People - please spend a few extra seconds to proof read your posts.

Basic mistakes just make the people in this sub look like they are not well educated. Which gives the feminists more ammunition to use against us.

Yes I realise I am being a Grammar Nazi but I have good intentions. If we can lift the quality of posts it will only do the sub good.

Sorry but as you don't know i am from europe so guess what my mother language is not english. Some people on this subreddit are also from different countries than us and uk.

Yep I understand that. You wrote this response clearly and with decent English - so nice work if English is your second language. What I am asking is that you take the same time to edit your original post to clean it up. Otherwise it is hard to understand.

Not trying to put you down - knowing two languages is a great thing. Just trying to lift the quality of the posts here in this sub.

You can click edit on your original post - you just cannot edit the title.

Naw a lot of anti feminist were once male feminists then realized the absolute atrocity that is feminism and left so there is a chance for redemption

Edit: thought of something else: we need to be accepting as a lot of once feminists are gonna be confused as there reality crumbles but we have to be there to provide support for the sake of humanity we need to restore sanity to the world
