

A bunch of people in the comments are saying “she can wear whatever she wants”, and “he’s a controlling doucebag”.

Okay so long story short, I'm basically flat chested A cup. My boyfriend and I argue alot, and one of the things he constantly points out it that I don't wear a bra.

They're uncomfortable for me because they're always too big, they look and feel stupid on me and I just hate them. He commented in an argument that I wore one when we first dated. (I wore a pushup to look good in the dresses I had) ...Which I stopped wearing after he saw me naked. By then theres no point. He'd seen what I really look like.

I lack alot of confidence when it comes to my body, and every time I want to go out he demands I wear a bra, nothing low-cut, nothing tight. He makes comments about not wanting people to stare at my nipples.

I wear baggy clothing around him all the time, and he still complains.

Reddit, am I the asshole for not wearing a bra?

EDIT: Thank you for all the comments. Now I know I'm not "over reacting" or being "over emotional". Lockdown has just made everything more intense. Theres nothing in it for me to continue on this road of unhappiness and control.

I mean in fairness they're right. She can wear what she wants. A better question is do you want to be with a woman who has no problem wearing tight clothing with no bra while out in public with her boyfriend?

Exactly. Blue-pilled problems.

She'd be dropped after incident ONE. Let those blue pulled morons deal with this issue.

I lean a bit more to the redpill perspective then the mgtow side - I'd Just demote her to plate status and fuck her until she gets the wiser and find some other chicks to add to the rotation in the meantime, she's not LTR material, but hell I would've figured that out early on and not have made her my girlfriend

my girl has nice c cups, and i let her go bra-less when we go out, i like the look of it. but if i told her to wear a bra she would do it, without a doubt. she even knows she should ask my permission if shes unsure.

That's slick as fuck man, awesome. You ever tried bra-less and shirtless with a leash? I'm sure that would raise your sexual market value.

were not savages, I keep that kind of thing private.

Love how she dresses like a lazy teenager boy when around the boyfriend but wants to dress a little sexier when out among other men. Hamsters like this just want to be told it's perfectly fine to always be advertising to other men, but when with beta bux it's also fine to be lazy and sloppy.

No doubt he fell for her strategy because she had no issues wearing push-up bras to lie about her "assets", but once he knew the truth she didn't bother anymore.

Once he knew the truth he shouldn't have bothered either. Just another layer of fakery. Begone thot.

I love all breast as long as it is stiff so i won't have a problem with that but a bitch should know how to dress sexy when she is around me if not she can gtfo i won't try to change a bitch are tell her what to do I will demote her to a fwb and nothing more i will give her that option if she decided she does not want that fine i can chose from more than a billion other chicks

She's right - if he doesn't like how she dresses - then he's really just wishing she was a different person with different sensibilities. And if he's with a partner who doesn't fit his expectations, he should leave.

Notice how around him she wears baggy clothes but when they go out as a couple she insists on wearing tight shirts where you can see her nipples? Hmmmm... I wonder why she would be doing that? Almost as if she's using this dude for his money while simultaneously looking for another branch. She's such a sweetheart...

Absolutely this.
