

Youtube is censoring Redpill channels (Undead Chronic has been banned again for exposing radical feminists) - Help the community against the censorship! Our Discord is still up and active.

Chronic has lost tens of thousands of subs yet again because he speaks the truth. He had to make a new backup channel. Here is his newest video from his backup channel called "Zombie Kush"

If we wanna win the censorship war we need to populate other platforms like discord and bitchute in a case of an emergency. Youtube has been selectively filtering out MGTOW and Redpill content for a long time now. We cannot let this continue.

I don't really know but there is another channel like this called Undoomed. He somehow hasn't been banned yet but he has had one of his videos taken down but he said that he has reuploaded them to dailymotion. I think this is a good idea for him to put his deleted videos because unlike YouTube DM doesn't seem to care what gets put on it platform.
