

Cheap Places to Take Girls for First Date

Before the whole world was shut down, what were some of your favorite places to take girls for first dates? I usually do drinks or coffee but need some more ideas after quarantine is over

first dates should be low effort bro. don't overthink it

babybopp • 51 points • 28 May, 2020 08:42 AM

Dude is going to pay... first mistake

Wave94 • 3 points • 28 May, 2020 09:17 AM

Curious you wouldn't buy on the first date?

AndrewAAA72 • 27 points • 28 May, 2020 09:26 AM

Depends if its couple of beers at a dive bar or a coffee date you can pay. But if you are on a date at a fancy restaurant with a women who has a fulltime job just as you have, you should split the bill.

btrpb • 61 points • 28 May, 2020 10:19 AM

Who the fuck does dinner for a first date? Too much time and effort investment, let alone money. Walk, coffee, or drinks. That's all I ever do.

abhi_07 • 25 points • 28 May, 2020 11:56 AM

Who the fuck does dinner for a first date?

Beta chumps?

[deleted] • 15 points • 28 May, 2020 11:58 AM

I have one day per week where I'm free to go out and relax, 9/10 times I'll pick somewhere that does food because I enjoy eating out. Burger and a pint kinda deal. I'd rather cancel the date and still get my burger than go on a walk with some girl.

idevastate • 4 points • 28 May, 2020 12:57 PM

That's actually very reasonable for you, how good is it of a first date scenario for you? Is it successful?

[deleted] • 3 points • 28 May, 2020 01:57 PM

It's great. The place itself is quite impersonal, benches and couches rather than 1 on 1 tables - has that rustic feel to it places go for nowadays - whilst being quiet enough on a weekday for you to sit and chat. Plus it's happy hour after work and I love a pint haha

millennialprincess • 4 points • 28 May, 2020 02:49 PM*

If its night time then coffee is inappropriate and taking her to a bar on an empty stomach has Predator written all over it. Try ice cream.

TheMainGerman • 1 point • 28 May, 2020 03:27 PM

This is great advice. ^

JohnNoomer • 1 point • 29 May, 2020 01:29 AM

People who aren't poor

No worries if you think a dinner takes effort you probably don't have the effort to make any money

Wave94 • 1 point • 28 May, 2020 02:32 PM

True true

cockkksucker • 2 points • 28 May, 2020 09:26 AM

first dates, the cost shouldn't even matter. newbs need to fix their mindset tho, ur the prize, don't worry ab wining n dining these hoes

babybopp • 4 points • 28 May, 2020 09:57 AM

Once u set that precedent that u will pay, u have already lost. Pay on the third date never the first.

cockkksucker • 7 points • 28 May, 2020 10:17 AM

hard rules are good for newbs, not all first dates are ltr's. play the game dude

E9er • 0 points • 28 May, 2020 02:36 PM

it's a learning curb. new guys haven't shaken of BP fully and barely understanding RP.... they don't know what's good or bad for them yet. so doing the bad still seems normal. been chivalrous and courteous are been used wrong.

Blazer808 • 32 points • 28 May, 2020 11:21 AM

A swimming pool, make sure to push her in the water to check out her natty face /s

CrackDaMarco • 63 points • 28 May, 2020 05:04 AM

Their bedrooms.

EnemyAsmodeus • 14 points • 28 May, 2020 05:40 AM

This seems a little suspicious kind of reddit comment... What if they take me prisoner and rape me?

CrackDaMarco • -4 points • 28 May, 2020 05:45 AM

Then you're winning.

[deleted] • -25 points • 28 May, 2020 06:45 AM

She raped me and five minutes later I was like okay do it again.

juliusstreicher • 0 points • 29 May, 2020 07:06 AM

If you have to ask, you're a homo.

a-large-L • 35 points • 28 May, 2020 05:25 AM

Smoothies, snow cones, frozen yogurt, literally anything you want to do

cafeitalia • -5 points • 28 May, 2020 12:31 PM

Are you 15? Meet her in a cafe or a wine bar. Wine bars are always good. Or if you can prepare her well enough she can come to your place and cook some dinner for you.

stilldoingit0924 • 4 points • 28 May, 2020 12:40 PM

Never done wine bar but going to try it now. I usually have girls over and suggest we cook together and get to know each other, high success rate.

