

# Guy at my LTRs job is trying fuck her

May 13, 2020 | 65 upvotes | by [drsherbert](#)

---

My LTR of 18 months called me this morning saying she feels guilty. A guy she works with has been flirting with her. She said, she felt bad because she didn't completely negate his sexual behavior and briefly entertained the idea at the time. She has brought him up to me before and she considered him to be one of the few people at work that she could be friendly with, since the place is loaded with overweight, snarky Karen's. I asked her if she did anything with him and she said no, which I do believe right now.

She's been working at this place for about 3 months and she told me about the guy from the beginning. I sensed it would come to this at some point. I laughed it off and told her "oh that must be your work husband." She also told me he's kinda fat and that I'm much better looking. If he's working as a nurse, I also know I'm more financially stable than him. The guy does know about me and yet he continues to pursue my girl.

This man has an LTR and a child which he lives with. He told her that his girlfriend would be cool with it if they had a thing on the side and that his gf is also bisexual. I don't know how she responded to him because I didn't take it too seriously when she brought it up. When she told me about it, I said "I appreciate your honesty and I'm not gonna hold it against you." "Is this guy texting you?" She said; "no he doesn't have my number." Then I said, "I've seen the type of guys that hit on you and I'm not worried about any of them lol." She laughed and got slightly offended. My LTR is definitely the type to crave male attention from what I can see and I'm sure she was flattered by the fact that this guy pushed up on her.

My question is, am I going to have to demote this girl to a plate eventually? Is this a major red flag? What's the likelihood she ends up fucking this dude? Do I have to go down to her job and fight this dude? I've been way too available to this woman for the past 4-5 months. Taking every phone call on her break and spending all my free time with her. Should I start ignoring her calls and distancing myself from her more? I just setup some dating apps and I'm beginning to cultivate new leads on girls. Am I overreacting to this whole thing? What do you guys think I should do?

The absurd amount of "she's fucking him right now bro, hard next and kill her dog" that plagues asktrp is getting annoying.

VasiliyZaitzev • 147 points • 14 May, 2020 12:13 AM

First, stop letting your insecurity drive the bus.

Second, only go down to her work and beat the shit out of the guy if you definitely want her to fuck him.

Third, ask if the guys girlfriend is hot, and maybe you guys could trade up one night. That will put her on the defensive and make her a bit jealous. Also make sure to come off like your totally kidding except half not.

Fourth, if you were spinning three plates none of this would matter.

LethalShade • 37 points • 14 May, 2020 05:15 AM

His girl literally told him that she entertained the thought of fucking him and she's been talking about him ever since she started working with him, his relationship is done. I'd take Vasiliy's advice and at least fuck the other guy's girl if she's attractive, or have an orgy and at least get a cool experience out of it.

And never beat up anyone under any circumstance if you're over the age of 15, we're in 2020 now. That's a way of the past. You will get beaten up, get an assault charge/get arrested, or die. There are no positive than can come out of it.

Hmm. Maybe the LTR has a sister or a hot mom? I'm not sure I'd leave that on the table on my way out the door.

Lol you're a fuckin animal bro

HurricaneHugues • 65 points • 14 May, 2020 01:25 AM

Bitch has only been working there for 3 months and she can't even act respectable with a fat coworker who makes less money than OP. He's been on her radar from the start too. Give me a break man. OP doesn't need this bullshit in his life. Girl is just not LTR material.

skyrunner22 • 103 points • 14 May, 2020 12:52 AM

But wait! Theres more!

There is always more. If she dropped this on you for no reason and vomit all this crap, something must of went down. You dont have the whole story yet. Trickle Truth.

TheDeadlyZebra • 40 points • 14 May, 2020 03:14 AM

briefly entertained the idea

Which is when she began entertaining his cock

69odin420 • 9 points • 14 May, 2020 05:00 AM

most likely, if shes hot, otherwise shes trying to make you jealous because it might make you forget that shes ugly

babybopp • 2 points • 14 May, 2020 08:38 AM

That girl has already raw dogged that dude. That confession is her way of easing her guilt

TheBlockedUser • 24 points • 14 May, 2020 05:02 AM

"Trickle Truth"

Most definitely. She is also trying to create dread but at the same time, trying to blame shift her inability to create boundaries.

CasaDeFranco • 2 points • 15 May, 2020 08:46 AM

She should be talking to HR or putting this cunt in line. But she's not, she's instilling dread on OP and naturally, it's working.

It's best for them to part ways.

drsherbert[S] • 2 points • 15 May, 2020 01:56 AM

How does one go about getting more trickle truth? Should I go along like everything's cool and let her guilt eat her up inside until she slowly spills the beans or is there a better way to get her to let loose?

skyrunner22 • 2 points • 15 May, 2020 02:19 AM

This is where you spider senses need to always be on alert, watch for changes in behavior, a name pops up more than usual, etc. That will always give you a heads up.

