According to them gender shouldn't be a reason to discriminate but somehow everything is a gendered issue to them ☐

Zero_the_Unicorn • 21 points • 1 July, 2020 07:46 AM

"Cant believe sexism and racism exists these days, but it's all thanks to straight white conservative males"
unironic tweet

NoxiousDiscord • 4 points • 1 July, 2020 06:13 PM

I tried so hard to understand their viewpoints. But they're sexists and they don't realize it. Every man with a different opinion gets the "shut up you're a man" and "I hate men" is seriously justified.

Levantine14 • 21 points • 1 July, 2020 06:19 AM

Don't forget "systematic" Mf's learned that word and ceased all acquisition of new vocabulary

offender_defender_[S] • 9 points • 1 July, 2020 06:22 AM

They don't realise that word could be used in reverse like "Systematic Misogyny"...they think this word makes them sound smart

Joingston • 15 points • 1 July, 2020 05:37 AM

And "offended, rape". hMMm

sumweebyboi • 11 points • 1 July, 2020 09:27 AM

and "photosynthesis" lol. they just use big words to make them seem smart and that they're correct, except it does the opposite

Lickiecat • 4 points • 1 July, 2020 04:25 PM

Anyone who doesn't agree with them and points them out for their blatant bullshit is basically an incel. They are parrots. The same way people who say "ok boomer" are.

Only worse.

This sub needs a stickied post on: the vocabulary/abbreviations of feminism to list the growing collection of terms they invent, alter, and use like magic spells. We could create a Bingo card with these terms. Additional examples include: Emotional labor HVM Internalized misogyny LVM Mansplaining Manspreading Manspreading while jogging Scrote Toxic Christianity (yes, this one was used about two weeks ago) Toxic

...at least they can spell misogyny

offender_defender_[S] • 9 points • 1 July, 2020 09:33 AM

You realise the guy was mocking them,I hope you could see with those alternate caps. I'm assuming you are "they" addressed here.

tabascoat • -7 points • 1 July, 2020 09:52 AM

I'm on this sub to widen my perspective on issues related to feminism, but i do disagree with this particular post. And unfortunately I am and will remain a grammar n*zi, sorry if that offends you personally.

offender_defender_[S] • 4 points • 1 July, 2020 10:01 AM

Why would it offend me? It's not my comment. It's ok if you disagree but as per my experience, he isn't wrong. Anyways, imma grammar nazi myself, it's just that I decide to keep it to myself. (PS: I hope you realise the og comment you made on the post is way too grammatically incorrect than his.)

tabascoat • -2 points • 1 July, 2020 10:14 AM

Would you mind elaborating? I truly only wish to understand your experience with feminism, this is not a provocation of any kind. (And yes, hindsight is 20/20)

I have worked with NGO's that work for rape and acid attack victims as well as with the NGO's that work for providing justice to falsely accused men. So,I kind of have idea about both sides of the coin. 3rd wave Feminism is directionless,random and ambiguous, do you think this is my view? Oh no, Im just quoting one of the lines from the book "The she spot" written by one of the leading feminists. It's like a sign of being "modern" which is adhered to a cult like mentality,with zero ground work and answer to all the accusations is "Go and read the defintion of Feminism". The best part? harbouring misandry under the shelter of definitions, not realising that no one cares for mere words. Mostly consists of raging keyboard warriors, you wanna proof of that? Visit any feminist page online Womensera,Idiva,Humans of patriarchy etc. Till date not one significant post related to inequality or injustice,just pure male bashing. Most of the people I worked with, including women, don't really wanna identify themselves as feminists. But feminists now and then try to force that terminology instead of appreciating the field work. I don't care if someone calls themselves chimpanzee or something until and unless they are doing justice to their work. Lastly, I would end with this, if you really wanna gain perspective you should work for both side sticking to the fundamental sense of justice instead of a bias. That's all on my part on this post. If you understood, well and good, if not, I would like you to rethink your "gaining perspective" statement.
