Wow so exploitative rapist men can travel under the oceans now. Amazing skillset to have. I wonder how their sexual deviancy has allowed them these new skills.

In the near future we will likely be institutionalising anyone who speaks like these feminazis. They are straight up insane and need serious help.

yeah, as other's have said, the 21st century is the time us men rise up time for women to actually have equality, so enjoy actually being held fucking accountable, women of reddit ;)

Yes it is odd. Feminists still raving on about gaining equality. Yet for them to actually have equality men will need to gain rights and women will need to accept a lot of consequences and responsibility.

So to get to actual equality it is often the reverse of what feminists are pushing for these days.

yeah, what they truly want is to be able to do whatever the fuck they want, without any consequences.
