They (women) are also 'plus sized' or 'BBW' and men are just dismissed as Fat and body shamed. Go figure. Women are often FAT too.

I3ig\_pp • 5 points • 18 May, 2020 08:53 AM

Ik right

ajax5150 • 3 points • 21 May, 2020 05:04 PM

"Susie you are not 'plus sized' you're morbidly obese and haven't had a salad in three years." I yearn for true gender equality.

NovemberMcfly • 20 points • 18 May, 2020 05:30 AM

Good Lord the sheer amount of ignorance and lack of discussion is sickening and I don't want to live on this planet anymore.

RockmanXX • 17 points • 18 May, 2020 07:26 AM

**"TheRightCantMeme"**

I mean, they really can't if leftists just keep censoring them lol

pontiflexrex • 1 point • 18 May, 2020 11:48 AM

Sure, there is not way that « can't » means « are not good at ». They are clearly, CLEARLY, doing this to remind you of your dreadful victimization. Don't worry, it'll be winter soon enough.

djredditbossman3123 • 14 points • 18 May, 2020 03:45 AM

your title is accurate

Squiggledog • 8 points • 18 May, 2020 07:10 AM

The *actual* comic instead of a JPEGy, overcompressed, recyceld screenshot.

The cartoon is actually the other way around.

dmen333x2 • 2 points • 18 May, 2020 08:45 AM

Is also stupid if you ask me it doesn't depend on gender there are so much more things behind it like in which family you are born or do you have an illness and stuff but i also think women have it easier in some things doesn't mean all of them do

Zero\_the\_Unicorn • 5 points • 18 May, 2020 01:58 PM

of course, if you live in the middle east as a woman you probably have this being applicable to you. But the cartoonist went for a black american woman, instead of actually showing someone oppressed.

dmen333x2 • 1 point • 18 May, 2020 02:01 PM

Like i said circumstantial (probably written wrong i'm not native english)

Mr\_Volkstaat • 2 points • 18 May, 2020 02:37 PM

Circumstantial, if you want to know. (Though standard English is rather befuddling at times. One of the reasons I prefer English)

dmen333x2 • 2 points • 18 May, 2020 02:46 PM

Anglish is great or denglish

Mr\_Volkstaat • 1 point • 18 May, 2020 03:12 PM

Denglisch not so much I.M.O. but *tu ijch dheijr own*

Rektangulus • 1 point • 18 May, 2020 06:34 PM

OG comic sucks

CryzMak • 6 points • 18 May, 2020 07:47 AM

The worst is people thinking this is about racism

Mr\_Volkstaat • 6 points • 18 May, 2020 08:31 AM

TBH it doesn't matter what those lobotomites think, say or do in their little bubbles. I'm just glad the majority of them will never be so cruel as to pass on their defective genes.

Jakeybaby125 • 5 points • 18 May, 2020 09:02 AM

Wow. Just wow. The amount of toxicity towards the man is sickening.

canieatmyskinnow • 3 points • 18 May, 2020 12:15 PM

Isn't the half of those man problems caused by the feminist?

dodragonsfly • 1 point • 19 May, 2020 03:23 AM

No more like his own actions. This is the funniest post I've seen all day ☐

Idkwhattidid • 1 point • 19 May, 2020 07:17 PM

Yes!

Icannothandlechnage • 1 point • 18 May, 2020 08:48 PM

I get that sometimes radical feminists can turn things into a competition of oppression, or whatever you call it, but I don't know why some of you think that women have no struggles whatsoever. I totally get mens issues as well, and that is what feminism is about too. Some of you might disagree because not all feminists think like that, but me, as a feminist, I do. My question is though, why do most of you think that being a woman is easy?

Osteo\_Warrior • 1 point • 19 May, 2020 01:45 AM

If you care about mens issues as well as womens then you are not a feminist you are an egalitarian. Feminism has never once in their 70+ year history supported men in any of their issues. As much as you may wish to call your self a feminist and support men the reality is that the media and "radical" feminists will not allow you to. Hence why you are an egalitarian like the majority of actual decent intelligent people.

Icannothandlechnage • 1 point • 19 May, 2020 05:00 AM

Sure, I still identify as feminist though. And that doesn't exactly answer my question

dodragonsfly • 1 point • 19 May, 2020 03:29 AM

Notice how no one answered your question? It's because they don't know and they are too stubborn to admit that gender inequality is a real thing which actual feminists work hard to fix. Kudos to you for your comment. Maybe someday they will realize that women do not have it "easy" like this picture portrays. I work in a male dominated career field where I am the boss and things are progressing in the positive manner but still we are far from where we need to be. Example out of all the four star generals in the military only one has been a woman. 10 of those 39 have been African American males, we have yet to have a African American female four star. We still need to keep fighting this fight and your post gives me faith that society is not all that bad and gloom.

Icannothandlechnage • 1 point • 19 May, 2020 05:44 AM

Yep, and I also noticed how someone also downvoted your comment. It sort of proves your point about them being stubborn. I'm sure there are some people in this subreddit who actually want civilised dialogue, so I want them to try to answer my question. Anyways, keep your head high and work hard in your profession. We still have a long way to go, but no way are we going to give up. And thanks for the compliments, it's good to know that someone else feels this way.

Jbrawlman448 • 1 point • 24 May, 2020 01:04 AM

It's become a back and forth feminisim continues to disregard any male suffering and always answer but women have it worse! Men now feel they're not allowed to be feel anything without backlash, just head on over to fragilemalereddit and you'll see why men hate feminism and how they see it as what it is, hate for men

casteliacitysax • 1 point • 18 May, 2020 10:01 PM

Why was this on that sub

Floater88 • 1 point • 21 May, 2020 03:14 PM\*

Ehhh. In general white people come from better communities, many black people in America live in poor neighborhoods and get worse education.

The problem with feminists is that they blame us for having things we don't have. If this was replaced with a WHITE feminist I would agree since they are the most whiny ones with just as much rights as men, more privilege than a black woman, but complain the most. Yet they still get the right to call themselves "feminists" even with all the privilege they get...
