Desire cannot be negotiated.

willywantsit • 77 points • 12 December, 2018 04:47 AM

I learned it as, 'Attraction is not a choice'. Classic DD.

mickey__ • 7 points • 12 December, 2018 11:53 AM

But isn't this the point of game, making them attracted to you if they are on the fence?

redbananaboard • 65 points • 12 December, 2018 01:06 PM

No, that's not the point. The point is that you turn yourself in the best and most powerful version of you, pussy is just a by-product of the badass man you become. TRP isn't about gaming bitches and the game itself isn't about bitches, that took me some time to process.

mickey__ • 3 points • 12 December, 2018 01:26 PM

Ok, can you tell more about it?

redbananaboard • 35 points • 12 December, 2018 02:16 PM

Sure, homie. It's all about self develop, you don't do XYZ to "get" the girl you do XYZ because it makes you happy, it gives your life meaning, and when you are living your life like that. Mind, body, spirit, finances all align to turn you into an unstoppable force of nature amazing shit happens (biz, quality girls, social circle, money, opportunity). Game becomes your natural state and people (not only girls) notice. that's my personal definition of game based on what I read and experience so far. The more powerful you become and the happier you're with your life the less you need think about pick up strategy, what to write to this girl, how to approach and shit like that. Hope it helps brotha, cheerio.

t_jones730 • 12 points • 12 December, 2018 05:07 PM

Best summary of TRP I've read in a while. PUA is a shortcut. TRP has no short cuts. This is what makes the Pill so bitter. It takes time and a whole lot of effort to develop. It's really about self efficacy an self development.

There's a lot of people on here who espouse shortcut methods.

redbananaboard • 2 points • 12 December, 2018 07:16 PM*

Thanks brotha, it took some serious reading, thinking, and testing for me to reach that understanding of TRP. I agree 100% with you, there's no shortcut to be the best version of yourself is a life time journey, and you know how it is, everybody wants to go to heaven but nobody it's willing to die.

Wolveryn • 5 points • 12 December, 2018 02:31 PM

Knowing the rules to the game gives you a huge advantage, and you can most certainly position yourself to maximise your chances, for a basic example, simply knowing about 'social proof' and why having options of other women make you much more desirable to any particular women is

good knowledge to be aware of...

It changes your patterns of behaviour... instead of focusing on one women, you be friendly/alooof with many women, you fuck and enjoy many different women, and you show no interest in commitment (ideally ever) all the while mainly investing your time improving your own quality of life.

Fuck bitches, get money.

missingkey2 • 1 point • 12 December, 2018 03:39 PM

Experienced this last week or so. Met a girl at a night venue and she seemed into me. Past me would have shot myself in the foot by saying stupid shit or giving too much attention. Instead I just isolated and proceeded as someone game aware would do. So game is two things -> 1. Not shooting yourself in the foot. 2. Knowing what to do next. But, they have to be attracted to you first. Your game can't really change that much.

[deleted] • 4 points • 12 December, 2018 03:06 AM*

I apologize but can you explain what it means it sounds quite wise. Very wise actually. But, I don't understand it hundred percent.

whatdidshewrite • 53 points • 12 December, 2018 03:10 AM*

Basically he means that if a girl doesn't want you, you can't convince her to want you

willywantsit • 33 points • 12 December, 2018 04:49 AM

The corollary is .. that if a girl is attracted to you, there's nothing she can do about it.

markinsinz7 • 4 points • 12 December, 2018 09:27 AM

It means your lil dick doesn't choose to get hard or not for a particular girl - it just does. Similarly a girl cannot decide whether she gets wet for you or not - it just happens through a series of emotions and actions.

[deleted] • 3 points • 12 December, 2018 03:17 AM*

But hasn't that always been the case. I felt it meant something like if I don't get her best(sexually) then she should just leave or I find me someone else?

fangisbak • 17 points • 12 December, 2018 05:18 AM

That's the point.

If a woman is really attracted to you, she will go to great lengths to please you. The idea is that you can't try to convince, or trick her into wanting to please you.

She has to feel those tingles herself.

rockyp32 • 0 points • 12 December, 2018 03:05 AM

It can't?

BuzzLightGear321 • 1 points • 12 December, 2018 04:53 AM [recovered]

Fake desire can, just see any gold digger when you have some \$\$\$.

fangisbak • 3 points • 12 December, 2018 05:17 AM

That's not fake. It's ingrained in women to be attracted to provider types for their own survival. Money is a powerful aphrodisiac, the problem is, if that's all you have to attract women then when it's gone you're left holding an empty sack.

YetAnotherCreature • 1 points • 12 December, 2018 08:47 AM [recovered]

It's ingrained in women to be attracted to provider types for their own survival.

