine telling your wife or gf that she can't spend on Amazon for a while to save money during the lockdown...then later that day falling face first into your soup because she felt "abused" and poisoned you.

Abusive because you don't accept their bull shit, how dare you not be a beta cuck simp!?

Can't find any info on whether or not she's being investigated for murder.

Wow it seems likely. Hope it gets investigated

I hope so too, but I can't help to be blackpilled on this one.

Imagine a post with the genders reversed. The circus would erupt in indignation and screeching feminist rage.

Maybe I should post "tired of of your wife's constant nagging? Then poison her and say she had flu like symptoms". What can I say I like getting hate mail lol.

Hate mail is actually so much fun. I dno why. Back when endgame was out I spammed tens of thousands of pms with spoilers and got so much hate mail. It was fucking glorious had me laughing for a week.

At least there will be this evidence when her husbands toxicology report comes in.

Sex dolls can't give you covid-19, poison you, divorce rape you, kill you in your sleep, or give you any other form of herp derp.

"abuse" like him not letting her go fuck chad and tyrone while he's paying the bills and doesn't want to catch it because his wife is a whore.
