

# Why anti-feminism is better logically.

for one thing, anti-feminist activists actually do the research. yall saw the post on feminist misandry? that must've taken hours! Whereas, with feminist research, it's not so much research as commentry on posts/1 or 2 news articles.

oh and of course the fact that feminist women judge all dude's based on 1 or 2 people, but only for bad stuff, even if all dudes did something great for woman? they'd just ignore it, or find some way to twist it against dudes.

one dude rapes someone? clearly all dudes are rapists according to them

one dude murders someone? clearly all dudes are violent murderers, according to them

and of course you can't do anything right according to them, here's an example

woman: I want you to be more open with me, show me what you're feeling

option 1: actually show what you're feeling. (response by feminists: MaLe FrAgIlItY!!!)

option 2: hide your feelings. (response by feminists: tOxIc MaScUlIaNiTy!!!)

and of course, 1 fairly large points: we don't actually ban people who disagree with them, they are allowed to show their view. if we disagree with it, they may get hella downvoted, but that's nothing.

Whereas on radical feminist subs, or actually pretty much any feminist sub, the moment they realize you're a dude? banned.

It's really simple for me. I am pro-equality. Feminism is the most powerful anti-equality movement.

Badgerz92 • 3 points • 27 June, 2020 05:09 AM

I am pro-equality.

me too, but please remember (for everybody here) that not all anti-feminists are pro-equality. Everybody who is pro-equality is anti-feminist, but there are also anti-feminists who just hate women.

iamraskia • 3 points • 27 June, 2020 05:19 PM

well fuck those people

-TRUTH\_ • 1 point • 29 June, 2020 01:13 AM

I thought the whole point of feminism was equality. It sounds like you've met a lot of people who say they are feminists but are not. I will say as a feminist myself I have also met woman who put down men and call themselves feminists and it's just wrong. Those people are not for equality and they are not feminists.

duhhhh • 2 points • 29 June, 2020 01:19 AM

I thought the whole point of feminism was equality.

I did too. Then I learned what the feminist academic researchers, public policy makers, journalists, and lobbyists were actually doing.

I got banned from r/thefairersex for asking what's wrong with trans. In general, I never found out why Karens hate lgbt. You are trans? Fetal cells in vaccines. (Now change trans with everything else). I think that you can be/say/believe in whatever you want as long as it doesn't imply hate or violence for hate or hurting in general. So that's why I don't get what's wrong in being yourself (unless you are a Karen, I will be the first to go against my thought for them)

Deathbysugar2020 • 5 points • 26 June, 2020 05:15 PM

You don't know what Karen is used for, do you?

alep2007 • 4 points • 26 June, 2020 05:23 PM

Yes, for the customer is always right people.

Deathbysugar2020 • 5 points • 26 June, 2020 05:26 PM

Yeah, what does that have to do with transphobes?

alep2007 • 3 points • 26 June, 2020 05:30 PM

You know how many Karens there are? Racist Karen, male Karen, feminist Karen, etc...

Deathbysugar2020 • 5 points • 26 June, 2020 05:32 PM

Which means that transphobes are not all Karens.

Btw, technically all feminists subs on reddit are radical. It's a brand of feminism not a degree. Liberal feminism doesn't really exist as an activist ideology anymore, it is all radical feminism or some brand derived from radical feminism now.

Most feminist deny they are radical feminists because they don't understand their own ideology. TERFs are "Trans exclusive radical feminists" as opposed to Trans inclusive radical feminists. Most of reddit is the later. Extremist feminism is the word you were looking for. Extremist are also radical feminists, they just have an extreme final solution to the radical change that society should take to fix the problem of maleness.

spaghettibaguett[S] • 2 points • 26 June, 2020 08:16 PM

yeah, their view is vastly warped, but what can you expect from people who think emotionally instead of logically?

mhandanna • 6 points • 26 June, 2020 07:12 PM

Feminism is primarily based on emotion and feelings. Early feminist works in 2nd wave e.g. by Dworkin, Solanis, mackinon have shaped modern feminism... yet these women had PTSD, some had schizophrenia, were abused, raped, beaten, fatherless, very ugly and fat (not as a judgement, but saying they had severe body image issues and self control problems), they were extremely better and plagued with substance abuse, and gender identity issues.... now these people wrote the books which feminism was based on and are still read today.... is it any surprise feminism thinking is warped, messed up when it is based on ramblings by the mentally ill abuse victims?

It was initially given a free pass in university and newspapers as it was fringe and niche... so allowed to flourish without the usual scrutiny any stupid ideology would get, but then it evolved to be big: here Erin Pizzey explains it, and she was a pioneer in feminism (set up world's first modern day women's shelter):

sumweebyboi • 2 points • 26 June, 2020 09:45 PM

I literally got banned on r/nametheproblem for saying "not all men are like that"

blaizken\_420 • 2 points • 27 June, 2020 01:52 AM

What a scummy sub. There are millions of equally horrible violent acts committed by women

sumweebyboi • 2 points • 26 June, 2020 09:47 PM

oh and they ignore EVERYTHING women do wrong

spaghettibaguett[S] • 3 points • 27 June, 2020 04:02 AM

no they don't ignore it

they encourage it

woman: murders a dude

other women: wow queen, so empowered!

sumweebyboi • 2 points • 26 June, 2020 09:48 PM

oh yeah guys, sorry for self promoting but you can post annoying feminists to r/STFUSusan

T\_Nightingale • 2 points • 27 June, 2020 02:48 AM

As much as I might agree, this post is more of a rant than an explanation.

spaghettibaguett[S] • 2 points • 27 June, 2020 03:35 AM

eh, probably, my bad.

Deathbysugar2020 • 3 points • 26 June, 2020 05:15 PM

Could you elaborate?

[deleted] 26 June, 2020 05:30 PM

[deleted]

Deathbysugar2020 • 4 points • 26 June, 2020 05:34 PM

You're basically saying that you won't elaborate because I'm a man and that automatically means that I'm thick-headed I'll make flawed arguments. Thanks for taking time to answer!

Tilinn • 0 points • 26 June, 2020 07:11 PM

Lol. You clearly aren't a feminist either. Imagine if we wrote "men on the other hand are smarter and elaborate on their statements". You'd lose your shit.