For me, "play a fool to catch a fool" has always worked (this is how i operate from jump as this also works to get the mask off and find out hoe fax info). The topic should come up organically, women talk, preferably in person, over the phone can work as well. Play a fool and have them repeat story, ask dumb questions so they repeat multiple times. If you are good this comes up a week, a month later, if you are not getting the truth, there will be cracks.

Women tend to be much better than men when it comes to this type of stuff, they can cry on demand and play with your heartstrings, dig deep to find the simp in you. You got to be precise when you bring charges, but that's only if you need to know 100%, usually by your in your discovery phase you know if you need to plan your exit or not.

drsherbert[S] • 1 point • 15 May, 2020 09:45 PM\*

Say I start simpin to get some deeper truth, wouldn't I just be preempting some shit to happen, whether it already did or not, by acting that way?

skyrunner22 • 1 point • 16 May, 2020 06:02 AM

I didnt say anything about simpin. I would only recommend that if you want to become unattractive in her eyes so she can leave you.

HumanSockPuppet • 36 points • 14 May, 2020 07:39 AM

Is this a major red flag?

It's not a red flag. Women like attention, period. It's what they crave after. They need attention and validation only slightly less urgently than they need air.

Instead, this is a yellow flag. It's a signal of caution **to you**, that you need to step up your casual dread.

I've been way too available to this woman for the past 4-5 months. Taking every phone call on her break and spending all my free time with her. Should I start ignoring her calls and distancing myself from her more? I just setup some dating apps and I'm beginning to cultivate new leads on girls.

This is the correct approach.

You cannot give your woman an ultimatum. Doing so reeks of insecurity, and it will verify that you are weak.

Instead, you must bargain from a position of strength. Live with independence and dignity, and **show your woman that if she fucks up, she is easily replaced.**

Be just a little less available. Show just a little less interest in her. Disappear without explanation for periods of time, and let her believe that you are playing the field and receiving solicitations from other women. If she is invested in you, she will worry that she is losing you, and she will re-double her efforts to prove her trustworthiness (i.e. by shutting down work guy). If she's not invested in you, then you're saving time and ridding yourself of a bad investment. Either way, you win.

A woman who is truly committed to you will mate-guard herself and shut down the advances of men. You only need to get involved if he lays hands on her or poses a similar physical threat.

ANGRY\_ATHEIST • 5 points • 14 May, 2020 11:16 AM

Jesus, where did all the endorsed contributors go around here.

"Some guy winked at my girl" -- "Oh yeah dude she's totally fucking him hard next bro"

/u/HumanSockPuppet here's advice is good, but it's pretty much run of the mill "you should be following this advice regardless of your situation" type stuff. In my experience, if a woman is cheating on you, she will not mention the guy. Trickle truth and lies will only come out if she gets busted.

This is probably a few things. She wants to humblebrag about how attractive she is, and she wants to see how you react to the news (shit test). If she was actually fucking this guy you would have never heard of him unless he was already in your social circle.

TheMistakesWeMake • 9 points • 14 May, 2020 01:32 PM

Nah man, they trickle truth this crap to ease their own dissonance. There's far more to this than she's letting on if what OP has stated is verbatim. She feels bad about something and is laying the foundation for deferring responsibility for it.

If she mentions him frequently, but in a negative/dismissive way, she's trying convince herself of something by convincing OP. You don't talk about someone you don't care about. Actions not words etc. etc.

beholdthemaverick • 18 points • 14 May, 2020 01:30 AM

When there is doubt. There is no doubt.

What drove you to post here isn't just the fact that she's talking to you about this guy (probably trickle truthing too), it's that you're wondering if she's doing anything in the first place.

The reason you're wondering, is because the way she has acted over time has given you the impression that she may or may not be 100% loyal to you.

OP, I'm not gonna say she's definitely doing anything. But if you're feeling doubt about the congruence of her words to her actions, that's for a reason.

That's your cuck defense check engine light blinking my guy

drsherbert[S] • 1 point • 15 May, 2020 02:05 AM

She hasn't been incongruent in any meaningful way with me so far. She's not smart enough to completely shield her emotions from me. I think she's trying to make me jealous and perhaps seeking my approval to fuck this guy. She knows I have other women pursuing me. I could have a bitch up the road sucking my dick at a moments notice and she knows that. I think she wanted to give me a taste of my own medicine. I invested my time in my LTR because she was the prettiest and best in bed. Plus, she's on the pill so I can go raw dog with her.

TheGirlGetter9000 • 116 points • 14 May, 2020 12:03 AM

Man, if your girl is attractive at all, this kind of thing happens all the fucking time. Literally all the time.

