What would you do, if I were to say, that male privilege wasn't a thing. And that the gender pay gap doesn't exist?

Oh I remembered, I'd probably get banned from this sub because of my meninist POV. But y'all should own up to the fact that men are just as equal to women, and in some cases, like custody and deaths in the workplace, etc., women have the advantage. So y'all should probably stop bitching about "gender pay gap" and "all men are pigs," and instead, focus on areas of the world where women actually need help, like in Saudi Arabia or Afghanistan. Sincerely, a pissed off lad.

Arguing with feminists is like arguing with 8 year old kids. It's a waste of time. They are not capable of rational thinking. Just ignore whatever bullshit they say.

As Mark Twain said, "Never argue with stupid people, they'll bring you down to their level and beat you with experience".

Another good one idk from who it is is: "Never play chess with a chicken, it will just shit on the board and walk away thinking that it has won."

I mean, it's more of an issue where women are being raped, abused, and murdered with no justice every day.

Let them protect themselves. Help women? Who help them? Using whose resource? Mens'. Dont do that. Let them protect themselves.

Have you "create a car"? My guess is no. I'll take your license please.

julianleung • 1 point • 19 November, 2019 11:53 PM

I guess you should consider in a gender-minded manner? See we as group.

Female was not oppressed also. You are not oppressed.

PaqouPaqou • 1 point • 20 November, 2019 01:34 AM

I'm struggling to understand what you are saying. Why should whether or not women invented or built cars prevent them from driving? They still purchase it like men do. What you're saying is stupid. A free society allows any consumer to purchase a good. As long as women have a license why can't they have a car?

julianleung • 1 point • 20 November, 2019 01:57 AM

Because they dont contribute to the building of it as a group. We men own nothing to you. You pay what the fuck? Your money is just a exchange token that you exchange for something your group has never created.

I'm a guy you retard. I hate minders feminism too but I don't hate women as a whole. You sound like either a fundamentalist Muslim or an incel. Since you don't appear to understand how basic capitalist society works I would guess the first is true. Why the fuck can't someone buy a car Jesus Christ.

I dont know one feminist who would ever say, all men are pigs. This would be a good post if there was any kind of thought put into it. Instead its a cut and paste from Jordon Petersen, without any logical reasoning behind it. Instead of getting people to understand what the fuck it is your talking about, you just automatically piss people off with blanket terms. I get the content of what your trying to say, just work on your delivery, because you come across as a sad, women hater, thats unset that he hasn't got laid for five years. Im truly sorry that you've been hurt enough to feel like so many women are against you, but in reality they really arent.

I agree, I was a bit of a troll. But, my main goal was to just reaffirm the fact that feminists get so triggered because of anything that violates their "doctrine." It seems to me that you're trying to be a white knight(I think that's the term), and that you'd do anything to protect women for a shot to get laid. And FYI, I had my heart snapped two years ago, and I still haven't been able to get over it

Tierrainy22 • 1 point • 20 November, 2019 03:22 PM

Im sorry to hear that.
