I'm seeing a lot of comments that are treading dangerously close to violating rule 1.

I want to remind everyone here that not very many men are unplugged from the gynocentric matrix, and the men still plugged in are following the conditioning they've received since birth.

Don't shame them. Explain to them why it's not in their interest to give money to e-whores, in a constructive manner.

We've all made mistakes.

shrinkshooter • 614 points • 8 May, 2020 12:18 AM\*

It may not be the obvious subtext that's the case.

Girls who essentially market themselves online with shit like onlyfans (which I didn't know anything about until a month ago, the last thing we needed was an e-thot Patreon) or Twitch really play up the "oh woe is me I'm alone and miserable, if only I had someone" angle. They do this because it nets them way more money from those who are willing to shower them in praise and cash. It has this mild implication of being attainable, and it increases the allure because she's "available."

Which is why when the mask slips or the charade shatters by accidentally revealing they have a boyfriend or something, their...uh, shall we say *loyal followers* go apeshit on them and get the torches and pitchforks. Offhand the latest example I can think of is the ok boomer girl. So don't necessarily read this as "I want a boyfriend" but rather "look I'm available, give me more donations."

SuperGoxer • 122 points • 8 May, 2020 01:20 AM

Absolutely true.

There are a few though that reveal they have some dude in the picture, and somehow it doesn't dissuade the "paypigs" from giving them money.

Men reduced to ATM machines, it really makes me ill. I keep wondering how far the pendulum can go.

And I get it, I climbed out of the depths of "women are right, always" to where I am now, and that journey was of course tempered by many examples of how women don't give a shit except how much you have to

give. (Mostly material, of course.)

I keep wondering how deep the pits of thottery can reach, and every time there's another layer to this shit. How far? Its fucking insane.

RegRobillard • 70 points • 8 May, 2020 01:45 AM

Spot on from you and OP, I agree. Interestingly this whole "availability" ploy actually comes from J pop and K pop from the late 90s to now. All the agencies that produce the major Asian girl bands have clauses that explicitly forbid the girls from dating at all, under pain of serious consequences including termination.

One girl in a Japanese girl group got caught with a boy on camera and shaved her head in a display of public shame in a bid to keep her position. The companies themselves justify this practice by claiming they are "the nation's girlfriends" and thus must remain single.

Scipio\_AmerIcanus • 16 points • 8 May, 2020 06:47 AM

Whatever, Irene is waiting for me... and Momo is just leading Heechul on until I can smash that. And Chungha coming to the US? Yep, you guessed it.

Heavy dose of the /s in case it isn't obvious, lol.

RegRobillard • 13 points • 8 May, 2020 06:52 AM

Man, I consider myself very much pro male and specifically pro Asian male despite being white because I see how they are dragged through the shit heap despite being, on paper, the most rational choice for a sexual/romantic partner according to statistics on family values, monogamy and income.

But this setup is extremely weird. These record companies are literally asking these girls to sign off their teens and 20s in favor of (temporary) fame and fortune. Nothing like that could ever be conceived of in a western culture

Traksimuss • 18 points • 8 May, 2020 08:44 AM

Hollywood does the same, you follow their rules or get kicked out.

Ishabaka • 21 points • 8 May, 2020 11:05 AM

Yep, what's better for a young woman - no dating for ten years, or doing whatever Harvey Weinstein wants?

warsie • 1 point • 8 May, 2020 09:32 PM

I mean it's not guaranteed that you don't have a Weinstein type situation either way.

warsie • 2 points • 8 May, 2020 09:31 PM

Hollywood doesn't create pop stars as manufactured and disposable as K-pop does

Traksimuss • 2 points • 8 May, 2020 09:59 PM

That is somewhat true. But I would say competition is similarly fierce to get anywhere in Hollywood and KPop. There are so many "Actresses waiting for breakthrough" that they will pay any price to get that big role.

alljunks • 10 points • 8 May, 2020 01:58 PM

They make more money pretending to sign their youth away. Main rule is to simply not get caught, because it provides an opportunity for bathwater shoppers to come to their senses.

