Serious question since I'm confused, not judging any ideology or anything: is this some kind of mgtow thing?

No I think it is actually a feminist made flowchart representing how they think men behave.

Are you a fucking white night or a feminist?

I don't get the message. I believe that respect is earned not given

Like its saying that us men just respect woman bc we want sex and then when we gained it we stop having respect

That's such a stupid thing to think

Even if it was truest how men thought it wouldn't make sense as after successfully having sex with someone you would just be disrespectful and then u can't have sex with them again it makes no sense

I mean I respect my teachers (some are 50+) but I definitely don't want to have sex with them
