How the fuck is obese anti black? This shit is like actually driving me insane at this point.

sparkybooman27 • 28 points • 4 December, 2019 12:19 AM

Yeah, it always makes me feel weird when people start claiming stuff like that. It seems more racist to say 'obesity is associated with blackness' then what ever the hell she is intending to respond to.

Gretshus • 16 points • 4 December, 2019 12:30 AM

I recall that a person said that black people are disproportionately obese in America, which therefore makes obesity racist. Here's a NYT article (<https://www.nytimes.com/2012/05/06/opinion/sunday/why-black-women-are-fat.html>) and Griio (<https://thegrio.com/2010/06/21/how-obesity-has-become-a-part-of-black-culture/>). The latter more of explains why the black population is disproportionately obese.

Like the fat black woman that sued McDonald's for "Making" her fat

I feel like my brain is going to audibly start playing They're Coming to Take Me Away by Napoleon XIV.

Merlinfrost • 2 points • 4 December, 2019 04:54 AM

Actually it's a really really big thingy. So since African Americans make up a large portion of the lower income Americans they have a higher chance of eating at fast food restaurants, this in turn leads to higher rates of obesity, that in turn leads it to being an anti-black slur. Now I don't necessary agree with it, but that is the facts.

OhNoBearIsDriving • 2 points • 4 December, 2019 08:32 AM

Or you know, lack of self control. You can definitely keep an healthy weight eating fast food every meal, nobody forced you to stuff yourself with entire bucket of fried chicken with 12 biscuits every time.

Merlinfrost • 1 point • 4 December, 2019 12:23 PM

Uh no, eating McDonald's every day will most definitely make you fatter.

OhNoBearIsDriving • 1 point • 4 December, 2019 12:37 PM

Are you the guy that watched supersize me and didn't realize the guy forced himself to eat way over his calorie requirements? Heard of moderation? You don't have to order extra large combo with sweet tea/soda every meal, mcd has smaller portion burgers.

Merlinfrost • 1 point • 4 December, 2019 12:38 PM

Dude eating McDonald's daily is still awful for you if you eat it daily.

I'm black and this is also driving me insane ☐☐

TankertBoi • 30 points • 3 December, 2019 10:39 PM

I'm a bit porky myself, and if someone does call me fat, I either laugh it off or insult them back. It's definitely not a slur.

Drayelya • 18 points • 3 December, 2019 11:27 PM*

People are too thin skinned these days. Quick to insult, quicker to cry when their own medicine gets dumped back in their mouth. I'll bet her post was prompted after she said something and the person threw it right back.

Edit: spelling

[deleted] • 4 points • 4 December, 2019 03:23 AM

Thin skinned eh? Ironic.

TankertBoi • 2 points • 5 December, 2019 01:47 AM

Yes, yes. Exactly. People need to learn when to defend themselves and when to just take an insult.

lBadshot • 4 points • 4 December, 2019 01:04 AM

I don't mean to quibble with you, sir, but BlackFatQueer does not have an issue with the word "fat". Specifically, she hates the term "obese" even though that is a medical term used to describe a particular level of fatness, and not really an insult.

So show BlackFatQueer some goddamned respect and keep on using "fat"!

(Oddly, the three individual words in BlackFatQueer's chosen nom de guerre are each offensive to some people.)

Accidental_Edge • 14 points • 3 December, 2019 10:51 PM

I'm always curious how it's racist when I see this

Drayelya • 5 points • 3 December, 2019 11:29 PM

It's turning into a movie trope at this point...

RPDunkleBomb • 6 points • 4 December, 2019 04:14 AM

It's racist to be white bro have you tried not being white? #privilege

redmaster_28273 • 12 points • 3 December, 2019 10:24 PM

maudeib • 11 points • 3 December, 2019 10:40 PM

RegumRegis • 3 points • 4 December, 2019 08:20 AM

"fast food addicted"

DepravedWalnut • 10 points • 3 December, 2019 11:23 PM

laptopdragon • 6 points • 3 December, 2019 11:10 PM

Drayelya • 1 point • 4 December, 2019 04:20 AM

The less dependas I meet the better. Just being around one was enough to make a walk through a mine field a happy time.

MrBigBomb • 4 points • 4 December, 2019 12:06 AM

Wow I would just call her retarded.

bearserkr • 3 points • 4 December, 2019 12:27 AM

but.. her user is blackfatqueer

RichardJLyon • 3 points • 4 December, 2019 08:10 AM*

To expand Ms/Mx. Blackfatqueer's last deduction into its fully resplendent *modus ponens* form:

1. If all obese people are black, then labelling people obese is anti-black
2. All obese people are black
3. Therefore labelling people obese is anti-black

She's not merely claiming that *all* black people are obese. She's claiming that *only* black people are obese.

Interestingly in the context of feminists' confected grievances about pay 'gaps', verbal reasoning skills are a significant pay differentiator in the job market. It looks like the postmodern reasoning methods she was taught in her gender studies class are something of a liability in that respect.

I presume in these sensitive times I need an obligatory disclaimer to the effect that I don't think that only black people are obese, so here it is.

MegaMindXx[S] • 4 points • 4 December, 2019 02:14 AM

The Dems have the blacks convinced anything is anti bkack

Runicyeets • 3 points • 4 December, 2019 02:20 AM

Or she's saying its anti black because she thinks all blacks are fat

Alphanumeric88 • 2 points • 3 December, 2019 11:28 PM

What does antiblack have anything to do with being fat?

MegaMindxXx[S] • 5 points • 4 December, 2019 01:44 AM

Because she says she is black. It's the race and victim card and fat shaming all wrapped together.

silcona • 2 points • 4 December, 2019 02:22 AM

Ah, yes. Cus all black people are obese apparently

RichardJLyon • 1 point • 4 December, 2019 08:22 AM

No. She's actually claiming that all obese people are black.

ryanhew2 • 2 points • 4 December, 2019 03:43 AM

Bruh isn't saying it's offensive to black to people saying that black people are fat. So is that racist in its self
