you know most of us in African countries laugh at what the west has become? Even 10 year olds know some ideas are ridiculous. yes we do have feminism, sometimes radical but the general public look at them like mental patients. my country is as equal as it gets, female vice president, a lot of women in parliament, getting jobs based on your qualifications. my mom has a good job, has male subordinates with no problems (she still cooks and takes care of my dad), i am female, i am in medical school and I got in because of my hard work but you'll still see the few idiots we have complain, and i absolutely can't stand male feminists, i was accused by a male feminist from my country for being "against anything progressive". most southern African countries are equal, there's women with bigger problems like Women in some countries in east Africa that get their vaginas mutilated at a young age, women in some west African countries that are sent to live at a "shrine" for the rest of their lives when a male member of their family does something wrong. and you are here in your fancy longacres apartment making noise about shit that doesn't even matter. It infuriates me but we don't really give them the time of day. the west is 50 times crazier, Hollywood is listening to mental patients and everything is political. I don't even watch Hollywood movies anymore. This wave of feminism sucks ass.

I wish I could make people here in the US see it that way. I guess that's what happens when people have anything they could want at their fingertips, they fight and argue about dumb shit. The more privileged they are the dumber the shit too it seems.

Iloovepink • 8 points • 27 May, 2020 06:40 AM

yep. even in my country, it's the privileged people that complain about dumb shit. Though the US and England have completely gone crazy, such people are everywhere. a very good example is Her she's super rich, she went viral for buying her 10 year old son a BMW but yet she's the the most vocal feminist and complains about EVERYTHING.

Iloovepink • 3 points • 27 May, 2020 06:52 AM

funny how i was talking about feminists in my country and I just found a dumbass conversation. I hope you don't have a stroke reading this

FinallyReborn • 4 points • 27 May, 2020 08:51 AM

Most male feminists just use it to impress women feminists to get some pussy lol

DownvoteMeHarderPapi • 2 points • 27 May, 2020 05:12 PM

It's ALWAYS the ones that are the most comfortable in life that complain the most about dumb shit. Why don't they just leave the West if they hate it so much? It's because their goal is to subvert Western Civilization! If they actually gave one singular fuck about the stuff that they complain about, they would be going on missions to much shittier countries to go and fix them, and not fucking with us.

baronmad • 2 points • 27 May, 2020 06:46 PM

What infuriates me the most about feminists in my own country (Sweden) is that they don't give a damn about women in countries which actually abuses women regularly. Female genital mutilation is horrible, but to the feminists in my country it's "shhh don't talk about it".

Why not talk about it, why not try to help these women who actually live in horrible conditions, where they are actually abused and seen as a second class citizen. No they dont care, they only care when they can lump these women together with themselves. But lift a finger to help them, fuck they never do that.

VestigialHead • 47 points • 27 May, 2020 01:42 AM

Is she retarded?

The word did not exist. But the action certainly did. Forced sexual intercourse is Much older than humans. It existed with the original mammal ancestors millions of years ago.

JayTheFordMan • 11 points • 27 May, 2020 04:09 AM

and is natures way of ensuring genetic diversity. Can't let the alphas get all their own way

VestigialHead • 9 points • 27 May, 2020 04:22 AM

True. Especially in a time when size and strength are what makes an alpha. If we only let them breed then we lose a lot of the high intelligence genes.

Superswick • 4 points • 27 May, 2020 06:09 AM

Oh boy

VestigialHead • 2 points • 27 May, 2020 07:56 AM

Oh boy and girl. You need both.

In the past only the physically strong got to breed on average.

These days monetary success has become an addition to physical success. So it means more smaller intelligent people can breed and pass on their genes. Unfortunately many of these type of people are career focused and having less babies anyway. So it is quite ironic that we are still passing on more genes of lower intelligence people.

Superswick • 1 point • 27 May, 2020 10:43 AM

Ok we're still talking about rape here? You know this right?

VestigialHead • 2 points • 27 May, 2020 12:57 PM

Yes. Why do you ask?

The comment above said that rape allowed some of the beta's to spread their genes throughout the history of early man. I was simply continuing on the genetic discussion of that.

Are you trying to say we are not allowed to be discussing the history of unwanted sexual activity from a biological perspective?

the-mega-sad • 29 points • 27 May, 2020 01:24 AM*

Is-is she unaware of forced/planned marriage? You can't tell me that rape didn't happen in at least ONE of those scenarios.

Edit: I took a peek at her account. She got a ton of attention/backlash for this very tweet and constantly victimized herself over it. She's also an extreme liberal that feels the need to violently push her agenda.

Masterjefe0723 • 8 points • 27 May, 2020 01:25 AM

I don't think so pal

dohnstem • 4 points • 27 May, 2020 04:46 AM

what do you mean by that

Masterjefe0723 • 4 points • 27 May, 2020 05:25 AM

What I meant by "I don't think so pal" is that she doesn't look into the history . Because women who are forced into, marriage end up getting raped even. If their married your partner has to consent

dohnstem • 1 point • 27 May, 2020 06:50 AM

Ok thsnks

Masterjefe0723 • 3 points • 27 May, 2020 06:50 AM

Your welcome it's always a good thing to be informed then misinformed

GalileosTele • 23 points • 27 May, 2020 03:12 AM

Ah yes the noble savage. Before europeans nobody ever fought in the Americas, everybody got along, nobody had enemies, nobody made weapons, nobody had a concept of ownership, no inequality. Just peace and love and being one with nature... except for mass human sacrifice, rise and collapse of conquering empires, enslavement of neighboring peoples, and, well, all the same things that human beings, possessed by the greatness of their gods, competing for land and resources, have done literally everywhere in the world.