In the past week alone, I went to make a purchase with my LTR. Because she didn't want to meet up one-on-one with a random guy from the internet. Know what happened? After she bought shit from him, he spammed her phone with messages asking if I was her BF, if she was interested, if she wanted to add him on social media, blah, blah, blah. And I was there and she said maybe two words to this man. I handled the transaction. And that was one of two times THIS WEEK something like that happened.

You're looking at this wrong. If you're with an attractive girl, THIS HAPPENS ALL THE TIME. Get used to it or start dating uggos. Stop fearing the competition--be above it. If you're with a hot girl, you should ALREADY be above most of the competition. It shouldn't matter. Treat yourself like you're #1.

There will be rare instances where you need to put a guy in his place. I've had to a couple times myself. But by and large, most of these scenarios you don't need to concern yourself with.

LethalShade • 50 points • 14 May, 2020 05:12 AM

Are you guys all missing the part where his girl not only mentioned this guy from day 1 she started working with him but LITERALLY admitted to entertaining the thought of fucking him? Homeboy's relationship is over and is all downhill from there, usually, RP is on point with this stuff.

Have you guys been watching too much Netflix, is the Notebook being advertised more than usual?

[deleted] • 16 points • 14 May, 2020 06:07 AM

She's fucking him. This same story played out verbatim with a buddy of mine. "Just talking to a guy at work" and they were fucking the whole time.

OP, if a man touches your woman without her permission in a promiscuous way, this is one of those times. Especially in your presence. Doesn't mean fuck him up necessarily, but *put him in his place*.

beginner\_ • 24 points • 14 May, 2020 03:51 AM

CrackDaMarco • 14 points • 14 May, 2020 04:15 AM\*

Yeah, if she's also carrying your balls in her purse. Of course some women are better at asserting themselves than others, but I've had it happen to me where I was out with my then partner at a club with friends. She was talking to a couple of new people with some of our friend group, and one of the dudes in the new group started copping a feel of her ass discreetly while I was stood right beside her (obviously unaware that she was with anyone), and he didn't think anyone would notice - she assumed it was me at first as my hand was pretty much married to her ass on a daily basis, until I put the little creepy prick in his place.

beginner\_ • 2 points • 14 May, 2020 04:17 PM

I accept that in your very specific scenario it makes sense that you react because she obviously can't of she thinks you are "groping" her.

My reply was more to the more common scenario when the guy is flirting and being touchy to her. Which is very different scenario than some creep groping around at a club.

LethalShade • -1 points • 14 May, 2020 05:11 AM

If someone did that to my girl I would grab him by the throat, just gently enough that it wouldn't count as assault.

LethalShade • 1 point • 14 May, 2020 04:05 PM

Who would charge you for that and what is he gonna say? "Your honor, he grabbed me so violently and I felt my life being threatened?" whereas if you attack him and he can provide photographic evidence of injuries, you're more than fucked.

TheBlockedUser • 8 points • 14 May, 2020 04:55 AM

Only if the other guy acts flirtatious and showers her with attention.

This commenter is talking about forced touch/sexual assault. Then you will HAVE to act.

party\_dragon • 4 points • 14 May, 2020 10:26 AM

No, unless she's in actual physical danger, much better if *she* acts. She slaps the guy - she's gonna have 10 white knights immediately around her defending her. You slap the guy - you might be going down or having the police called on you.

TheBlockedUser • 1 point • 15 May, 2020 04:20 AM

Females tense up in such situations, you can't expect them to stand up for themselves.

And it's faggot of you to rely on white knights to defend your bitch.

And no, you will not be going to jail because you were protecting a female from sexual assault. Multiple people at the bar will attest to that.

party\_dragon • 6 points • 14 May, 2020 10:25 AM

The problem isn't someone hitting on your girl - you can't control that (and neither can she). The problem is your girl's reaction - does she immediately cut him off, nip the approach in the bud, or "entertain fucking him". She *can* control that, as can you - by nexting her.

Fabulous-Craft • 2 points • 14 May, 2020 12:46 PM

Apples to oranges.

Your scenario is a rando thirsty guy, which already disqualifies him as attractive, who she interacted with for 2 minutes.

OP's scenario is a guy she "mentioned day one", who she maintains a close emotional connection with at work, and spends a ton of time with. Not to mention she admits to not shutting him down.

spedoid • 78 points • 13 May, 2020 11:41 PM

I would say you have three possible options. Rookie, intermediate, and advanced. Which option you choose is strictly up to your level of confidence.

Rookie: pick her up from work and when you see the guy, just give him a stare. Say nothing. Give him a handshake and crush his hand during the handshake. Say "is this the fat faggot you were telling me about?" This path is a little insecure but if fatty is a pussy he will fuck off

Intermediate: Go thru her phone next time you see her. Search all apps, search her texts with keywords, social media. See if there's any communication between them. If there is, hard next the bitch.

