RIP GENDER EQUALITY

The Supreme Court indicted a woman for making false allegations against her husband but asked the man to pay Rs 1.5 crore to get the divorce from her.

The bench accepted the man's contention that the wife had made sham accusations against him following their separation in 1999 and this amounted to cruelty under the Hindu Marriage Act and was a ground for divorce. But it said the man would have to cough up Rs 50 lakh as one-time alimony and another Rs 1 crore towards a new house for his estranged wife for obtaining the divorce decree.

Supreme Court noticed that she falsely accused him still they didn't give her any punishment for the false accusations.
RIP gender equality.

Just amazes me that feminism has been able to corrupt Indian law as well.

I had assumed they would be one of the last to succumb to its evil machinations.