E9er • 7 points • 28 May, 2020 02:39 PM

that's dangerous if you aren't bill splitting and she knows her wines. my buddy made the mistake of taking a napa valley connoisseur to a wine bar thinking he was smart.. she ran the bill prettt high... he got smash but we told him an escort would of charged you cheaper at that point. so heads up man some wines ain't cheap. if you order for her the whole time you could be safe but up to you.

badjoke88 • 2 points • 28 May, 2020 02:11 PM

i mean he answered the question, he doesn't know what age OP is.. It's a great idea for teenagers imo

a-large-L • 1 point • 28 May, 2020 08:48 PM

Doesn't matter their age, do what you want to do and be righteous about it. I haven't had a snow cone since middle school but god damn it if I want to get one some day and I feel like inviting her along, I will.

Also, fuck "meeting" anywhere. I plan shit out that I want to do and invite them along.

GraphiteIsInPencils • 1 point • 4 June, 2020 04:25 AM

when_its_too_late • -8 points • 28 May, 2020 02:03 PM

KnightBlue2 • 4 points • 28 May, 2020 04:32 PM

Wendys kinda slaps tho

awihsoj • 13 points • 28 May, 2020 09:09 AM

Ice skating is always my go to. it's never boring especially if she doesnt know how to skate. that way, you can teach her and it involves alot of touching so you get that boundary out of the way. You'll probably spend about 20-30 max and it doesnt seem too try hard which will make her intrigued to see what you have to offer next time.

Any free museum or exhibit. Say "I've been wanting to check it out"

After that any quick bite to eat will do

ToldYouNotToWorry_ • 10 points • 28 May, 2020 05:40 AM

sure, if you want her anti-slut defense to be through the roof

redpilledfox • 7 points • 28 May, 2020 07:00 AM

Why would it?

ToldYouNotToWorry_ • 20 points • 28 May, 2020 07:55 AM

museum/dinner is a try-hard for me, go for a regular coffee/drink and work from there
you want to fuck her (hopefully), and she wants to feel you, while you're showing her some shitty exhibits she's getting texts from guys that would gladly exhibit her ass on their bed
if you're really insisting on museum, go for a bar nearby and visit museum "spontaneously" after, don't make it a main date
unless you actually meet a girl in a museum that's actually interested in that

93_93_93_93_93 • 9 points • 28 May, 2020 09:48 AM

and she wants to feel you, while you're showing her some shitty exhibits she's getting texts from guys that would gladly exhibit her ass on their bed

Just because you're attracted to low-IQ women doesn't mean a museum isn't a great first date for gaming sophisticated women.

There's room for all kinds of players in this game, and I appreciate ones like you thinning out the dumb ones for me.

ToldYouNotToWorry_ • 19 points • 28 May, 2020 10:20 AM*

ahaha, sophisticated woman are horny just as any other "trashy" woman

in fact, many times she's even more down to fuck especially if that's what she's after, because she has more to offer and has more in her life except dick right now, unlike trashy who's keeping that sex card like it's her only thing she has, and it mostly is, so while you're boring her to death with museums and putting her on a very fine sophisticated pedestal, she's gonna turn on anti-slut defense, give you a very nice promise of second date where you *just might get lucky* ;) and fuck off to some other guy who treats her raw like garbage in the middle of night to have all her holes filled

regardless on sophisticated or not, they all function on emotions

edit: treat sophisticated women as trash take them to the cheapest bar and make it fun she's gonna love it, and take trashy low women to "museums"

jaw8625 • 6 points • 28 May, 2020 12:47 PM

This. I've noticed the more sophisticated types are much easier. Being that they have full minds and lives they are able to compartmentalize sex easily. At first, at least. These are the same types who get widowed if you give them good dick because believe me, their grad school gender studies PhD candidates aren't throwing much of that around.