They can focus on other talents, But they'd lose access to that entire market and most members of those kinds of groups would never even have been signed in the first place

It's also important to remember how small their entertainment industries are to mainstream western entertainment. A hit movie in Japan is lucky if it makes dozens of millions. The industry powerhouses are much closer to the indies running shows in a dinky bar than their status indicates, so the latter can rise up to their level in a way that's much more difficult for someone selling bathwater to line up with Hollywood elite.

NotAnOkapi • 11 points • 8 May, 2020 09:38 AM

To be fair, I think the male k/jpop stars are often in the same position as their female counterparts.

Intrestingly enough I have often read about western (teen)pop stars to engage in staged relationships with other celebrities as a media stunt, so there seems to be a huge cutural difference in this regard.

commmander\_fox • 6 points • 8 May, 2020 12:09 PM

well the westlife boys had something similar, due to employment laws they couldn't outright say "no dating" but they where told if they have gfs or wives "it is advisable" to hide them and not be seen in public with them

warsie • 3 points • 8 May, 2020 09:33 PM

askmrcia • 4 points • 8 May, 2020 06:48 PM

There was another J POP star named Aya Hirano who slept with her band members back in 2010ish. It was a crazy huge scandal at the time and her career tanked. I remember because I was actually studying abroad in Japan during that time and she was pretty popular for Anime fans.

I didn't know what the big deal was, but reading up on it, those J POP stars are supposed to give this image that they are single and virgins allowing their male fan base to believe that they have a chance with her.

So yea when pics were found of her laying in bed with her band members (yup plural) she was basically dropped.

CatsPatzAndStuff • -1 points • 8 May, 2020 10:53 PM

Alright so I'm not a troll, real question. Why is it everyone trashes woman who *want* to sell themselves? There is always this negative omg she's a whore attitude. I understand why conventional prostitution is frowned upon in my country. Its dangerous, unregulated and the woman end up as victims. (They're killed, beaten, raped, and normally end up addicted to drugs. Its rough and sad to see.) The porn industry is extremely predatory as well which forces young woman into contract they're uncomfortable with and

then normally threaten and scare them into things they're not okay with. (There are docs which go into depth of the abusive and etc.) If anything more woman and men stepping out of porn and into fans only type deal should be a good sign. They're moving away from an industry that's known for its negative impact on woman and men across the globe. Why does everyone feel the need to judge these woman/men and continually put them down? The people who choose to buy into this instead of porn might be aware of the same issues I brought up earlier on how the porn industry and instead would rather support these woman directly. There will always be a desire for sex and sex work. Instead of constantly shaming and sending them to unregulated and predatory groups and companies why put down those who are finding other ways?

SuperGoxxer • 5 points • 9 May, 2020 12:55 PM

Easy, because sluts are worthless.

DdSilveer • 1 point • 19 May, 2020 07:27 AM

Nah. Prostitution should be legal, you're misattributing things that happen in a black market to what would happen under legal regulation

CatsPatzAndStuff • 1 point • 19 May, 2020 10:57 AM

Actually that's not too far off from what I was trying to say. That the issues with prostitution currently are because it's unregulated and that the negative attitudes towards unregulated prostitution make sense. (Dangers etc.) Sorry if that was unclear in original post!

The girls are in the middle. Her followers are reaching for her on the thing above but can't get it. She likes it. But then she goes to try and reach for the top rung and the roles are reversed. The charade slips

its pathetic, only fans has been around for ages, but unfortunately today is the "tolerance understanding compassion/sex worker " era where plain jane can hop on onlyfans and reap in an absolute fuckload of cash just from posting pics and vids online. Same plain jane can hop on twitter and rake in plenty of likewise amounts of money from "twitterdom/findom"

and ive always found it hilarious like u commented when these e-hoes get caught out with having a real life boyfriend and then there potential money earning goes down and then continue to complain on the internet until more sims come along.

drewc99 • 114 points • 8 May, 2020 12:58 AM

The 2nd tweet is a marketing trick. Like the kids walking around at the carnival who are paid \$20 to carry around the super gigantic stuffed animal in order to trick other kids into thinking that it's actually possible to win them.