Advanced: Tell her you don't care. Ignore the issue completely. Work on yourself, lift, talk to other girls. Make friends with other girls. Don't tell her about them but let her see that the cashier at the store finds you attractive. Subconsciously it will fuck with her big time. If she is chasing your validation she won't give a fuck about her faggy coworker. Flirting is fun and females love attention. If you're giving her too much attention it won't mean anything to her and she will seek it thru other sources. Dread game is goat. If she is jealous of other girls than she will be nervous and trying to please you.

What do you think?

[deleted]

Ill\_mumble\_that • 47 points • 14 May, 2020 02:51 AM\*

Small regular doses my friend.

Gotta be like a drug dealer with your attention to her.

Too much attention, she ODs and kills the relationship.

Too long of periods without any attention, she might find another dealer.

Regular small doses? Yeah you got her hooked. She will pay whatever you want to get her regular fix, and always want more.

She will keep coming back, keep craving that big hit, but you never give her the big hit. This means she is ALWAYS craving it.

/u/spedoid's final strategy is to make your drug the best shit on the streets and make sure she isn't your only client. When you have an abundance of clients, you get social proof, but more importantly you can afford to fire a problematic customer.

spedoid • 15 points • 14 May, 2020 02:56 AM

Everything you said is spot on. I would avoid being totally regular with your attention. Like even if you only see her once a week, switch up the date. Sometimes being unavailable is good. I would avoid falling into a routine. Women get bored way faster than guys do, so what seems like a chill schedual can make a girl feel bored as fuck. Definitely gotta find the right balance of attention giving and personal independence. The most important thing is that you are always growing and Improving as a man so she doesn't get complacent. You should be the prize she is working towards getting

Ill\_mumble\_that • 28 points • 14 May, 2020 03:20 AM\*

1 thing I should mention is mystery.

Regular small doses, but let her hamster fill the blanks between when she sees you.

Keeping her in the dark with vague details about your personal life will make her hamster come up with wild thoughts about what you are doing when she isn't with you. This is to your advantage.

There are lots of ways to make her hamster spin.

Let her talk about herself, be a good listener.

If you are a chatterbox that loves to talk, that is fine but for the sake of your dick talk about anything besides yourself.

When you do talk about yourself, keep it short and open ended.

Playfully flirting with women infront of her.

Don't be available when she calls or texts. Get back the same day but on your own time frame. Also, keep texts and stuff short and concise.

Be interesting. If all you do is play video games and watch TV, it will show. Juxtapose your shit up. Show up with a greasy shirt because you were working on a car and didn't have time to clean up for her. Memorize an extravagant recipe and cook a 5 star dinner, not for her, but just because you enjoy good food and you can. Read philosophy and be amazed at her inability to understand or keep up with any of it.

These are examples, not a guide.

Do shit, all kinds of shit. Don't tell her your life story. Let her hamster fill in the blanks.

Even if you are the most interesting man in the world your life story is shitty compared to life her hamster imagines you have.

Let her hamster fill in the blanks. She likes it better that way. She doesn't care about you, only how you make her feel. You're just a drug dealer for her emotions. AWALT

thesoloronin • 9 points • 14 May, 2020 06:57 AM

Dread game is goat. If she is jealous of other girls than she will be nervous and trying to please you.

**Competition Anxiety** is genuinely advanced skill. It's an either be-all or end-all strategy. Solid advice here OP.

f\_ck\_kale • 8 points • 14 May, 2020 03:03 AM

You cant be serious, how many times have you been knocked out trying that rookie option?

TheBlockedUser • 7 points • 14 May, 2020 05:09 AM

I think he was joking with the "rookie" advice.

ReasonablyGoodMexico • 3 points • 14 May, 2020 01:41 PM

Tip: if you do go for the phone, pay special attention to her friends messages. Side dick messages are a no brainer and are usually sanitized, friends chats, on the other hand, are usually not and women will tell their friends everything.

wowkwo • -30 points • 13 May, 2020 11:49 PM

This is good advice, other option is to befriend this dbag. Like go out of your way to meet him then invite him to something just you two without the girls.

Personal relationships have a way of diffusing threats.

HurricaneHugues • 31 points • 14 May, 2020 01:27 AM

That's some next level cuck shit. Guy is not your friend, and never will be. What are you gonna invite him out for? He's not your co-worker. You wanna bond with him over your girl? Man stop this bullshit. You shouldn't be giving anyone advice here

spedoid • 11 points • 14 May, 2020 12:08 AM

I would say that would be a good idea if he was someone on their social circle that was being rude to him. But it strikes me as really gay to befriend a guy to prevent them from hitting on your girl. Besides, he's only a threat if his relationship with his girl had problems, his girl is a slut, or the nurse guy is a Chad. You can only control the first part

wowkwo • 2 points • 14 May, 2020 04:59 AM

Yeah, this may be the wrong context for my advice.

