

Central Park Karen does have a racial element. However, it is primarily gender issue... its good this happened to a black man so at least the story broke out and her feminists entitlement is seen and people took action, if it was a white dude it wouldnt have been a story

[#MeTooDiesNow](#). This is what women do. Not a race issue, a spoiled brat, attention-seeking, I'm-the-victim [#MeToo](#) issue. Men: always be recording. Sad to say, if it had been a white man she accused, it wouldn't be news, & she'd likely still have her job.

Outrage erupts over 'Karen' who called cops on Black bird-watcher i...
Some called for the 'racist' white woman, Amy Cooper, to be deported to Canada, where she apparently attended the University of Waterloo.

Seemed like the type that enjoyed the power her job provided a bit too much. Power trips only work at the office sweetie lol

I take great satisfaction in knowing she lost her job at an investment bank. Having worked in finance most of last decade, I can confirm her name will be blacklisted and she will be forced to work inferior positions going forward. Good result

If the guy was white, then imagine her telling to the police that a "caucasian man" is threatening her life. And how funny that would've sounded. She clearly played on the police violence against blacks.

She should be jailed and ordered to pay the victim's family for the rest of her pathetic life. Fucking whore.

What charges should she be jailed on though? I think losing her job and the amount of negative attention is punishment enough. Not that I have sympathy for these kind of entitled women, but I don't believe the law should be arresting people for unlawful reasons either.

Making a false report to 911 isn't unlawful? And no I'm not saying she should be put in prison for life, just asking if making a false report to emergency services isn't a crime.

How are you going to prove it's a false report? She said "there is an african american man in the park that's threatening me and my dog". A threat could be perceived in many different ways, so arresting the woman on the basis that she wasn't actually "threatened" therefore she had no right to call 911 and communicate that she felt that way would be a slippery slope. Especially since the video is short and doesn't capture the full encounter.

Don't get me wrong, I think the woman is a lunatic. She seems mentally unstable and the black guy seems totally calm and reasonable. I don't think he was threatening her. But I don't see anything here that would warrant an arrest.

She would have never made the call if it were a white guy.

ImHere2OffendYou • 2 points • 28 May, 2020 03:50 AM

I doubt that. These type of women hate men of any color.

I think so maybe... she does seem entitled as fuck though so probably would have
