Heres a hypothetical situation. If an LTR mentions that she is hanging out with another guy, what do you say? I know that you should ghost but how do you set your boundaries?

Context matters. Is she hanging out with an ex boyfriend at his house at 3 am? Is she meeting with her banker in his office during normal business hours?

If you don't want to date a girl who hangs out with other guys one-on-one, then you vet for that before you LTR her.

All I can say is I was that another guy and I banged the girl.
