

All men are pedophiles now?

Women coping by saying that pedophilia isn't natural in men.

Whenever the topic of men being attracted to underage girls comes up, women always reply with: "It isn't natural for men to be attracted to teen girls because peak fertility is in our 20s. Pedophiles just want to normalize being attracted to underage girls but it isn't normal."

Pedophilia IS natural in men. If pedophilia weren't natural in men then why the fuck are so many of them pedophiles? Why do so many of them openly admit they find 14/15 year olds most attractive? They're telling us this shit about themselves and women aren't listening because so many of us are in denial about their nature.

There's a reason why girls kidnapped and forced into prostitution around the world are always very young teens and even children. There's a reason why pretty much every woman can recall getting the most pervy male attention in her early teen years. There's a reason why porn is all about being completely hairless, tiny and having very small nearly invisible labia. There's a reason why makeup is all about making the features as neotenous as possible with big eyes, pouty lips, tiny noses and baby smooth skin.

Men didn't evolve to be attracted to peak fertility, they evolved to be attracted to women who are the easiest to rape. Men are pedophilic by nature.

Most children in the world are kidnapped by Women, for exploitation by Men and Women.
and unfortunately its the boys that are abused the most, by sick and twisted people.

How ever the meme sounds exactly like an ugly fat lezo that no one likes. and got no attention in her teen years, because the razor broke trying to get through her thick black leg hair at 10 years old.. And yer men did evolve not to look at girls like this. not because of the ugly looks, but by the fact you would have an aurora of psycho around her aswell.

So much so, if the this girl was 12 years old standing naked on the streets, the pedos, would have just kept driving. debunking her belief of "easiest to rape".

Feminists are deranged and psychopathic by nature. it is just lucky they represent a small percentage in society along with the pedos.

Guess they never heard of boy sex slaves. Girls may be raped, but boys are being gay raped.

BlueBlood75 • 22 points • 22 May, 2020 03:05 AM

They're just gonna ignore how every other week there's a story of a female teacher raping their underage students...

Omar-Elsayed • 11 points • 22 May, 2020 04:42 AM

That's not what they would call it.

BlueBlood75 • 8 points • 22 May, 2020 05:38 AM

True. And probably twist it to make it seem like the kids fault

Jakeybaby125 • 3 points • 22 May, 2020 09:32 AM

That's what one feminist did. Hermann vs Sayer I think. Keep forgetting.

PastMyBedThyme • 3 points • 22 May, 2020 11:28 AM

She fucking raped the kid and sued for child support and the kid lost.

Edit: I looked back the kid won. But still a dick move on the femtard's part.

Jakeybaby125 • 3 points • 22 May, 2020 11:39 AM

Unfortunately, that biased feminist judge ruling set the bar for all other cases like this.

PastMyBedThyme • 3 points • 22 May, 2020 11:26 AM

"It was his fault for being so cute and easy lol"

"Ma'am you raped an elementary school student, hes 9 fucking years old"

Men are naturally attracted to post pubescent females. This is purely biological. Nothing can be done to change

this. Biology does not care about laws or societal standards. Men have had to learn to resist their urges.

But this has nothing to do with Paedophilia. Paedophilia is being attracted to prepubescent children. So a man attracted to 14-15 year olds is not in any way a pedophile.

Just amazes me how stupid some people are.

Verbalicedtea • 10 points • 22 May, 2020 04:49 AM

Sadly today giving an answer like this makes you look mad even though it's correct. Society does not care about biology, I mean look at the trans people tryna convince themselves they are not the gender that they so clearly are. We are heading down a dark path that is cluttered with feminists and random sick ideologies that society accepts because it sounds nice. People today are retarded and unfortunately the smart ones are seen as stupid

Yeah it looks to be a frightening and idiotic future.

I just hope we can keep some sense and a strong scientific basis for things in the future. We cannot let rationality die.

I just love how shitty people like this just make up some nonsense in their own heads and then believe it's the truth. Sadly this trait isn't exclusive to feminists but boy do they win gold medals at it every time.

Havoc_1775 • 8 points • 22 May, 2020 03:56 AM

Is this legit? They're really not trolling? Jesus, knowing people like this exist is frightening.

beniesixx98 • 4 points • 22 May, 2020 03:38 AM

Uh ...I lost brain cells ...how do you justify being that sick And explain why women are rapist too... My head hurts..

qemist • 5 points • 22 May, 2020 07:00 AM

I don't think anyone on this site knows what pedophilia is.

InvasionOfFries • 4 points • 22 May, 2020 04:40 AM

this grouping of words just confused me

iEatAssAndCookies • 3 points • 22 May, 2020 09:59 AM

"There's a reason why porn is all about being completely hairless" (implying this is because men are pedophiles and little girls don't have pubic hair yet).

So by that logic, I might just say you want to fuck Gorillas if you like men with hair.

Iam actually attracted to somewhere between milf and 20's because they got more experience.
