Gee, I can't see why. But then again...it's pretty hard not to get banned from r/Feminism.

Well he said "burn in hell feminism". So that might be a one of the reasons. Absolutely not sure, tho

Bro wtf is your example of role reversal? That just doesn't work, I recommend using an actual example such as the way men are objectified by women on TV. Anything that's actually real and makes an ounce of sense. Your example makes none at all. What are you on about? It's completely out of nowhere, based on nothing real, and does not help you sound rational. Sorry but I was just baffled by it, come up with a better example next time round pls. Or else someone is going to rip into you for it during an argument. Just lookin out for ya. :)

I had better examples, but decided to come up with one on the spot for whatever reason. Thank you for the feedback.
