Lmao. You know you've got the most privileged life when you take time to complain about having to wait for the toilet

RichardJLyon • 38 points • 2 October, 2019 10:08 PM

One way to even the wait times is for men to start applying makeup in the toilets too. Or am I not taking this absurd grievance seriously?

AppleEatPear • 31 points • 2 October, 2019 11:55 PM

It's women that are causing the problem, so tell Sarah that she can stop talking to Ann for five seconds to take a piss. That's the truth of the situation, and I should know, I'm a girl myself

Panzerkampfwagen212 • 20 points • 3 October, 2019 01:16 AM

On no! The women are being oppressed by the toilets! Seriously, if you get oppressed by an immobile literal shithole, we should just expel you from society.

ShadowWitcher • 6 points • 3 October, 2019 07:47 AM

I mean, they complained about sexist air-conditioning so, we're not really surprised

The-beautiful • 1 point • 7 October, 2019 02:05 PM

I'm sorry what now? I think I may have missed something.

ShadowWitcher • 1 point • 7 October, 2019 03:48 PM

Look it up on YouTube. Some girl got interviewed on TV saying the air-conditioning is sexist because men have a higher temperature tolerance than women. She's freezing in the office at 22degc. Stupidest thing I've ever heard

Dem827 • 14 points • 3 October, 2019 01:10 AM

They also waste more toilet paper than men while urinating and that's destroying the planet..... now take the piss out of that!

JETS\_WPG • 11 points • 3 October, 2019 01:51 AM

Sounds like a woman issue. Take shorter shits!!

If this is what feminism has left to complain about then I think it's okay to admit we are in the beginnings of a post-patriarchy world. I don't feel oppressed. I'm not a victim. I leave my house every day and do the things I choose to do and nobody gives me a problem. There are still issues that primarily affect women. They just aren't the result of patriarchy/oppression. The victim-mentality isn't helping women at all.

holofan4lifefan4life • 11 points • 3 October, 2019 04:09 AM

I want to see what kind of mental gymnastics they do to try to blame this one on the patriarchy.

GiveMeTheBroccoli • 5 points • 3 October, 2019 12:09 AM

Truly worse than not being able to show your face

heldex • 3 points • 3 October, 2019 02:22 AM

It will always be like that because simply:

Man can take a piss whole staying on foot, whilst women have to sit down Now, since we are talking about a public bathroom, they will definitely spend some time cleaning the top of the toilet ( I hope ), and that makes you stay more time in bathroom hence creating a queue.

JZSquared • 2 points • 3 October, 2019 05:11 AM

Just buy a pee funnel, problem solved.

ShadowWitcher • 4 points • 3 October, 2019 07:53 AM

There are women out there who are literally being treated like a man's property. And then there are these people who complain about falling in line when using the toilet

StarlexYT • 3 points • 3 October, 2019 08:07 AM

Girls in my class always ask if someone wants to join them to the toilet and I'm just there like wtf

StrangeFishThing • 4 points • 3 October, 2019 01:06 PM

Yes, because women going to the bathroom in unnecessarily large groups, doing their makeup and taking crappy selfies is definitely an issue caused by men.

ZeZapasta • 3 points • 3 October, 2019 10:47 AM

piss faster or something lol

Lorenz\_b • 3 points • 3 October, 2019 12:54 PM

That because they don't realise you use the toilet BEFORE you leave the house

baronmad • 2 points • 3 October, 2019 12:10 PM

I bet its the men causing this issue too :P

[deleted] • 2 points • 3 October, 2019 01:01 PM

You all want to stand or squat side by side and piss in a porcelain pot for speed? That's what men do...

MegaMindXx • 1 point • 3 October, 2019 01:17 PM

They always have nicer and cleaner washrooms but you dont see men whining about it.

ShadowWitcher • 1 point • 3 October, 2019 04:21 PM

This proves that they are full of shit

vervemoll • 1 point • 12 October, 2019 10:46 AM

It's small compared to some problems and big compared to others. Lots of places don't provide appropriate provision for women; it's an ongoing issue.