Yeah but attracted in this sense does not mean sexual desire.

fangisbak • 2 points • 12 December, 2018 09:18 AM

Not sexual desire no, but desire nonetheless.

I promise you a rich man doesn't have to try and force a woman to want him & put in the effort to keep him.

returnofthemackX • 1 points • 12 December, 2018 09:10 AM [recovered]

How is this getting upvoted

fangisbak • 1 point • 12 December, 2018 09:18 AM

It's common sense.

returnofthemackX • 1 points • 12 December, 2018 09:41 AM [recovered]

Exactly, common blue pill sense.

fangisbak • 2 points • 12 December, 2018 09:42 AM

If you believe making money is a blue pill trait then good luck in the future lmao.

Ceroe • 1 point • 12 December, 2018 01:56 PM

I think you're being confused with the fact that blue pillers can also have money, thus having money is a blue pill way. No that's just a common ground from both sides. However what makes them different is how the money is spent, and it's not on women for attraction ie. the red pill way.

Wreckn • 147 points • 12 December, 2018 04:38 AM

Paraphrasing, but:

Your physique is a reflection of your discipline. It cannot be purchased nor negotiated. It's a direct and immediate reflection of your dedication to the improvement of your self.

peacemakerzzz • 2 points • 12 December, 2018 02:38 PM

In the same manner, your improvement on finance is an indicator of the level of discipline that you have when it comes to spending.

GainzdalfTheWhey • 10 points • 12 December, 2018 04:52 PM

Nah, you can inherit money and pay people to make you rich. Physique you cant pay someone to workout for you.

Fulp_Piction • -11 points • 12 December, 2018 12:04 PM

Or your commitment to sticking needles in your ass.

FatGirlsInPartyHats • 31 points • 12 December, 2018 01:11 PM

Dude, it's fine. Just get in the gym and stop being salty about those who do.

Fulp_Piction • -4 points • 12 December, 2018 05:49 PM

I'm not salty, each to their own. I'm saying that an excellent physique doesn't automatically mean discipline & dedication.

Wreckn • 9 points • 12 December, 2018 07:45 PM

an excellent physique doesn't automatically mean discipline & dedication

This is just factually wrong. You can use all the test and GH in the world, you aren't getting jack shit without putting in the work.

You'll get there faster and break the limit on what your genetics would normally allow by using substances, but you still need to put in the work. If you think otherwise you're being naive.

omega_dawg93 • 20 points • 12 December, 2018 12:44 PM

but(t) you still need to do the work. that iron ain't gonna lift itself.

Fulp_Piction • 2 points • 12 December, 2018 01:00 PM

True, but the natural lifter definitely puts in more effort to get to the same place.

omega_dawg93 • 10 points • 12 December, 2018 01:11 PM

the natural lifters won't come close to 'the same place' as guys that juice heavy, train like maniacs, eat right, and are committed & consistent.

extreme mass + extreme definition are attained thru drugs unless you're the guy in the top 0.01% of all people who can weigh 250 lbs & be ripped to shreds... and massive at the same time.

flatox • 9 points • 12 December, 2018 01:13 PM

But the women/customers doesnt care how you did it if it looks the same.

kril89 • 4 points • 12 December, 2018 01:30 PM

Hmmmm that might just be a new talking point at the bar. I want to see how women look at men if they take steroids. Do they care? If two men looked the same do they care if one took steroids and one didn't? My guess is they don't give a shit as long as his dick still works haha

thatguy305 • 2 points • 12 December, 2018 05:56 PM

If two men look the same and one is taking steroids, the guy taking steroids isn't doing it right.

kril89 • 3 points • 12 December, 2018 05:57 PM

But you're a dude, I imagine most women probably wouldn't care haha

kril89 • 1 point • 12 December, 2018 09:25 PM

Preliminary results are saying women don't care

Fulp_Piction • 1 point • 12 December, 2018 05:50 PM

If that's what you're in it for, but it's not the point of OP's quote.

dani098 • 3 points • 12 December, 2018 01:44 PM

No. The natural lifter puts in the same effort to get less

[deleted] • 2 points • 12 December, 2018 03:22 PM*

Jason Blaha takes steroids and looks like shit. Still a strong discipline element to training on roids. Not to mention if you're doing it safely with zero side effects what's wrong with taking roids ?

omega_dawg93 • 1 point • 16 March, 2019 01:07 PM

myostatin levels are what's wrong with taking steroids.

if you've got high levels, you can take all the roids you want... your muscles will lack big time.

guys with low myostatin = easy gainers. when they get on roids, they literally transform in months. they are few & far btw tho.

