

WhY DoN't YoU DaTe WoMeN yOuR oWn AgE?

June 30, 2020 | 187 upvotes | by [sarajaythegoat](#)

Recently, it's become a trend for people to criticize men that date younger women. I see this particularly on the cancerous Twitter.

This is a question I always seen on there; WhY DoN't YoU DaTe WoMeN yOuR oWn AgE? I've also seen people say, "If he can't date someone his own age, then he's the problem."

This is 100% horseshit. I'm a 22 year old guy, and ALL of my iois and matches come from 18/19 year old women. They've also been the easiest to game not because I'm manipulative or that I take advantage of their naivete but because THEY make it really easy for ME to hit. 22 year old women that I know are fucking the ballers, dope boys, late 20s/early 30s guys, or Chad/Tyrone because they're in their prime. More importantly, I also imagine it's also because women my age make it super easy for all these dudes to fuck.

It's so amusing to see the lack of self awareness from these Twitter/Reddit idiots.

You will notice this more when you hit your 30's and a lot of it is from reject girls that no one would want to marry, they think that its unfair that they passed there 20's by being a shooting gallery for every guy in town and wonder why they never got "lucky" enough to be married or trap one.

Personally I date girls in their young 20's because most of them that are worth a shit are off the market by 27, they all know that by 30 nothing on their body is going to be where it should be. Honestly, the girls that are 20ish get just as much out of it as the guys, we go on real vacations, eat at nice restaurants, they like the money and attention from a guy that has done something with their life.

Dude don't take twitter seriously. It's a far left cesspool of victim mentality, simp energy, and identity politics.

None. Do something productive.

...as I post on Reddit.

Women in their late 20s and 30s shame men their age for dating younger women, but I can almost guarantee you that they were fucking older dudes when they were 24. Delusional.

Joey_Lopez • 16 points • 30 June, 2020 06:12 PM

Yes they were. I remember they used to get with the older guys that had the nicest cars.

19 and 22 is the same age

absolutelynp • 34 points • 30 June, 2020 07:23 PM

Honestly tho haha. I came here to get some insight as a mid 30yo who has a date with a 20yo on sunday. Its the first time so wouldve been nice, but then I saw the "age gap" lol

[deleted] • 27 points • 30 June, 2020 07:34 PM

Tbh America is FAR more strict on age gaps than anyone else in the world.

I fucked 16 and 17 year olds in my early twenties. No fks given.

People don't like it when things are unfair. It is fundamentally unfair for a woman that after age 30ish she loses the ability to compete with younger women. There is literally nothing she can do about this. She can't roll back time, she can't game with confidence, etc. She has to adapt to her new reality? Does this seem fair to you? No. It's completely and utterly shitty. However, us men cannot help that we are more attracted to younger women. So older women attempt to shame men about their preferences.

This is why I don't get mad at women for not wanting to date short guys. They cannot control their preferences. What you CAN control is how shallow you are or how mean you are. I'm never mean to women I'm not attracted to.

When people, especially guys, get funny about guys dating girls younger than them, it always rings alarm bells for me. A case of "methinks the lady doth protest too much".

In other words, even if you're in your late 20s/early 30s and dating say, a 20 year old, and someone gets really defensive and angry over it saying it's wrong, that person probably needs their hard drives checking....

It's happened for millions of years. Wealthy men (who are usually older because wealth doesn't come fast unless you're a drug dealer) date younger women. I remember roasties were complaining about Drake fucking a 18-19 year old despite the fact that both of them are consenting adults.

Give me a break.

amwfhunter • 21 points • 30 June, 2020 07:10 PM

I can date whoever I want. I ain't no pedo though. Thats all that matters.

inbredostrptw • 4 points • 30 June, 2020 07:54 PM

Probably cuz no one wants to fuck they're fat wine drinking asses. It's all good. You're enjoying yourself? Then keep going.

Women seem to like older guys, nothing is gonna stop that. I'm tryna be that 22 yo chad fucking the 22 yo's. Even at 19 I've had some good run ins with women older than me.

sasakuowo • -24 points • 30 June, 2020 07:30 PM

22 with a 19 year old is fine but if you're 27 dating an 18 year old like this one guy I know you're a weirdo

BloodSurgery • 12 points • 30 June, 2020 07:32 PM

Why?

sasakuowo • 16 points • 30 June, 2020 07:33 PM

fucking them i can understand but if you're LTR'ing an 18 year old as a 27 year old you're a loser, needs no explanation

DBOLandDECA • 25 points • 30 June, 2020 07:54 PM

Alright, you saved it with this one. If an 18 year old isn't annoyingly stupid as fuck to you, something isn't right.