Stedelijkepuin • 60 points • 8 May, 2020 01:14 AM

As if any girl in 2020 actually has a problem of finding a boyfriend. Even if she would be 250 pounds, with a post like this she would attract at least 20 sims, from which 3-4 would be object viewed be decent guys.

drewc99 • 33 points • 8 May, 2020 02:16 AM

Yep, she's basically a pig rolling in shit at this stage of life. She has everything she wants at her fingertips. Give her about 15 years, and then tweet #2 will actually reflect reality.

altair43 • 18 points • 8 May, 2020 05:55 AM\*

You underestimate the REAL number of SIMPs in this planet. We are some thousand guys (at best our number is in 1-2 millions). Rest all of them are SIMPs. You do realise how big that number is right? They are in billions. That is 3.7 billion atleast!!! Scary!

Conclusion, women will always have a simp or betabux by their side (on a bad day). That number can go to record high if they maintained their fake persona properly.

MarinTaranu • 9 points • 8 May, 2020 10:16 AM

We should not globalize this problem - this a local problem. The internet reaches globally so her sims must be a lot more on the net than in real life. Imagine some Pakistani (to give an example

only) with a few bucks to burn, being one such case. In real life, he wouldn't stand a chance because statistics - distance, language, culture, physical preference, etc. She confuses her global internet success with local success: At local level - neighborhood, let's say, she is setting her standards too high, thinking that she is some star, hoping to attract some wealthy prince charming, but she lives in a zone where she has to do this on the net because there are no other alternatives for her -no real skills, no education, and thus, no quality men surrounding her. The two lifestyles are not compatible with each other, so she is angry and confused, where she expects to get something but she's not getting it, so she doesn't understand why not.

Traksimuss • 5 points • 8 May, 2020 08:54 AM

Yes, but not all women will find one. Also this generation has seen the horrors of divorce and will not marry, marriage rate is crashing every year.

altair43 • 9 points • 8 May, 2020 09:05 AM\*

I don't believe marriage rates are going down due to divorce rates. It's more to do with hook ups. I know a LOT of people, personally, who got married because of being "super ultra thirsty" horny. What they did after getting married? Said yes to everything their wife wanted so they can drill THE hole.

They only regretted later when it got boring with the same hole everyday and some kids popped.

I see this in my country too, right now!! It's not a western nation, so marriages are going at full speed. Only western or other first world nations have marriage rates falling. Everywhere else, it's on the rise.

Traksimuss • 3 points • 8 May, 2020 09:13 AM

No it is a multitude of reasons, but when you see that your beloved living on street after divorce and not seeing his kids he adores, you kinda learn a bitter redpill lesson. In this generation, you had somebody who got divorced in your circle.

[deleted] • 3 points • 8 May, 2020 03:48 AM

From Heartiste's 16 Commandments of Poon, we have number 15.

XV. Maintain your state control

You are an oak tree. You will not be manipulated by crying, yelling, lying, head games, sexual withdrawal, jealousy ploys, pity plays, shit tests, hot/cold/hot/cold, disappearing acts, or guilt trips. She will rain and thunder all around you and you will shelter her until her storm passes. She will not drag you into her chaos or uproot you. When you have mastery over yourself, you will have mastery over her.

askmrcia • 7 points • 8 May, 2020 06:57 PM

Just to add to this. There was a video that recently came out where some former female reality stars and former hip hop music girls literally blamed men (rappers lol) for forcing them to be in their music videos to shake their asses.

I will def upload the video on this site either later today or tomorrow. Vivica A Fox the girl who slept with 50 Cent was whining how no good man wants her because men failed them. Literally blamed the men.

Also all those ex pornstars claim that men forced them into it. They were lied and manipulated. That's just how they are. These OnlyFan girls will meet the same fate. I don't know too many ex prostitutes or porn stars that retired from that life with a good chunk of money in their bank account. In fact I don't know any.

The money that those women are making won't last.

Once you have crossed that line and sold nudes of yourself for coin, you are tainted, if you stop or not doesnt really matter, you have already sold yourself out to strangers

warsie • 3 points • 8 May, 2020 10:48 PM

I though SMV theory only applies to physically being fucked, not you know camwhoring?