As far as the "might just get lucky" behavior (nothing makes me sicker) I should note though that several times when I was vetting for LTR, I turned this game around on one of these more sophisticated women. Because we had so many topics to discuss, and I kept inviting her to do these kinds of "museum" type dates, she became visibly confused as to whether I was actually interested in her sexually. I let the frustration build until she was right before the breaking point. Suffice to say when I finally kissed her we had sex for about 3 days straight

for_unpopular_things • 2 points • 28 May, 2020 10:04 PM

this is the way. Nothing shows abundance/independence like literally not caring

whhoa • 1 point • 29 May, 2020 02:25 AM

Not bad advice, but this is hard to fake - there is a thin line between this and coming off as being unable to escalate. Any noobs don't try this unless you know what you're doing

93_93_93_93_93 • 4 points • 28 May, 2020 10:37 AM

so while you're boring her to death with museums and putting her on a very fine sophisticated pedestal

Your constant framing of museums as boring and projection of how well-read and informed men conduct themselves in one makes it painfully obvious that you are intimidated due to your own lack of self-development and knowledge in this area.

Like I said: I appreciate you knowing your place and your limitations. Makes it easier for everyone.

ToldYouNotToWorry_ • 6 points • 28 May, 2020 10:46 AM*

dude why are you taking women that you haven't found in museums to the museums? museums require higher knowledge of either history or art or culture and therefore putting her on the spot and challenging her intellectually, why are you making it more difficult for yourself? And for what, just because of your illusion that she's sophisticated? If it's a first date, you don't even know this girl.

And even if she is, it means a fuck's nothing, because she's not into being intellectually challenged but emotionally

93_93_93_93_93 • 3 points • 28 May, 2020 10:55 AM

museums require higher knowledge of either history or art or culture and therefore putting her on the spot and challenging her intellectually

This is a beta mindset.

I use museum trips as an opportunity to teach, lead, nurture and challenge - all aspects of a truly confident and alpha mindset.

if it's a first date, you don't even know this girl

That's cute. So how did I get this first date without first screening and qualifying that they are worth my time?

Once you've graduated past picking up girls whilst bouncing ping-pong balls into red solo cups, you'll see that what you've written is incredibly ignorant and short-sighted.

ToldYouNotToWorry_ • 8 points • 28 May, 2020 11:05 AM*

I like wine, there's a good and various wine production in my region, can you imagine me taking you to the wine cellar, out of the blue, to talk to you next 2 hours about wine, grapes, barrels and all the small sophisticated details?

and if you're not impressed and enthusiastic about meeting me again does that mean that you're low class and stupid? no. you're stupid for other reasons, mainly your annoying smugness. but I can't blame you for not being interested

and excited in something niche and not looking at me in awe as you were all night trying to look "smart as me" pretending to be interested but secretly wanting to have your dick sucked somewhere else, you went out to have fun but here's this guy boring you to death with years and names of people producing wines, same thing goes for you and museums

so here you are, teaching challenging and "nurturing" (wtf?) her all night lol, busting her balls like she's in the Who Wants To Be A Millionaire and suddenly you want to get your dick wet, because you deserved it right? You're such a smart cookie, you must have deserved it by now. One moment you're a Mr Professor Sophisticated and in another out of the blue you want to do wild stuff with her ass? I don't think so. You have already painted yourself as that guy. After all that's not you, that's beneath you, you're the guy if she holds it long enough that's going to take her to museums, operas, dinners, you're gonna fuck when you deserve it and exhaust yourself mentally for some idea of "high class" pussy.