I completely understand where you guys are coming from. At the end of the day, this is between him and his chick.

Whatever you do don't show any signs of jealousy. She fucks around on you then you drop her no if ands or buts.

thesoloronin • 1 point • 14 May, 2020 06:59 AM

I think the advanced part is that you let the guy know that *"I can befriend you because I'm a gentleman. But that won't stop me from fucking you up if you fucked up. Even. After. I. BEFRIENDED YOU."*

rplad420 • 4 points • 14 May, 2020 02:34 AM

Yes hes right, if you are *gay*

Raizzen • 2 points • 14 May, 2020 05:28 AM

Man, what a way to reward/validate the girl's hamstering.

"Oh you entertained the thought of fucking this dude ? Let me just befriend him real quick"

wowkwo • 1 point • 14 May, 2020 06:30 PM

I could be off base here, just thought it could defuse the situation.

My LTR is definitely the type to crave male attention

These are the types of women you *do not* promote to LTR status. Your vetting process should have picked up on this while she was in FWB territory and permanently disqualified her from further promotion.

What's the likelihood she ends up fucking this dude?

Doesn't matter. What matters is that it's just a matter of time. Eventually the right guy is going to hit on her at the grocery store, and she'll be putty in his hands.

What do you guys think I should do?

Immediately demote her to FWB status. Then spend time reflecting on how you made such a mistake in the first place.

thesatellite23 • 52 points • 13 May, 2020 11:25 PM

Set up a swingers date with you and her, plus her new boyfriend and his LTR. Except you could swing from her to her new boyfriend.

Seriously though, you sound overly concerned. She's trying to make you jealous. Just ignore. If you ever do find out that anything happens between them, drop her like a hit potato.

drsherbert[S] • 40 points • 13 May, 2020 11:27 PM

I actually jokingly asked what his girl looks like lol

TheBlockedUser • 9 points • 14 May, 2020 04:52 AM

That was an amazing ask.

downvotesanimals • 31 points • 13 May, 2020 11:48 PM

Not sure I agree. If OP's LTR is hot she must get hit on constantly. Her telling him about it this time may well be based in guilt or she's trickle truthing because she's having thoughts about it.

Still, hard to say.

69odin420 • 2 points • 14 May, 2020 04:57 AM

i agree. totally depends on how hot this chick is. If shes really hot then she probably cheated on you, otherwise she wouldn't feel the need to even bring it up because guys acting that way towards her would be pretty much a daily occurrence.

LethalShade • 2 points • 14 May, 2020 05:09 AM

Usually the responses are much harsher. Not only has she been telling him about this guy from day one but she literally admitted to entertaining fucking him??????????

OP step the fuck up although I predict your relationship is already done. Not done as it's over but like it's all downhill from there, you've already enjoyed the best time and she has already started losing respect for you and will continue to do so the more of this nonsense you take.

And this is coming from someone who thinks RP advice is usually too harsh but as someone who's been in a relationship and refused to listen to the advice, good luck, you'll need it brother.

AlpacaStrap • 5 points • 14 May, 2020 06:18 AM\*

“Ohh some dude at work is flirting with my girlfriend!”

Females play these mind games. This stupid shit shouldn't even affect you or cross your mind twice. If she cheats her loss.

But oh that's right, your girl is all you got. That's why you going on reddit making posts about the bitch instead of using your time on your purpose.

The lot of you motherfuckers are phonies. No sense of purpose that's why you give a shit about these females coming and going to the point of writing paragraphs on an internet forum. Because these females are how you define yourself. You use these bitches to fill your void from your lack of purpose, so you're dependent on keeping them.

Centering your entire life around these females, literally LIVING in their frame. Rationalizing it as “love” or some bullshit.

Make your purpose your main bitch. These bitches come and go. You shouldn't ever give a fuck to the point of worrying like this over some dumb ass mind game. if you do you got it ass backwards.

CrackDaMarco • 10 points • 14 May, 2020 12:07 AM\*

Well, for a start... He has nothing to lose apparently and obviously doesn't give a fuck. It's good that she was honest with you, and others saying it's to make you jealous might also be right, but how *you* personally handle that is what ultimately defines you.

Don't go and fight this dude. That's first and foremost. You don't need to beat on your chest like a fucking silverback. Just be aware that if you value this girl, and others do, you're still essentially competing in the sexual marketplace. There will always be challengers. So, it's up to you to be the best you can be - for yourself. Any feelings of jealousy or anxiety you get about this will act like a poison spreading within you, if you allow it. The best you can do when you feel anything close to those feelings is take them and use them as fuel for something productive; working out, going for a run, learning something new, playing an instrument or anything you can think of that will focus your mind elsewhere, and be worthwhile for you and your future. This may take discipline.