WeWillAllDie666 • 5 points • 8 May, 2020 10:52 PM

it applies to anything where sexuality is treated as a commodity or a past time.

warsie • 1 point • 8 May, 2020 11:19 PM

But to dudes, according again to the SMV theory, it only applies to physical fucking. So burlesque dancers, strippers, camgirls, etc don't lose SMV, only potentially if people suspect they're doing more stuff (especially say strippers). So it's not the stripping that inherently "devalues" them, it's the potential "extra" stuff some strippers do. It's even more remote for onlyfans people because they interact with their clients online

Typo-MAGAshiv • 3 points • 9 May, 2020 09:13 AM

Their SMV might not be affected that greatly, as many men would still gladly fuck them.

However, their RMV/MMV plummets to nil.

To be fair, if I could just lay around all day playing video games and make a living selling pictures of my dick, I'd probably do that. And I'd probably want a girlfriend.

I've just never found that to be a viable course of thought as a male, so I have a job, a marriage, kids, and I play video games/engage in hobbies when I have time. Like a responsible person.

That being said, I probably started this entire reply because I've been at home/out of work due to the virus. And playing more games. But still technically "have a job." Not selling dick pics, don't worry, the market is still cold there. Just spending time with my family, catching up on shit around the house, etc.

Btw total aside but are there others here who are in the RE game?

Time and again, a post leads me to highlight the following important truth: ***Every decision you make, every action you take, and every word you utter bears consequences.*** You have the right to do as you will within legal limits: sell nudes, buy nudes, draw nudes, print out nudes and chop them up for a salad... HEY! It's none of my business; You do you. However, don't be surprised if guys refuse to date you if you do. I can't speak for all men, but personally, I think that high-quality men, and men who hold themselves to high standards will not date a girl like that.

This reminds me of the Dave Chappelle quote:

“The girl says "Oh uh-uh, wait a minute! Wait a minute! Just because I'm dressed this way does not make me a whore!" Which is true, Gentlemen, that is true. Just because they dress a certain way doesn't mean they are a certain way. Don't even forget it. But ladies, you must understand that is fucking confusing. It just is. Now that would be like me, Dave Chappelle, the comedian, walking down the street in a cop uniform. Somebody might run up on me saying, "Oh, thank God. Officer, help us! Come on. They're over here. Help us!" "Oh-hoh! Just because I'm dressed this way does not make me a police officer!" See what I mean? All right, ladies, fine. You are not a whore. But you are wearing a whore's uniform.”

I would not be surprised at all if the main reason she can't find a boyfriend is that she is unable to lock-down a good man, and only gets solicited by guys who only want to hook-up; or actually has access to high-quality men, but rejects them due to unreasonable and unrealistic dating preferences.

Whether she's being rejected for her online activities, or she's rejecting good men because she thinks she can always do better, she's complaining of the consequences of what she's entirely responsible for.

Selling your body for money is prostitution, we guys don't date prostitute. We just use them for the pleasure. Shes gonna be single for a while, unless she find one of these thirsty simps out there.

heyheyitsdatboi • 4 points • 8 May, 2020 05:56 PM

These women don't understand why guys don't want them. They think they should be able to sell their bodies for cash but still enjoy the benefits of a monogamous relationship however It doesn't work that way. It's a shame that MGTOW isn't as mainstream as it should be, otherwise women would wise up and realize that this whole "women empowerment/sexual revolution" is ultimately hurting them in the long run instead of helping them. A husband should be able to experience their wife in her prime years of her life. These can girls/prostitute feel they are entitled to a good husband/boyfriend despite allowing every man under the sun to sample her goods. In other words, they want their cake and be able to eat it..

I dont think its prostitution, its closer to a burlesque dance or more crudely, stripping.

note that it takes several years of significant income discrepancies for this to happen

Yet another whore that is surprised when she's treated like one.

candlehunter-doomed • 5 points • 8 May, 2020 02:48 PM

You can't have it both ways. Nobody gets everything, choose what you are going to sacrifice. Make your choices carefully.

SilliestOfGeese • 3 points • 8 May, 2020 01:55 AM

waking up everyday

If someone misuses "everyday" like this, my respect for them drops about 20 percent.

