Woke Sjws are attacking the russo brothers and body shaming Brie larson captain marvel over the choice of putting makeup on captain marvel in the latest avengers endgame trailer...

So Brie larson has officially been body shamed by the people she constantly supports... the problem is that the character is wearing makeup which is apparently not part of her character?? lmao

Woke Sjws are the worst and they keep showing it...

They throw their own under the bus the moment they make one mistake in there view...

Sjws attack marvel whenever they get a chance and now they are attacking Avengers Endgame since it isn't feminist enough

Wokeness is a huge problem right now... people are afraid to express their opinion because of the outrage culture that will destroy their careers if they say something a certain group of people dont like.

Honestly this is just hilarious how Brie is essentially being attacked for doing a feminine thing when she was all about GIRL POWER during the advertisement for Captain Marvel and the moment she does something a actual girl would do its suddenly DISGUSTING AND HORRIBLE

Shows how mental all these people really are

Oh and the russo brothers are white... shock... horror...

Here's a video with some extra tweets but you get the point so it aint a essential video

☐ how messed up does your mind have to be to think it's offensive that a superhero character wears makeup?
Everyone wears makeup, it's hollywood.