A few quotes that I have saved from this sub:

young chicks assume that dudes who are nervous or are not used to dating a lot of chicks and know all the moves are somehow total creeps. The players of the world don't come off as creeps. They are incredibly skilled at doing this. The guys who are the polar opposite of players and who will likely commit fairly easy will come off as creepy.

Crying/sharing your pain is for women and children. Or to be kept among trustworthy male friends over whiskey.

You can't buy your woman's respect with food she already ate, shit, and flushed.

If a girl is holding out on sex with you, it's because she's not physically aroused by you.

You're never going to know a woman's actual sexual history. Women lie about it all the time, mislead guys, and even if she tells you the truth, you'll always wonder if it was a lie. You don't want to spend the rest of your days interrogating women and trying to catch them in lies and worrying about whether you were misled. Focusing on sexual history is a waste of time.

Never chase anything but financial opportunities or liquor.

Love is like a butterfly. Grab it and you will hurt it. Chase it, and it will fly away. Leave it alone and it might softly land on your hand.

If you are ever having to ask yourself, or needing to ask others, "What the hell should I text this girl/respond with", or "How long should I wait to respond to this text" or anything that requires any thinking and planning in regards to texting her, chances are, you're not her top option.

dingleburry_joe • 38 points • 12 December, 2018 05:31 AM

I like the butterfly quote. Gonna use that.

boredathome19 • 1 points • 12 December, 2018 08:32 AM **[recovered]**

The sexual history part is too true. Had oneitis on a girl and asked her. She told me 12. We're from a pretty small town and I could already count up to 10 different people based on stories of her and her social media. I was so worried about catching her in lies because I didn't want to be the naive idiot that it controlled my interactions with her and made me feel miserable. Just fuck her and don't give a shit.

FatGirlsInPartyHats • 3 points • 12 December, 2018 01:13 PM

You can be certain if she has feelings for you she's going to interrogate you about yours. The only response to give is:

"I'm not talking about this and I don't care about yours."

kril89 • 4 points • 12 December, 2018 01:33 PM

Yeah, that question always stumps me when they ask. I've mostly just been saying I'm a virgin lately.

Your_Coke_Dealer • 15 points • 12 December, 2018 05:36 PM

Been applying #4 successfully for a while now ;) That's a good goal to achieve imo... sexual abundance without many of the cons of having to deal with 1 girl who thinks she can make your life hard.

MoeJartin • 3 points • 27 December, 2018 10:59 AM

-Women want a man who has a twinkle on his eye, but they don't want to be that twinkle.

Could you explain that?

peacemakerzzz • 4 points • 28 December, 2018 09:05 AM

That saying simply dictates how you should view your life like a bullet train than as a car. You need to follow through with your goals (aka the twinkle), while women jump into that bullet train. They like a man who has a goal, a mission, but they never wanted to be the cream of the crop. Women dislike being a man's icing on the cake. What they want is a man who is ambitious. Bullet trains are linear that lead to a targeted destination. Cars, on the other hand, have no sense of direction. Most guys are like cars.

Ambition creates desire. Achieving goals create value. High value is what makes women attracted to you.

Women want a man who has a twinkle in his eye, but they don't want to be that twinkle.

"I smell the gasy effects of a holocaust of sexuality. Nazi-like feminists and their footsoldiers, the intellectuals

(all believing themselves brilliant and far above Mankind), wearing their arm bands of degrees and organizations, march women and men to 'education chambers' where philosophic spores are clouded into the rooms. Instead of thinking of 'motherhood', 'wife', 'man', 'warrior', 'fatherhood' the people think, 'equality', 'rape', 'patriarchy', 'sensitivity', and 'uni-sex'. The schools, a type of concentration camp themselves, have done their work well. Sexuality has been 'cleansed'. The men and women are now androgynous and march forth proudly with their new 'philosophies' zombie-like."

(Book of Pook, ~2004)

"People only care about you when you're powerful, or a woman. You have to pull yourself up by the bootstraps and become self-reliant because nobody else gives a fuck. You're given a dichotomy, sink or swim; you sink, and you end up drowning yourself in failure and self-pity. If you swim and only if you swim, people will start taking notice"

Deep red pill

NewReligionIsMySong • 29 points • 12 December, 2018 05:17 AM

a deeper red pill is realizing that the only reason the decline is happening is because of this mentality

PlayFair • 5 points • 12 December, 2018 02:49 PM

Bodies grow old, beauty fades, ideas and personalities become stale, people want what's novel, new is exciting, youth is fresh, evolution demands change. Life is a cycle, and at some point we all pass the peak. It's not something that needs to make you bitter.

Do not go gently into the night.

