

How do I make girls cum?

0 upvotes | 8 July, 2020 | by DennisErectus

I've fucked a model (not fake insta model, actual model for Givenchy, Saint Laurent, etc.) this past weekend. I've fucked her 3 times and I fucked her hard. Different positions, pulled hair, slapped ass, slapped face, choked neck, came on face. She was definitely enjoying it. She's a freak in the sheets, talked very dirty, ex. "Own this pussy with your fat cock". Still smile about it now.

The last time we fucked she said: "I still didn't get fucked like I wanted to", meaning she didn't cum. I've read the Sex God Method, so I know some tricks. She was shaking at times while we were fucking; I thought she came, but really didn't.

I fingered her in a "come here motion", and appeared like she nearly orgasmed. I've had this problem with girls before, they've called me selfish. I made another recent girl cum, but it took some time to understand her body better.

Any tips?

Edit: She has messaged me the day after saying she's dying to see me. Sex definitely wasn't bad.

Also, she is super magnetized by me, she can't get enough of me when I'm around. She told me this, and it's obvious by how she behaves.

I'VE BEEN IN THIS EXACT SITUATION OP.

It's a shit test. I don't know how you landed her but something you did is making her suspect you're not used to banging women as hot as herself. Ignore her when she says that or find a way to brush it off and appear nonchalant. She's trying to get you to start chasing her validation through poking at a spot most men pride themselves on (their sexual ability). I would recommend one of two approaches. Either ignore it or flip the script and have her chasing your validation. You can ignore her taunts because as long as she keeps coming back for seconds that's all you need to know. Whatever you do avoid being in a chasing position. The more desperate you get in trying to please her the more power she will get. I'm not against improving your skills in bed though. Understand that women are more mental than physical. Take your time and be patient with foreplay and only stick it in when she's dripping wet and begging for you to put it in. Build up anticipation throughout the day. Seduction is a constant process. Don't only be sexy and masculine when it's time for sex. Your attitude and demeanor should exude confidence and masculinity the whole time you're with her. Whatever you do DON'T start stressing yourself out over making her cum and start doing out of character and people pleasing things like eating her pussy and learning mechanical fingering techniques if that wasn't your thing before. She will pick up on the fact that you're now chasing her validation and start to drift away. I've been in this exact position before. The more I tried to make her cum the more she started to feel like she was on a pedestal and her attraction started to wain. It's mental OP. Switch things up if you have to. Become scarce. Try not having sex with her the next time you meet up or have sex and don't cum and when she asks you why just say 'nothing. I'm just don't feel in the mood.' This will mess with her mind and have her chasing your validation as attractive women are used to men going crazy over them in bed. She'll be too busy to have you chasing hers. Also her being crazy over you means nothing. If you fail his shit test you will see a complete 180.

Congrats Playa, you're getting played. Women don't get off physically, they get off mentally and emotionally.

There isn't a magic button. If you read SGM, you'd understand it's all in her head.

PS - she might just be a dead eye hoe

What's an SGM ?

mrkinix • 2 points • 9 July, 2020 05:10 AM

It's a book: sex god method

DennisErectus[S] • 0 points • 8 July, 2020 11:08 AM

How am I getting played? How do I get her off emotionally then?

I do remember this in the SGM.

It's a shit test. If this bitch is as hot as you claim, she's seen a lot by now. It's not a move you're looking for, but a feeling. That's your differentiation

She's still a girl.

If she doesn't cum from penetration you can make her cum from clit stimulation.

DisastrousCounter • 1 point • 8 July, 2020 11:01 AM

Lmao what a weak argument. If you don't like it don't do it, but if you won't do it just to feel in greater power then I feel sorry for you.

No self respecting man should put his mouth on a pussy. That's honestly some beta shit.

Ducky19941994 • 2 points • 10 July, 2020 09:39 AM

LilLoserFreny • 0 points • 10 July, 2020 01:42 PM

I never said I man can't do it but if you honestly believe it's not beta, I don't know what to tell you. Don't get mad because I said what I said. If you eat pussy fine. Doesn't change the fact that it's beta. Don't let today's social programming fool you.

Ducky19941994 • 1 point • 10 July, 2020 08:40 PM

If she didn't use all the vibrators like god damn construction site, she could easily cum from human interaction.