Gordop • 17 points • 27 May, 2020 04:10 AM

This kind of thing really gets me. Native Americans were not a bunch of tree hugging hippies. They were as violent and cruel as any other group of humans at the time.

That and the idiot ancestor trope. People who lived thousands of years ago were pretty smart. We only seem smarter because we have access to more information now. Some of that information our ancestors figured out from nothing.

Drayelya • 9 points • 27 May, 2020 05:55 AM

Modern derps: "Our ancestors were idiots!"

Our ancient ancestors: "So as you can see, we can use the stars to navigate and use the string from flax to make clothing."

TesticleCanced • 6 points • 27 May, 2020 05:57 AM

The Mongolians would like a word

Zori_The_Zorua • 4 points • 27 May, 2020 07:24 AM

In a study, 8 percent of people that live near where the mongol empire once was, are direct desendants of Gengas Khan.

Thats .5 percent of the male population in THE WORLD.

itsalexcl • 1 point • 27 May, 2020 10:49 AM

So would Indians.

GalileosTele • 8 points • 27 May, 2020 03:22 AM

Looks like she deleted the tweet. She must have gotten more than a few responses pointing out what absolute ahistorical nonsense she is spouting.

Neveah_Hope_Dreams • 4 points • 27 May, 2020 08:12 AM

Freaking racist too, huh?

Have they not heard about the Ottoman Empire??? Young girls being forced into freaking marriage?

ChuckBoris56 • 3 points • 27 May, 2020 07:21 AM

The east is laughing at the west. Maybe we are dictatorships possibly about to collapse economically atleast we don't even have that kind of stupidity.

JulianUNE • 3 points • 27 May, 2020 07:37 AM

But ... she repeated it ... that makes it true

chambertlo • 3 points • 27 May, 2020 09:24 AM

What about women killing their own children? When exactly did that start?

MyNameBlank • 3 points • 27 May, 2020 10:00 AM

I'm Asian and commented on a video about how I have never been genuinely discriminated against for it.

I was then met with a reply that only White people invented racism and rape and that White people are somehow a blight on humanity

The amount of psychotic people online seems to be on the rise

DownvoteMeHarderPapi • 1 point • 27 May, 2020 05:25 PM

White Liberals are the only group of people that have an out-group bias. Meaning they are the only people ON THE PLANET that view themselves negatively and prefer to prop up outsiders while denigrating themselves. They have been mentally poisoned over the course of decades to the point where they are literally sterilizing themselves while simultaneously advocating for immigrants to replace them. It's sad to see what is becoming of the West.

hsjsjskskkawiej • 1 point • 27 May, 2020 08:52 AM

Well they certainly took it to hearth now, haven't they.

thepubclosesin5hours • 1 point • 27 May, 2020 09:51 AM

Someone needs to explain to these people: the more you repeat something, the less true it becomes and the more demented you sound.

YeastBeast33 • 1 point • 27 May, 2020 10:13 AM

Yo after years i thought i can understans english. What the fuck is he saying ?

mhandanna • 1 point • 27 May, 2020 10:26 AM*

Great response:

I actually think for stupid stuff like what OP quotes, this twiter example above is best type of response.

And then more academic ways of debating it can happen along side too:

MeinChutiya69 • 1 point • 27 May, 2020 11:28 AM

White people didn't invent rape. Rape has been going on for millennia. It doesn't need to be taught. Animals do it. People do it. Heck, I'm not even white. people have raped people, animals and children since way before history was recorded.

MegaMindXx • 1 point • 27 May, 2020 12:06 PM

Other cultures have women as slaves even today. Forced arranged marriages. Legal set with children. That woman is a moron.

FactsAngerLiars • 1 point • 27 May, 2020 12:38 PM

Citation needed.

I REPEAT: Citation needed!

That guy is SO dumb.

DusselDw4rf • 1 point • 27 May, 2020 01:15 PM

Just another 'white man bad' post, Jesus, these ankles are delusional (I say ankles because they are a foot and a half below cunts)

Dredgen_Servum • 1 point • 27 May, 2020 03:13 PM

There is literally an extremely important legend in Mesoamerica where Quetzalcoatl is intoxicated and tricked into raping his sister. We clearly knew what rape was before the conquistadors came.

DownvoteMeHarderPapi • 1 point • 27 May, 2020 05:14 PM

The Prophet Muhammad married a little girl, but totally didn't rape her though, obviously because he wasn't white. Totally. 100% consensual, totally.

Wage gap, rape culture on campuses, micro aggression, and inventing words to circumvent proper English and reason -- why wouldn't they start re-writing history?