BuzzLightGear321 • 1 points • 12 December, 2018 10:13 PM **[recovered]**

HA, no buddy, my mentality isn't the reason most marriages end up in divorce, most divorced fathers

only see their kids 2 days out of 2 weeks, that wages are falling, and debt is skyrocketing, and that families are falling apart. Society caused my mentality, not visa versa.

NewReligionIsMySong • 1 point • 12 December, 2018 11:39 PM

Promiscuity is the best indicator of whether or not your marriage will last[(<https://economictruthsblog.wordpress.com/2017/02/13/sexual-promiscuity-destructive-effects/>)]. The reality is that the more partners you have, the less likely you are to maintain a lifetime marriage (lifetime is usually defined as "at least 30 years"). Not only that, it's also linked to happiness, in that the more partners you have the **less** happy you end up, and the effects seem amplified for women (we in TRP know why - alpha widows). But even for promiscuous men, this is still true.

I know that my opinion that we should be waiting for marriage is not the popular opinion on this sub, and I accept that. But all data that has ever been collected on the topic sides with me. I'm not the one denying and ignoring the statistics when I say that promiscuity is short term gain, long term loss, it's ya'll who don't like this data.

That being said, this sub has lots and lots of good information, and I've received lots of great advice from this thread alone, and I appreciate that. I don't think that we have to agree with 100% of what this community claims to get positive and meaningful knowledge out of it. I don't agree with you on sex and neither does any science that you'll ever read on the topic, but I likely still respect the vast majority of your opinions and knowledge.

Oh, and you're right, this country is fucked, but the decline probably won't happen the way you envision it. I think within the next 20 years, we will see revolution and secession, not sure if it will be peaceful or not, but that's what I think. We will likely divide into communists and capitalists, the same way Korea did. Hopefully we can pull it off without a giant war. I want to live with the capitalists, and I want to have a family, and I want to be able to look my kid in the eye and tell them honestly that I didn't cave in to promiscuity, and neither should they and give them the reasons why.

BuzzLightGear321 • 1 points • 12 December, 2018 11:50 PM [recovered]

I agree with everything you said, being a virgin for men and women is best if you want to get married. I don't, not in this country (Canada or USA), not at this time.

We will likely divide into communists and capitalists,

I hope so, the idea of the constitution was that the 10th amendment meant that if you want communism you can have it in your state. Problem with communism, is that it fails, so if you don't prevent people from leaving, it dies, so it has to be federally based . I would love to have the country officially split. IMHO no system works well when 30% of the population actively fight against it/don't believe in it. Hopefully separation will be done peacefully.

Women are fundamentally incapable of loving a man in the way that a man expects to be loved by a woman.

This made TRP click for me:

women act like children and look for men who act like fathers, because they are looking for a father to raise their children. it is their unconscious vetting process. they are literally acting like a child to see if their potential mate can act like a father.

You dont double down on a casino bet when you loose \$1000 because someone else has won \$5000 dollars in the past - same rule goes for a bad choice and a bad relationship with a shitty woman.

Every unhappy wife is a rape victim

A woman doesn't owe you her body, but you don't owe her your time or resources

[deleted], sadly. There are a host of quotes lost in my saved

This part can be about any of your favorite posters:

If what he said made sense and matched your observations in the world and improved your life..does it fucking matter? Its not like anyone but he knows his real identity anyway.

Read what people have to say and think about the lesson. The poster isn't important, his ideas are what matter

Also keep in mind that bloopers desperately want Cad to be fake. God forbid a man reclaims his power and shows others how to do the same. They need Cad to be fake. What if all men pursued their interests first?!!

What, you want me to quote myself?

The ideas have stuck with me. The words that brought them to me are many and literally fill TRP. So, if I had to encapsulate everything that I learned from my time in the red pill world it would be: Don't be afraid to live your life.

Datanami • 2 points • 12 December, 2018 10:47 AM

There's a cool app on the Google Play Store with a lot of nice quotes, mainly from the main subreddit. I think it's simply called The Red Pill

CaptainBW • 2 points • 12 December, 2018 03:54 PM

Not sidebar stuff but it's old:

"Next, what does Thrasonides say?

'A sorry girl has enslaved me, whom no enemy ever enslaved.'

Wretch! to be the slave of a girl, and a worthless one too. Why then do you still call yourself free? Why do you still boast of your campaigns? Then he calls for a sword and is angry with him who out of kindness refuses to give it; and he sends presents to the girl who hates him, and begs, and weeps, and on the other hand, is elated at every slight success. But even then how? Was he free enough neither to desire nor to fear?"

Epictetus. *Discourses*, Book IV, I. "On Freedom"

Stuff was the same in ancient Rome. Some old dudes were BP and other old dudes were clearly unplugged. Read Stoic philosophy. Read in general. Good for your brain and good for your frame.

I need some Dr. Seuss style TRP posts in my life now...
