It really must be hard going through life being that miserable.

casteliacitysax • 4 points • 16 February, 2020 06:29 PM

These women couldn't write an actually good book without trying

VestigialHead • 3 points • 17 February, 2020 02:48 AM

Would she be saying the same if men claimed it was very funny to them when threatened women get very mad?
This is either a troll account or an account of a very narcissistic and evil women.

How do people expect to succeed with such toxic philosophies?

RyansPutter • 2 points • 19 February, 2020 12:37 AM

One of my favorite books is Mary Shelley's Frankenstein. I like it because it's good and it was one of the first sci-fi novels written. I'll bet most of the feminists who whine about white male literature have never read it.