do whatever you want and make it you you, but in general it's a really stupid idea, making things way more difficult than it needs to be

rad_dynamic • 1 point • 28 May, 2020 09:54 AM

People on here have no game and don't realise how easy it is to fuck birds by being dominant and reading between the lines.

rn7889 • 10 points • 28 May, 2020 10:50 AM

Dude, idk bout you but I'm here to fuck women, not birds.

rad_dynamic • 2 points • 29 May, 2020 02:07 AM

UK English for attractive female. Don't be a retard

whhoa • 1 point • 29 May, 2020 02:27 AM

Whats an example, in your view, of reading between the lines? Knowing when to push pull?

rad_dynamic • 1 point • 29 May, 2020 02:52 AM

It's pretty easy. Just imagine a girl is always saying two things. The thing she is saying and the thing she means. You always want to cut into what she means rather than replying to what she is saying.

Girls are full of contradictions.

For example, she says she is extremely bored and all her friends have cancelled her plans but is still saying she doesn't want to meet up. With a bit of probing you could find out that she is actually just on her period. And, if you don't mind, simply telling her "oh it doesn't gross me out, just put a towel down" shows maturity and excellent communication skills and her legs will open up for you that night - "You just know"

An example right now from my Tinder. I tell a girl that I'm going back home soon then she asks me where am I from (first proper investment from her part). This sort

of signals that I'm just going to fuck her and then leave going into the hills so she is checking if I'm local. With a bit of reassurance, I told her that I was coming back in a month or so and wanted to know if we had chemistry now and if so I wouldn't mind keeping in contact whilst I'm away from her city.

Push / pull is just saying one thing and then saying the opposite a bit later. You give her a compliment on her eyes. A few minutes later you could say "Stop looking at me with those eyes!"(pushing her away). You can say any two things that are contradictory, either in the same sentence or over the course of the evening.

Really basic examples: I don't like you! Are you free this week?

whhoa • 1 point • 29 May, 2020 02:56 AM

Got it, makes a lot of sense. Thank you

ev3rynightfireworks • 2 points • 28 May, 2020 03:34 PM

Why don't you enlighten us then

rad_dynamic • 1 point • 29 May, 2020 02:07 AM

Learn game from YouTube videos. TRP is NOT game. You need both.

GraphiteIsInPencils • 1 point • 4 June, 2020 04:39 AM

Bad idea. Nothing dries up a girls pussy faster than making her walk around all day reading facts about dead people.

It's not that she isn't "sophisticated" enough to take to a museum. All mainstream museums are made to be family friendly and easily digestible by the public. It's just not some place you take a girl you barely know to.

It's boring to women. They lack the type of curiosity and interest that men have.

Rapp5601 • 14 points • 28 May, 2020 06:00 AM

Chipotle, gotta get them gainz

spartan_samurai • 12 points • 28 May, 2020 06:54 AM

ev3rynightfireworks • -1 points • 28 May, 2020 03:27 PM

So boring

rad_dynamic • -16 points • 28 May, 2020 09:56 AM

Park? Lmao kinda creepy imo. Just invite her over to yours. Shit tests? Pass them. She'll show concern. Make her not worried.

Udiditbroo • 28 points • 28 May, 2020 10:35 AM

How is inviting her over to your place less creepy than a public park?

rad_dynamic • 1 point • 29 May, 2020 02:21 AM

Dunno man it's 2020 what's wrong with straight to yours? If you make her feel comfortable with the idea she will happily comply you just need to have a strong frame and get her to invest

Walk in the park paints a creepy murder scene scenario imo. Depends on the park I suppose.

It's a good last option if the frame battle over text is very strong(your place or hers) you can offer to meet halfway at a park.

The goal is to not get her to "feel less creeped out" but instead go to a place where sexual push/pull can happen if the chemistry is good.

A good social media account will verify that you're not a creep. If the number is from day/night game, then she's already met you and doesn't need further reassurance.

