Since i dont want to name the subreddit directly, lets use its nsme in spain instead, a litte modified: Criticas de Genero, its a subreddit with a lot lf followers, im sure many of you will know what im talking about. My first time in the subbreddit was not long ago, three or four days to be more specific, but this wouldnt last long; after i posted a comment asking politely if anyone knew how to get a certain app, some mod banned me permanently from the subreddit as a hole.

When i noticed this, i put in contact whith the mods to ask for some kind of explanation, i asked them: "why i was banned?" and theis answer was just that "im a troll", with no further explanation whtsoever. After this, again, without explanation, i was silenced for three days

The subreddit says that they are a gruop where people can discuss topics from a critical perspective, if this was true, i wouldnt have been banned even if i really were a troll; if they say peopla can discuss things FROM A CRITICAL PERSPECTIVE they souldnt ban anyone, even if what they are saying its bullshit, instead they should teach then why what they are saying its incorrect, what they did to me was eliminate my opinion just becuse they didnt like it i guess, this exact same thing did some german dude some time ago, not let people speak because he didnt like what they have to say; but again, the only troll here was the mod that banned me just for express myself.

In summary, Criticas de Genero is a place where you wont be able to express your opinion, no matter how polite you would bebe, you will probably get banned without explanation, i dont recommend anyone to post anything on this subreddit.

All of the feminist subs easily take the cake as the most cringey, retarded and hypocritical subs. I usually make it a priority to get banned from them when I start a new account, and I don't even have to try; just disagree with them at all and they'll screech and ban you, then message you something cunty and disingenuous like, "You weren't speaking from an educated perspective."

Oh the irony

TheVoidWalker89[S] • 6 points • 30 June, 2019 07:16 PM

its funny because they claim to be very critic and reasonable people and say that men who are against them are little more than apes, but its exactly the other way around, they instaban me for posting something not even offensive to anyone, and yoy guys are the ones who use the brain, just comparing the two descriptions of each subreddit speaks for itself

grannyowl • 4 points • 30 June, 2019 02:54 PM

The name of The subreddit is gender criticism

motherland\_protector • 3 points • 30 June, 2019 04:08 PM

TheGhoulisSword • 2 points • 30 June, 2019 09:34 PM

I read one that said that men need to stop saying that we're raised to not cry using really invalid and seemingly unintelligent arguments. Pretty much playing the oppression Olympics.

TheVoidWalker89[S] • 2 points • 30 June, 2019 10:06 PM

if you take the posts ironically you can hve a great time in that subreddit, otherwise its just abunch of bullshit and nonsense

TheGhoulishSword • 2 points • 30 June, 2019 10:15 PM

ILOVHENTAI • 1 point • 1 July, 2019 12:56 AM

The only one I came closest to agreeing to the subreddit was a post that spoke about white feminism and the fact that just because that are white does not mean their views should be dismissed

TheVoidWalker89[S] • 1 point • 1 July, 2019 01:54 AM

so basically what they do to men

ILOVHENTAI • 2 points • 1 July, 2019 01:56 AM
