Rape Prevention Tips

- 1** Don't put **drugs** in women's drinks. 
- 2** When you see a woman walking by herself, **leave her alone**.
- 3** If you pull over to help a woman whose car has broken down, **remember not to rape her**.
- 4** If you are in an elevator and a woman gets in, **don't rape her**. 
- 5** When you encounter a woman who is asleep, the safest course of action is to **not rape her**.
- 6** Never **creep** into a woman's home through an unlocked door or window, or **spring out** at her from between parked cars, or rape her.
- 7** Remember, people go to the **laundry room** to **do their laundry**. Do not attempt to molest someone who is alone in a laundry room. 
- 8** Use the **Buddy System**! If it is inconvenient for you to stop yourself from raping women, ask a trusted friend to accompany you at all times.
- 9** Carry a **rape whistle**. If you find that you are about to rape someone, blow the whistle until someone comes to stop you. 
- 10** **Don't forget**: Honesty is the best policy. When asking a woman out on a date, don't pretend that you are interested in her as a person; tell her straight up that you expect to be raping her later. If you don't communicate your intentions, the woman may take it as a sign that you do not plan to rape her.

Dude you are kidding right?

This is a joke made to dis feminists.

But yes feminists do think that all men are rapists. Some are so dumb to suggest we should teach our kids not to rape. As if every adult on the planet does not already know that it is not okay.r

Yeah, they do think that. And if you defend yourself, they mock you for saying "I'm not like other guys." Because the goal is always to have sex with them. That is our singular purpose. We will say anything in order to achieve that goal. We have no self respect, we just want sex. Because it's all we think about.

They really believe all of that.

I wasn't too sure this was a joke or not because the original poster of this disabled comments. But yah, teach kids not to rape is apparently a valid argument for them but teach women not to falsely accuse a man of rape isn't.

Yeah I agree. Pretty disturbing. I am really hoping the world will start to realise the hypocrisy that feminism exudes and start to distance themselves from it and stop enabling them.

Feminists think a lot of things. I've seen this meme before, bouncing around the FB liberal echo-chambers. It's meant to be a snarky, somewhat farcical piss take, more a joke than anything else.

BUT. (there's always a but) a huge amount of feminists, both male and female, do believe there are swarms of "those guys" out there, who apparently aren't aware that rape is a crime. Who are "those guys"? Well, "them" ofcourse... Who's "them"?

Anybody who disagrees with them. Particularly political conservatives, Christians, Chad, not-Chad, white, black, purple. Really, any social category of people they don't like are filled with rapists. Including male feminists.

Much like "the commies" were the unseen boogie men of the 50's, and "the Patriarchy" is the unseen boogie man of 3rd wave feminism, "the rapists" are the unseen boogie men of 4th wave feminism.

What's most fucked up about it, is that rape is a real crime, that does happen to both men and women, and by defining almost every mundane interaction as some form of rape or sexual violence, they are desensitizing people to rape claims. They're crying wolf on a societal scale. Sooner or later, it has an impact.

When touching a woman on the arm (while ugly) can get you jailed for rape (happened in California) how likely is anyone to believe a rape claim?

HEY!!

HEY!! GUYS!!!! Guys??? Did you see the news? Who forgot their rape whistle?? Cmon guys, we've talked about this. I'm not mad, just disappointed. Now we have to go over chapter 4 of the rape guidelines. Geez!

I like this style of satire cause it's not super prevalent to most. Good job to the author. And don't forget! Don't rape. Just don't! And don't forget your whistle again, we're seriously sick of talking about chapter 4! We want to move on to white knighting and hand-knee placement. /s

I think it's either a joke, or it's a sarcastic meme that's really designed to reinforce the fear many women already have of men.

Let's just ignore the facts that in more child Murder cases the culprit is a woman so how come that is a valid argument but this isn't

the-mega-sad • 1 point • 21 April, 2020 02:26 AM

Ah, yes, because women are clearly incapable of raping a man.