This is the difference between the guys who fuck 3-4 new women a week than to those who struggle to spin plates. Don't fuck about, everyone is adults here.

jm51 • 7 points • 28 May, 2020 12:07 PM

Mid week, I like casinos. In the UK, you get your photo taken on the way in. Stops any serial killer vibe she might be getting.

ime, the food and drinks are reasonably priced considering the opulent decor. The larger casinos give plenty of opportunity to keep changing 'venues' within the venue.

Not a great date on the weekend. Too many people in a hurry to empty their wallets.

MrAnderzon • 10 points • 28 May, 2020 01:21 PM

That serial killer vibe and her being comfortable is overlooked here on the sub. That's genius you take to her the casino that takes your pics. I would do the same if I had that around my part of the world.

If she's not comfortable. She's not doing anything with you. It's our job to ease her worries and lead.

CrackDaMarco • 8 points • 28 May, 2020 05:46 AM

Truth.

CareIsMight • 6 points • 28 May, 2020 09:00 AM

A walk through a park with a takeaway coffee or a cheap \$10-15 meal. You don't want to overthink it. I

remember I took a girl out to a \$100 per head restaurant (we were both working in hospitality and knew people who worked at this restaurant), but I could've had just gone to any little cheap takeaway and would've had the same result/outcome. We've been together for 2yrs now. But yeah, if you don't feel like spending too much you can just say something like you've already ate, or you're dieting for something, or you have a strict eating routine because you're working out, etc ... Those small White lies won't hurt you.

ndestruktx • 8 points • 28 May, 2020 07:33 AM

Trail run or hike.

MrAnderzon • 3 points • 28 May, 2020 01:18 PM

Try not to have any type of food centered first dates but small snacks and finger if any. Keep it light.

You want the attention on each other not the food. Which is why any type of beverage is ideal for first date. Cafe or some type of bar.

K.I.S.S = Keep it simple stupid

cydestiny • 5 points • 28 May, 2020 09:21 AM

smhfamswag • 4 points • 28 May, 2020 08:21 AM

your crib, its 2020 we not doing dinner dates anymore lmao

nah, but really, the park, go ride some scooters or something. or get some coffee, nothing more than that tho.

ideally you do just wanna be like "yo come over lets watch a movie".

jsphere256 • 3 points • 28 May, 2020 02:53 PM

A lot of chicks I know are weirdly obsessed with Chik-fil-A so if you buy her a chicken sandwich she'll prob be DTF

MGTOW_BEASTMODE • 4 points • 28 May, 2020 03:16 PM

Park and cannabis.

Or better.. take her swimming so you can see her with little makeup and she can see your shirtless sculpted body.

KillaJewels • 2 points • 28 May, 2020 11:16 AM

Drinks or coffee are good ones. Make sure it's close to pull spot. Anywhere free is good too. I'll take em to the park, a nice furniture store like Restoration Hardware or the Container Store (if you're in the states).

They're unique, free, easy to bounce from at any time and most importantly fun. The bonus is you get to test if the girl has an entitled attitude (i.e. doesn't do free dates).

Most guys would go all out on first date, dinner, movies, etc.

moto101 • 1 point • 28 May, 2020 03:05 PM

Get a pizza and eat it on the beach or in the park.

boy_named_su • 1 point • 28 May, 2020 03:53 PM

coffee w walk. then drinks. then drinks at another bar. then back to your place for something "innocent", then escalate

Red_Pill_Brotherhood • 1 point • 28 May, 2020 05:23 PM

Drinks and coffee are fine. Even cheaper is a walk in the park or on the beach and the cost is \$0. The key is being low investment. This is even more true if you're going on a lot of dates.

GunTotingFarmer • 1 point • 28 May, 2020 06:59 PM

axiscontra • 1 point • 29 May, 2020 02:40 AM

Somewhere, where none of you have to pay, is always the best first date. I love the famous meet at a park and take a walk. a free simple museum or exhibit, maybe a walk by the harbor or city event. I usually like to do it in the evening, so if I feel like escalating we can go to a more intimate place like a quiet bar or somewhere we can be alone.