Remember: Your validation shouldn't depend on others, it should be dependent on your own internal self. If she cheats, accept it's happened, and then move on (However you choose to. I'd personally dump her, and then work on myself more for a while, then spin plates). If she doesn't, then cool. Either way, why worry about it? It's just your turn. Life goes on. Live it curiously, playfully, and with a sense of adventure, not in fear or timidity. This requires a stoic outlook, and a healthy sense of self. All of which can be achieved.

[deleted] • 6 points • 14 May, 2020 04:47 AM

It's good that she was honest with you

A big assumption.

TheBlockedUser • 1 point • 14 May, 2020 05:00 AM

"and others saying it's to make you jealous might also be right, but"

It definitely is. Females use this common tactic to create dread. Her adding the phrase - "He is fat" - could be a lying mechanism to shift blame from herself and her inability set boundaries.

throwawayandtossout • 9 points • 14 May, 2020 12:10 AM

Hmm, she feels bad, but didn't do anything wrong. Got it.

omega\_dawg93 • 9 points • 14 May, 2020 04:59 AM

2 things women will not admit to their man:

1. how many cocks they've serviced.
2. how often guys hit on them.

forget ever knowing the truth about #1... just forget that and trust me, you don't want to know the true number. but if your woman is HONEST, she'll admit that she gets hit on constantly... bc that's just how it is for women. all the alpha males, simps, friends, and orbiters hit on them if they're just average attractive. if she's really attractive, this is REALLY true for her.

women love attention... they crave it like you crave pussy. this guy felt he had a chance bc even though she says she didn't give him pussy, she truly is (or has) given him HOPE.

here's when she will cheat: when he gives up on the hope and withdraws his attention, she will either let it go or do something (fuck or suck) to get his attention back.

takewhatsyoursin2017 • 1 point • 14 May, 2020 08:46 AM

FrickOffAHS • 9 points • 14 May, 2020 01:34 AM

Otherwise not a big deal though, just another shit test

Tambamwham • 15 points • 14 May, 2020 02:00 AM

First of all bud. How do you think they got to that point? You think they went from zero to "hey my gf is cool if we fuck... she might even join." There is a metric fuck ton that you don't know and she's crossed plenty of lines with him behind your back.

This how I would handle it. Keep your mouth shut. When she gets home, tell her to hand over her phone. Fonelab is a good program for recovering deleted texts. A google search will show you how to recover data from apps. If she says no then show her the door. As for the guy... I'd tell my gf that she needs to let his gf know. Right now. And tomorrow we will be going to report him to HR together. If she says no to any of this. Once again.. wish her luck and show her the door.

VasiliyZaitzev • 5 points • 14 May, 2020 02:48 AM

You think they went from zero to "hey my gf is cool if we fuck... she might even join."

I don't know, I could get there pretty quick. But FTR I'm not trying to bang the OP's girlfriend

Tambamwham • 4 points • 14 May, 2020 03:36 AM

I'm talking about her. She made herself available as this moved up level by level of their "friendship."

boy\_named\_su • 6 points • 14 May, 2020 04:47 AM

A good girl tells him "I have a boyfriend. Leave me alone". She would call HR when he persisted. She doesn't even mention it to you

Your gf "feels guilty" and let him flirt with her. She didn't shut down his sexual behavior. She brought him up. She wants to be "friends" with him

You're not fucked yet, but you're pretty close. Time for Judge Dread

E9er • 5 points • 13 May, 2020 11:44 PM

idk man... happily ever after seem possible but i'm cynical and believer; she's not yours it's just your turn. benefit of the doubt she's loyal and it ends there's plenty girls turn down advances.

but this guy already has an eye for your girl. clearly she is not bothered by it. she's guilty it's happening not that it happened to her. she could have shut it down instantly but she gave in. HE knows this he wanted his foot in the door he got it he may have the door shut on him now. but he's there baybe. just waiting.

THE real question is: how long can she hold off???? that there is the real answer to your question. get that answer and you have your answer.

and you and me both know game knows game and when you got a target.

cut off some time with her and make the available time meaningful she probably has too much access to you and is bored you got what you wanted so you try less everyday except feelings grow one or the other has to go.

ev3rynightfireworks • 6 points • 14 May, 2020 05:42 AM

|She also told me he's kinda fat and that I'm much better looking

All I know is that this is not a good sign. She's feelin him my man, if shit hasn't gone down already. Not so much for the techniques here but why didnt you ask her why are you entertaining this.

Just ask her, has it not crossed your mind to just say thats inappropriate, I have a bf?

lolomotif12 • 4 points • 14 May, 2020 09:54 AM

1. She has openly admitted she entertains the idea of him wanting to fuck her.
2. She admitted she would fuck him because he is the best looking man at the work place.
3. You have already asked her if she has cheated on you, you are now in her frame big time.
4. She is doing nothing to stop this.

