I was excited for Endgame until I saw the queen bitch would be in it.

I guaran-fucking-tee you Marvel will let Captain Bitch cheap-kill Thanos

Iron Man should be the one to kill thanos IMO

wildfireboat • 10 points • 9 April, 2019 04:04 PM

He should, but it won't happen.

Captain Bitch will one-punch Thanos with some super-CGI-interstellar-woman-power, then she'll smirk at Black Widow and say something similar to "go women" and that ends the movie.

Save my comment.

Aro2220 • 6 points • 9 April, 2019 05:16 PM

Didn't feminists decide not to use the word woman because it contains "man". What are we even supposed to call a feminist anyways? Other than a lunatic...
