Can you decide whether someone gets an abortion or not?

Do you have a uterus?

Yes. ——— No.

Is the fetus inside
Your uterus?

Yes. ——— No.

You get to choose
What happens

Fuck off

Just checking to see if this post is ironic before I roast you into oblivion

[deleted] • 4 points • 29 January, 2019 12:51 AM

It's a sad truth so I guess that fits the definition of ironic

GooseMan126[S] • 3 points • 29 January, 2019 02:00 AM

Do you believe that men have paternal rights?

[deleted] • 3 points • 29 January, 2019 02:11 AM

no. men are constantly screwed over by the courts and are financially punished if they don't wish to be fathers while women are not

Ok, good. You're not retarded

Love how dehumanized feminists make fetuses. like they're not going to grow up to be fully functioning humans with emotions and feelings. You're killing a baby. Shouldn't have gotten pregnant if you didn't want a baby. And don't give me that I was raped bullshit that accounts for less than 1% of pregnancy. Wish feminist could just admit that they're lazy and irresponsible and that the baby killing was out of pure selfishness. □

Rape, I feel, doesn't justify it either.

TightHotPocket • 1 point • 31 January, 2019 01:59 PM

Same but I mean usually that's how people justify being ok with abortions in general.

I don't have a problem with abortion. I just think men should have a say

yarblesthefilth • 2 points • 28 January, 2019 02:42 PM

You need a better reason than that to supersede the right to bodily autonomy. Don't worry if you can't afford it. People can't take what you don't have.

In just saying that no one should have an abortion. I'm just saying that it should be a joint decision

UbiquitousPanacea • 2 points • 29 January, 2019 08:41 PM

Replace 'an abortion' with 'gets killed', 'uterus' with 'country', and 'fetus' with 'person'. This is similar to how I view abortion.

That's great for you and I respect your opinion. I don't believe a child should grow up in a family that didn't want it to exist or couldn't afford to take care of it. I don't believe a fetus is a person up until the 2nd trimester, but you can think and believe whatever you want.

UbiquitousPanacea • 2 points • 30 January, 2019 06:26 PM

It is better that a child grow up in a family that wants it to exist and can afford to take care of it, but is being torn to manageable pieces by forceps rather than having a suboptimal living situation preferential?

Most parents will desire to not be separated from their child, once they have conceptualised it as a child. And for this reason, many selfishly kill the 'foetus' so they aren't faced with the difficult of either raising or giving up for adoption a 'baby'.

And it is a matter of convenience, rather than truth, that causes many to feel the way they do about abortion.

I would not personally have a woman who I'm in a relationship with get an abortion, but if someone gets one, I don't care