Sorry to break it to you but she is definitely not LTR material. I personally would next such woman or demoted to a plate at best.

SeasonedRP • 4 points • 14 May, 2020 03:46 PM

Despite what some others who should know better are saying, it's a major red flag, and you need to be lining up other options now if you don't have any. Their conversations are too detailed, too personal, for her not to be an equal and willing participant in them. Has she done anything with him? Who knows, but a woman who has these kind of intimate discussions with a guy at work isn't LTR material. She's done more than "briefly entertain" the idea.

drsherbert[S] • 1 point • 14 May, 2020 11:07 PM

I agree, but why did she tell me about it? Wouldn't she at some point have said nothing at all about the guy if she was trying to keep it secret? Is it her guilt? Does she want my approval? Wtf is this broad thinking? I know I wouldn't have said shit if I was either planning to or already fucked another woman.

Bone\_Coat • 3 points • 14 May, 2020 02:47 AM\*

I've been way too available to this woman for the past 4-5 months. Taking every phone call on her break and spending all my free time with her. Should I start ignoring her calls and distancing myself from her more?

I would say: yes, start ignoring her calls a little, spend time by yourself. follow the golden ratio: if your girl gives you 3, you give her 2 (your girl must love you, more than you love her)

sorry if context is hard to grasp, English is my second language.

edit: **from another post**- the Golden 1:3/2:3 ratio where you give a woman 1-2 things/actions for every 3 things/actions of her own.

alfred311 • 3 points • 14 May, 2020 03:05 AM

You cant plate a gf, hard next her. Remember that it's just your turn, who knows if the fat guy already fucking your gf, this what happens if you dont have abundance, you overthink and paranoia kicks in.

The fat guy has a game, he may be have a kid and a gf but who cares, as long as he can make your ltr smiles and giggles, thats all that matter. Lift and read and improve yourself, forget about her, focus on your mission in life.

69odin420 • 3 points • 14 May, 2020 05:04 AM

damn your girls cheating on you with a fat nurse. that must be a big wake up call. You will be in my prayers if I ever pray in the future (highly unlikely).

spartan\_samurai • 3 points • 14 May, 2020 07:04 AM

Plan your exit.

If she is talking about this guy for last 3 months and didn't negate his sexual behavior then do you really believe that no flirting is going on between them ?

She is enjoying the attention, the situation is not going to get better and will mess your head up more.

It's your choice at the end of the day to put up with this drama or call off a relationship.

Greaterbird • 3 points • 14 May, 2020 07:47 AM

How is her self control in general? Does she cheat on diets?

You'd *think* it would be easy in a relationship to simply not fuck other people behind the back of the person you supposedly care about, but apparently *some* people don't quite seem to grasp the general concept of monogamy.

bestsparkyalive • 3 points • 14 May, 2020 08:53 AM

It might be nothing at all. But she's fucking with your head and your frame by doing this. It's your choice wether to proceed based on your level of trust in your girl. To each their own. Do not come here and take most of these comments to heart. Do an honest evaluation of the situation. If you are able to and you need to get into her phone and check messages. As they say. Trust but verify.

D50HS • 3 points • 14 May, 2020 09:24 AM

If she had any sort of respect and genuine desire for you she wouldn't have "entertained the idea". You're getting cuckold. You know what to do

ASTRA-LUX • 3 points • 14 May, 2020 09:43 AM

I've been way too available to this woman for the past 4-5 months. Taking every phone call on her break and spending all my free time with her. Should I start ignoring her calls and distancing myself from her more? I just setup some dating apps and I'm beginning to cultivate new leads on girls. Am I overreacting to this whole thing? What do you guys think I should do?

What should you do? How about you cut her loose and move on.

If a woman isn't sure of herself and status as to let other men trespass her personal space with nonsense, I wouldn't consider her life partner material. A simple but swift 'Fuck off' would have sufficed yet she didn't.

She said, she felt bad because she didn't completely negate his sexual behavior and briefly **entertained the idea at the time**.

That's the reminder right there. Genuinely committed people don't behave that way.

[deleted] • 3 points • 14 May, 2020 10:56 AM

TheIndex • 3 points • 14 May, 2020 11:37 AM

"Hey so just FYI I'm thinking of fucking this guy a work"

That's not LTR material.

Fabulous-Craft • 3 points • 14 May, 2020 12:59 PM

My LTR of 18 months called me this morning saying she feels guilty.

That's how trickle truth always starts. An innocent admission leading to more.

She also told me he's kinda fat and that I'm much better looking.

Not a good sign. Just mentioning his attractiveness at all is a red flag. The only reason to bring this up unprompted is to try and deceive you.