Tobacco\_Lungs • 3 points • 8 May, 2020 02:11 AM

Yeah go ahead and get naked for money, I have no issue with that but don't expect everyone to find that as respectable.

yuvrajsama • 3 points • 8 May, 2020 10:54 AM

That's very bizarre . Selling your body on net forever . Even mia khalifa was concerned being in adult industry and it's effect on her life . The most private part of you is available to everyone . And the men . Bro stream free content rather then spending money for nudes . You will just jerk off rather see video or photo .

heyheyitsdatboi • 3 points • 8 May, 2020 03:03 PM

"I want my cake and I want to eat it!"

[deleted] • 2 points • 8 May, 2020 04:40 AM

I want a boyfriend I just wanna be in love :(

If you wanted one, why don't you choose from the pool of possible si-, ehem, suitors you already have?

[deleted] • 2 points • 8 May, 2020 06:37 AM

I mean this is a new way to be a porn star on onlyfans, and let's face it if they had talent or job they could've with for their whole life till they retire, but seeing as they chose selling their body all over the internet is not only immodest but also stupid, they are gonna be sagging and wrinkly much before they can be retired, then they go look for a man to help them and so they leach off of him and if not then she'll make 13 bucks on her saggy pics. Look at Lisa Ann, she's 40 and sagging like a bitch and those are stars who have there whole healthcare with them.

Trapsaregayyy • 2 points • 8 May, 2020 11:56 AM

There's a cuck out there for her

emirsezen2509 • 2 points • 8 May, 2020 12:12 PM

“Buy” nudes. Interesting concept. Maybe in the 1950's??

rayedward363 • 2 points • 10 May, 2020 02:51 AM

She is free to do whatever she wants with her life and body, just as men are free to not want anything to do with her.

heyheyitsdatboi • 1 point • 10 May, 2020 04:06 AM

“My body my choice... but you better MAN up and marry me once I’m done whoring around!”

khaste • 2 points • 10 May, 2020 05:03 AM

im glad a lot of these hoes struggle to find men who are willing to date them when they are whoring their bodies around. of course there will be the occasional cuck, but knowing women like her are suffering in some sort of way pleases me

Fat\_Akuma[ ] • 1 point • 8 May, 2020 03:14 AM

Can't make this shit up yo

WereNotGonnaFakeIt • 1 point • 8 May, 2020 05:14 AM

She gets asked out every day, and she turns them down for being 5'11, not driving a BMW, etc

meerita • 1 point • 8 May, 2020 06:13 AM

These chicks only attract simps. Sadly, betas and simps are like a swarm of bees around a simple queen. Other

men only see them as pump and dump material.

Agaposavros • 1 point • 8 May, 2020 12:19 PM

100% with her on the above post tho. legal money is legal money, her only fault if anything would be not being independent, if she isn't.

3Toes88 • 1 point • 3 July, 2020 05:12 PM

Lmao this is my co worker ong thots these days dont realize we just hit and quit it when they go full slut

Cookieclaws • -1 points • 12 May, 2020 01:11 AM

Okay but isn't it kind of a turn on to know that your girlfriend is so hot she makes money off of thirsty men yet she chooses you alone to be her lover? I mean obviously it's not ideal for everyone but that's how I see it.

northern\_noaidi[S] • 2 points • 12 May, 2020 09:44 AM

Women don't have to be hot to make money off thirsty dudes, and even if they are physically attractive, being thirsty for attention is a huge turnoff.

Cookieclaws • 0 points • 12 May, 2020 03:38 PM

Different strokes, different folks ☐☐♀☐

northern\_noaidi[S] • 2 points • 12 May, 2020 05:31 PM

I can promise you the vast majority of men feel the same way about this issue. That's why there aren't decent guys lining up around the block to date or marry sex workers.

Cookieclaws • 1 point • 12 May, 2020 05:33 PM

There's a stigma around sex work so it's probably true that many men wouldn't be into it, but some dudes are definitely fine with it. After all a lot of these chicks (if not the majority) aren't single and have to hide that fact as their fan base likes to pretend they boyfriend desperate.
