Third most powerful person in the US is a WOMAN. And it's still not enough.

Omar-Elsayed • 50 points • 8 May, 2020 10:35 PM

They probably wont stop until everybody in power is a woman. Or maybe even everyone on Earth.

Adam and Eve were in the Garden of Eden, and Adam said one day, "Wow, Eve, here we are, at one with nature, at one with God, we'll never age, we'll never die, and all our dreams come true the instant that we have them." And Eve said, "Yeah... it's just not enough is it?" Bill Hicks

There are feminists who have straight up said they want to drop the male population to a tenth of what it is now.

laptopdragon • 16 points • 9 May, 2020 02:45 AM

feminists who have straight up said they want to drop the male population to a tenth of what it is now.

let's let that sink in and rationalize it a bit.

Imagine having a ratio of (at least) 10-1.

Now imagine how fat, lazy and UN-challenging the world will be when every woman begs for your attention from the moment they hit puberty?

If that were ever to become a reality, the men of that day will become the fattest, laziest, oversexed, egocentric, parasitical blobs of flesh that ever existed. In other words, men would take the role that women currently have.

Women would be the simps and incels and also have to build, maintain and do literally every job there is.

VestigialHead • 14 points • 9 May, 2020 03:16 AM

Yep that is correct. Just shows these extreme feminists are either mentally damaged or can not see past there own hand and never think things through.

boundarychimps • 5 points • 9 May, 2020 07:20 AM

There are feminists who have straight up said they want to drop the male population to a tenth of what it is now.

I suppose that's what happens when you forget that the vast majority of people -- both men and women -- happen to be straight. Or just can't comprehend that straight people aren't brainwashed.

ReaperManX15 • 14 points • 9 May, 2020 12:55 AM

Do you really think it would stop even after that?

laptopdragon • 12 points • 9 May, 2020 02:37 AM

men no longer exist...

Men still to blame.

Gynocentrism is a dominant or exclusive focus on women in theory or practice; or to the advocacy of this. Anything can be considered **gynocentric** when it is concerned exclusively with a female (or feminist) point of view.

laptopdragon • 12 points • 9 May, 2020 02:49 AM

Is this not a meme that suggests women are unable to make or design strategies until after men have already made them?

chambertlo • 9 points • 9 May, 2020 05:00 AM

Women can only do things if men clear the way first. Lmao.

Little_Princess1997 • 11 points • 9 May, 2020 02:57 AM

DarthCallidous • 10 points • 9 May, 2020 03:42 AM

Meteor hits Pluto, women most affected.

Unbentbugle • 9 points • 9 May, 2020 05:35 AM

I'm a female and seeing this makes me suffer cause that is just stupid. What is wrong with this world?

Edit: the exit door is for everyone so what the fuck is their problem exactly?

MrBigBomb • 7 points • 9 May, 2020 04:39 AM

What the fuck?

Heterodynist • 5 points • 9 May, 2020 06:54 AM*

Um, so you can basically insert ANYTHING into this same meme as the "problem" thing that leads to conflict in feminist's minds. Whatever it is, MEN have it better and something has got to be done. The whole world is against their femininity. -Except that it has nothing at all to do with their femininity, or their sex, or their gender; All it's about is their victim mentality. Everything is against them. You can always find a creative way to say the whole world is against you, if you have no sense of your own responsibility for living the life you chose

REGARDLESS of what roadblocks society puts in your way.

Heck, WE ALL DO, as men. That's essentially the definition of what it is to be manly, even to feminists. Manliness is DEFINED as overcoming obstacles. So the entire feminist argument boils down to, "I'm pissed off that certain men are achieving precisely the stereotypes we've set up for them!! I feel like the expectations I have of men also make me feel like they are succeeding in society to my detriment. Even though I expect things to be easier for me because I'm a woman, I expect things to be HARDER for men, because they just keep succeeding (it's as though their very selfhood depends on it, because of the expectations of people like me). I want to gang up with other women to overcome the stereotyped version of men we all hate, using REAL men as stand-in targets for the imagined men we all hate!"

AntKaren • 4 points • 9 May, 2020 10:14 AM

Men are dying but I had to do the dishes :(

"We're into week seven of lockdown and, unsurprisingly, many of us can't wait to get out. Particularly, many women. The virus itself seems to have been more deadly for men, but women have been harmed in other ways - the ties that once bound us to the kitchen sink have been tightened, as we've found ourselves burdened with domestic responsibilities we thought were relics of a less equal past."

dirgros • 2 points • 9 May, 2020 04:55 PM

Is this the case in Germany, Barbados, and New Zealand, to take three examples, where the governments are headed by cunts?

julianleung • 4 points • 9 May, 2020 04:19 AM

So you are literally admitted your gender is just a parasitic one.

chambertlo • 8 points • 9 May, 2020 05:00 AM

Of course it is. Women wouldn't last a day without men. They would be reduced to tears if they had to do any real work. Lmao.

julianleung • 3 points • 9 May, 2020 05:19 AM*

We built our exit. You build yours. So why should we build yours and to be blamed by you? Women are so illogical.

Same for toilet

It's a fucking door. The door doesn't have a dong and you can walk through it easily. How much weed is being passed around them all?

hashpanda74 • 1 point • 18 May, 2020 12:17 AM

My bet is if things get too bad women's rights will disappear. I expect a eventual backlash. I will not be a part in it I will just say told you so.

chambertlo • -1 points • 9 May, 2020 04:59 AM

Men rule the world and run it by a large margin. Of course men are going to be the ones most focused on men, since we will be the ones that restart shit once this is over.

Thinking otherwise is delusional and ignorant of reality.