If he's working as a nurse

uh oh. Does that mean your girl is a nurse? They are crazy sluts. Something about the stress of the job, being cooped up in scrubs and having off hours for more play time brings out the slut in them. Just my personal experience.

My question is, am I going to have to demote this girl to a plate eventually? Is this a major red flag? What's the likelihood she ends up fucking this dude? Do I have to go down to her job and fight this dude?

You catch her cheating you pretty much need to hard next her. And yes it's a major red flag, and honestly there is not much you can do about it other than maintain your frame and be vigilant to odd changes or nights out. Of course you could just next her too.

hawaiianboomerang • 7 points • 13 May, 2020 11:29 PM

bro just keep doing your thing and don't pay any attention, let her shut him down... she knows what she has to do..

now if it turns into him touching her and waiting by the car in the parking lot and other creepy forceful shit, is. he shows her nudes of his ltr cuz she's bi then I'd just smile and not tell her anything and show up at her work and talk to this fucking guy assertively and hint to him on fucking the fuck off

KilluminatiGotti2 • 3 points • 14 May, 2020 02:39 AM

NEVER fight a guy over a girl unless something spontaneously egregious happened, for example you were out for dinner and a random guy disrespected her honour. In this situation you described it's never ok to mate guard or fight a guy.

There's an old saying, don't check the pimp, check the hoe. With all that being said, this girl is giving major red flags and you need to lower your availability to her immediately. Become less invested and do it now. She

sounds extremely bothersome. Just going off what you wrote, it's sounds more like she's using this as a shit test/ego boost than an actual precursor to cheating, but at the same time never underestimate the likelihood of her becoming unfaithful either.

bakachelera • 2 points • 14 May, 2020 01:23 AM

Snowboard18 • 2 points • 14 May, 2020 03:42 AM

You only need to be worried if the dude is a player that can pull. If its just any old beta dude, you have nothing to worry about unless your ltr is drinking around them.

Just always remember its just your turn and abundance mentality.

coldestmichigan • 2 points • 14 May, 2020 08:03 AM

She didnt negate his moves when things between you are good. This is a typical cheating script in the writing for what would happen if you guys have an unrelated massive quarrel later on.

maverick9759 • 2 points • 14 May, 2020 09:09 AM

She has at least kissed him if not more and the hamster will try to put the blame on him for making advances or you for "not giving her enough attention" if that's so.. If one of those 2 things happen you should know she isn't telling you the truth. Also dread.. and for God's sake if you are in an LTR always keep one leg out of the door ready to leave at any moment you need to without any hesitation whatsoever.

zlodej87 • 2 points • 14 May, 2020 09:51 AM

Your post radiates insecurity plus you give her too much comfort. And she saying that you're better looking than him is just her way of giving insecure you comfort you crave, while it should be the opposite. Regardless of what happens (has happend) with this particular guy, you have lost this one.

BusterVadge • 2 points • 14 May, 2020 11:48 AM

. I asked her if she did anything with him and she said no, which I do believe right now.

If she's bringing this up to you, there is more. Every girl who's not morbidly obese or looks like hammered shit has men hitting on them constantly. Your girl has for sure had men hitting on her since day one of your LTR. Something happened with this guy to make her want to bring this specific instance up to you.

Something is up.

I know there are 100 other posts saying the same thing, but count this as a vote of "you need to pull your head out of your ass, OP".

You're insecure and you need to fix that primarily.

1. You should have already been cultivating multiple women in the first place.
2. She may monkey branch, and that's just life.

Get more chicks and realize that she's not yours, it's just your turn.

He fulfilled his biological purpose plus he's Chad enough that his gf is okay with other women joining them. He's displaying adventurous and alpha behavior to your LTR and she's been eating that shit up the entire time. Your whoe of a "gf" is gone dude. Her mind is elsewhere. 3 months at a job and she can't even guard her rep as a girl who's in a relationship. Jesus Christ, it's like you need to keep this bitch on a leash in your basement so she doesn't start sucking random dicks. She just can't help herself.

**"My LTR is definitely the type to crave male attention from what I can see and I'm sure she was flattered by the fact that this guy pushed up on her."**

Christ, it's like you clowns enjoy loaded gunpowder kegs blowing up in your faces. She's a whore that craves male attention. Where are your standards? You're not special. You're not gonna magically turn this floozy into a saint. Get it out of your head that you're special and that women will change for you. Have some self respect and some standards. flying-backflip • 1 point • 14 May, 2020 05:08 AM

There's no such thing as "demote to plate". The armchair womanizers here are dreaming if a woman in an LTR is just going to be okay with suddenly being nothing more than a fucktoy. There will be a confrontation.

D50HS • 1 point • 14 May, 2020 09:47 AM

I don't think the confrontation matters that much. The real problem is that by demoting her to plate you're still rewarding her by wasting time and effort on a cheater.

Are you still fucking her? If yes no worries. If no then leave.
