

I Stopped Jerking Off To Cuckold Porn

May 5, 2020 | 14 upvotes | by [tom-anonymous](#)

This week is a special week. It's the week I finally stopped jerking off to cuckold porn on pornhub. I developed this habit after years of self-hatred and not believing I was good enough to have sex with my wife or any woman for that matter.

This week I started slapping my salami to obese porn where I fantasize that I'm the one actually having sex with the woman - not 12 black guys.

Next week I hope to graduate to BBW, and then eventually MILF Porn.

Thank you all for your support and lending a listening ear.

That's the most touching success story I've ever read. You have my full support when you decide to transition from MILF to granny porn.

You really aren't good enough though

These types of porn actually worry me... Where are we going as men? My generic advice is work out, eat low

sugar high fiber high nutrients and feel the testosterone surging.

I'm talking cuck and 'femdom' and sissy hypnosis, this type of embarrassing shit

You fantasized about having sex with 12 black guys instead of with the woman? Why?
