"How aren't subs like that getting banned?"

Because reddit is run by blood-sucking SJW's, I thought this was common knowledge.

virtualwar12345 • 4 points • 17 June, 2020 04:16 PM

What is SJW

Omar-Elsayed • 7 points • 17 June, 2020 04:23 PM

Reddit and basically all the other internet platforms are littered with "progressive" loons. The vast majority of techies behind the biggest sites sympathise with this bullshit.

Hannubal • 9 points • 17 June, 2020 03:07 PM

"I'm not saying that men are rapists in general. *It's just under patriarchy.*"

This is a fine example of the Feminist Retreat. They will make a sexist statement about men and when you confront them about it, they will say that they don't mean men in general, just under patriarchy.

I made a petition that's getting signed, check my profile and go to some of my posts and the link is there. Please please sign it

Put "Andrea Dworkin is and idiot" in google so when they search for the cow thats what theyll see haha

Maleoppressor • 1 point • 17 June, 2020 06:09 PM

Because whenever the Left says something, it always means something else.

"We'll enforce rules against hate speech" is code for "We'll censor opinions contrary to ours and let everyone on our side go wild".

xirus111 • 1 point • 17 June, 2020 11:06 PM*

Here's a better one:

Every feminist "mother" of a boy/man is his betrayer and also the inevitable child rapist/drugger or other abuser of that boy/man. And that boy/man will be an economically-disadvantaged incel or shill while the "mother" goes on foreign vacations and retires early with legal shielding and no legal repercussions.

That one I lived. Hence this smug gaslighting - a lie they "repeat to truth" and butchered the dictionary and dragged the overton window kicking and screaming for the past century to "prove".

If they want a mass killing that would stop rape, power tripping, and abuse, they could simply take cyanide.

Or they can come to my door to see the only thing I'd ever stick inside of them. Its black, as long as my arm, and unlike said arm and my cock, would definitely not feel good for any living thing its inserted into, and speaking from experience as someone who was not only raped asexually as a child by my feminist "mother" but has been forced to sodomize myself to take a shit because of said rape, I think it might hurt a tad more and cause a lot more damage than rape.

It would please me greatly for a rapist like all feminists are and project upon men like myself as being to volunteer for experimentation on that front, since its clear that when it comes to "make love, not war", they've already made their choice. Have a good Night.

MingSushi • 1 point • 18 June, 2020 01:44 AM

They really say this as if you can choose the sex of your children. If having a son is so worrying, here's some advice STOP HAVING SEX WITH MEN

jans135 • 1 point • 18 June, 2020 06:17 AM

What they mean is to abort male pregnancies and only birth girls.

MingSushi • 1 point • 18 June, 2020 11:29 AM

Aren't most abortions little girls? These women are psycho and don't care about the feminine power of motherhood, it makes me sick ☐

BuffedPlayer • 1 point • 18 June, 2020 02:35 AM

If all men died, how tf are they gonna make more babies?

chambertlo • 1 point • 18 June, 2020 02:58 AM

Women raise bad men. It's always the mothers fault.

PucasPari • -13 points • 17 June, 2020 12:09 PM*

Feminism is not a crime. These words that you find shocking are the reality.

Denunciation

jans135 • 13 points • 17 June, 2020 12:13 PM

"Stop birthing men". You know what that mean?

PucasPari • -18 points • 17 June, 2020 12:14 PM

What's the problem?

jans135 • 10 points • 17 June, 2020 12:16 PM

It's a call to abort male babies. That's suprisingly common with radical reminists

PucasPari • -19 points • 17 June, 2020 12:24 PM

Yeah, so what? Why are you asking me if I know what it means...

jans135 • 7 points • 17 June, 2020 12:25 PM

Are you ok with that?

PucasPari • 0 points • 17 June, 2020 12:32 PM

Of course not, I'm an unsubmitive male.

zipflop • -5 points • 17 June, 2020 01:22 PM

Inciting violence is a crime. That post is a bit extreme. Still, I wouldn't want it banned or whatever. But it's insane and we all know that if someone said this but replaced 'men' with 'women' or 'black people'... There's be hell to pay beyond just getting banned immediately.

jans135 • 4 points • 17 June, 2020 02:18 PM

I don't want it banned either, but many subs on reddit are banned for much less. Imagine what would

happen if some incel subreddit started advocating for aborting girls. It would be banned in a matter of days

virtualwar12345 • 3 points • 17 June, 2020 04:20 PM

I hate these fucking simps who support the feminists

No wonder feminists are no cocky and ignorant

PucasPari • 3 points • 17 June, 2020 01:25 PM

Yes, but feminism is incitement to violence. And feminism is not prohibited, by extension the incitement to violence by a feminist is not.

zipflop • -2 points • 17 June, 2020 01:26 PM

Feminism is not incitement to violence. Radicals use it as a weapon to incite violence, but the concept isn't inherently related to violence.

Incitement to violence by anyone is illegal - their belief system justifying it is irrelevant.

PucasPari • 2 points • 17 June, 2020 01:32 PM

Yes, on paper it's illegal...Just like raping a 12-year-old. However, women are not punished for this. Justice is selective and turns a blind eye to feminism. And yes, feminism is indeed an incitement to violence and discrimination. You just don't know what it is and believe the media propaganda that only surfs a fad. The origin of feminism is much worse than you think. It is literally the supremacy of the female gender.