The next date is at your place, or some where you can escalate intimacy.

I quarantine dates, to hiking spots and trails. I pretend we can "social distance" just to be safe lol. I always joke and say just dont cough on my face or something like that. Then we can isolate together haha

Snowboard18 • 1 point • 29 May, 2020 03:48 AM

One step above fast food. Like a quick hibachi place where you can sit and eat it there.

Bungee • 1 point • 29 May, 2020 04:11 PM

1. drinks near your or her place
2. a walk close to your or her place
3. if you strictly don't want to fuck on first dates even if she begs you for it, then wherever you please, but keep it short, just to see if you like her
4. your or her place if you want to risk it and can pull it off via texting

[deleted] • 1 point • 29 May, 2020 09:37 PM

A good first date idea is whatever the fuck you where planning to do on that day, but with a girl.

dzkkne • 1 point • 30 May, 2020 02:04 AM

Picnic in the park. Grab some drinks at the shop on the way. Don't come overly prepared. Tell her to bring a blanket for you two to sit on

McLovinReturns • 1 point • 28 May, 2020 08:44 AM

How romantic

If you must, then hiking is a good option, tell them to bring something to eat, if she flakes you still enjoy the outdoors and the workout.

E9er • 1 point • 28 May, 2020 03:00 PM

i think going out to eat is one of the best and cheap. nothing high caliber something simple. in-n-out or shake shack get a nice burger and a convo. 2nd date this time she pays! you can gauge her. if you don't move on you still got a good burger.

by third split and split! done! i just recommend have fun set the tone. if you look like a good time doesn't matter much what you do really. real key.

(had a friend who had a trophy truck. would take some girls to the local laundry mat play arcade game with monster trucks and have them play too. he be like if i beat you we go on a second date if you win you get a prize. 2nd date would be a ride on his truck. her prize? ride on his truck. man won either way!!!) smart1

Your place + a bottle of wine.

Really not that strange in 2020 with tinder and hookup culture.

Still vet, chat shit, flirt, have fun. If there's no chemistry? Just kick her out or let her go lol. Onto the next

Picnics. Bottle of wine, cheese, good view, good company.

Ilvalmonds83 • 4 points • 28 May, 2020 12:46 PM

I don't know why people are downvoting this.

Picnics with store bought alcohol and finger foods are low cost but high in creating a great dating ambience similar to a fancy restaurant.

The OP wanted low cost date ideas and this is a valid, low cost, and fairly easy date idea to pull off.

If you're downvoting because it shows "too much effort", I imagine that same mindset is holding you back from getting any recurring dates with desirable women. Nothing wrong with going higher class (while keeping costs low) on a first date.

CasaDeFranco • 1 point • 28 May, 2020 02:36 PM

I understand the downvotes, but honestly, most women are impressed by it and it usually converts much higher than my other date ideas. I live nearby by the water so logistically it works well too.

What effort is there, I bring a bottle and ask her to bring her favourite cheese. Where I'm living it's one of the most popular date ideas.

"Im going for ice cream at x time. Meet me there"

SkillfulSully • 0 points • 28 May, 2020 01:00 PM

Cooking if you've know her for a while. Very romantic and sets the mood

Detin • 0 points • 28 May, 2020 01:46 PM

Ice cream, coffee, park, bar, etc. Should be low effort and the main focus should be your interaction, not the event. Midway through plant a seed about going back to your apartment to watch Netflix or something non-sexual to not trigger ASD. At the end of date suggest it and lead the situation and you're set.

There was a post about this in here with all the types of dates

First dates should almost always be coffee

OptimalMale1 • -2 points • 28 May, 2020 08:31 AM

Starbucks! They love that stuff

MrAnderzon • 1 point • 28 May, 2020 01:23 PM

Starbucks is nice as a Plan C but not the main attraction.

Lacks originality.
