

# **BANNED on r/feminism (high five, anybody?)**

I read on this site how easy it was to get banned on [r/Feminism](#) and it was a rite of passage. I thought, 'great.' Posted something about being confused about the Red Pill movie by Cassie Jay, and reaching out for help and some input from 'fellow feminists.' (Okay, I was trolling, but not aggressively).

Got BANNED!

Encouraging everyone on this sub to do same. Get Banned. It's like being circumcised at birth, but this time you get to choose your oppressors.

I was banned as well

Wait, what? Wasn't that red pill movie made by a feminist? Also, where's the post? I can't find it.

Well, she quit being a feminist based on making the movie. That's the point of the post, to show how rigid and closed to honest debate their thinking is. Being said, I admit to presenting a false front - I'm not conflicted about feminism at all. It's bullshit top to bottom.

Gotcha. Is it worth watching?

HBenedek38 • 1 point • 2 September, 2019 11:40 AM

Yes.

[deleted] • 1 point • 2 September, 2019 10:51 PM

Yeah, it presented it fairly (finally).

It presents that men have issues unique to them, and leading feminist voices would say things like "domestic violence is a cleanup word for wife beating"

It doesn't present arguments or solutions. It just asks "do issues exist that matter to men and not women?" Don't expect more and you'll be happy!

I got banned as well. I posted a meme with the caption "feminist's can't catch me now". Beneath that caption was a picture of a very thin door.

Yea I got banned from r/feminism for asking if they think the wage gap is real, it took one post for me to get banned there. Also, I got banned from r/AskFeminists for responding to a comment with a double standard, blocked.

lol I asked a perfectly reasonable question on r/Askfeminists and got banned due to an old post I'd made on here telling ppl to report all the posts on r/theFairersex to make them disappear. Mind you this is a new pro so I can go and get banned again.
