

Hey feminists, if girls are allowed to join boy scouts , shouldn't boys be allowed to join Girl Scouts? I know none of us want to join Girl Scouts but regardless, it's unfair

Pretty sure it would be illegal for them to prevent boys from joining. At least in the US or England.

What if you identify as a girl though? I bet the gender liberals and feminazis would get their panties in a twist about this.

They would have to let trans "women" in to groups like this. Otherwise they would be guilty of the exact same sexism and phobia they accuse the mainstream of.

I think this should be seriously put to the test. Lets find 20 kids who have been manipulated by their parents into becoming trans and get them to join.

Girl Scouts sucked balls. The only thing I learned was how to cook on a tin can.

They could've reformed and made the Girl Scouts better instead co opting something males did better. But who am I kidding that's what women do.

theiftine • 1 point • 28 January, 2020 05:17 PM

My daughter will NEVER be a Girl Scout. I've talked to many parents, and they've all complained about the same thing - it all centers on selling cookies.

There are several Girl Scout alternatives, and my daughter can join one of those.

Thanks for this. Can you please share alternatives you have in mind?

My daughter is in American Heritage Girls. It's a Christian based scouting program for girls that emphasizes community service and leadership. The older girls frequently help mentor the younger girls, with adult supervision. The boy's equivalent is called Trail Life, I believe.

There are other programs as well, but I can't remember what they are. You might try Googling "girl scout alternatives".

In fact, there are numerous all-girl "boy scout" troops in the USA
