ok boomer

jackthepizzaman • 42 points • 25 November, 2019 01:31 AM

So it is ok for people to say that women are better than men but not ok to say that men are better than women?

mbpDeveloper • 10 points • 25 November, 2019 04:07 PM

I dont understand the logic womans doing that. They are actually destroying themselves

DanishAspie • 1 point • 6 December, 2019 09:19 AM

Neither are okay

jackthepizzaman • 1 point • 6 December, 2019 12:56 PM

No I was just saying what the post said

DanishAspie • 1 point • 6 December, 2019 06:40 PM

I mean socially, should have clarified.

jackthepizzaman • 1 point • 6 December, 2019 08:03 PM

I beleave that nobody should suffer any tipe of violence but I have been told by allot of people that violence on men is not as bad as violence on women. I have been abused by women and been punished for defending myself. This is the main reason I am not a feminist, because of the hipocrasy.

DanishAspie • 2 points • 6 December, 2019 09:32 PM

That's awful, I don't believe individuals who think women should get special treatment or that men should be able to "just handle/take things" aren't true to what feminism/egalitarianism should be about. You being abused by women is no different from a woman being abused by

a man. I hope you do know that.

Gameperson700 • 16 points • 25 November, 2019 01:44 AM

Women are more dominant in nursing, men are more dominant in STEM. Men and women can have any job they want as long as they fit the requirements. It just happens to be that men and women are good at different things. It doesn't even come down to men and women a lot of times because PEOPLE are good at different things! Why is it such a big fricken dealio?

jacoblisk • 2 points • 25 November, 2019 03:45 AM

Less men and women more individuals interested in separate things and focusing on being better at one or the other

Gameperson700 • 3 points • 25 November, 2019 04:29 AM

Yup. Agree 100%!

gendalf • 13 points • 25 November, 2019 01:24 AM

I wonder if the guy will get alimony to "support his lifestyle" in divorce lol
once again some chick pushing her own sex & relationship fantasy as a global "everybody should just do what I want"

aroh100876 • 14 points • 25 November, 2019 01:40 AM

That the reason women spent the last 309,000 (give it or take) years doing chores and taking care of the children while men worked and only the last 10 years posting shit on the internet.

ashnagog • 10 points • 25 November, 2019 06:39 AM

women are smarter and more dominant in every field!

Yep, untill it's time to enlist in the military. Then we suddenly need "strong men" to get shot in Afghanistan

Illuminitu • 6 points • 25 November, 2019 02:11 AM

more smarter

averis1 • 3 points • 25 November, 2019 11:05 AM

Women are more than welcome to buy the house & car and provide for him and her family for 20+ years, her as a SOLE financial provider, responsible for every bill under the earth.

I'd have a LOT of respect for a woman who's willing to take on all male duties as a provider. (Although that's not what I'm looking for)

Yet they complain nonstop not enough men are making more than them to be viable relationship /dating options.
So "strong & independent."

MissMetal777 • 4 points • 25 November, 2019 03:21 PM

I'm a woman, and I have to wonder what it's like to be this delusional.

thegraveyardcat • 3 points • 25 November, 2019 06:17 PM

same, but there are some women out there that just make a mockery of us. It's frustrating

Filberty • 3 points • 25 November, 2019 02:35 AM

They were reasonable until the last sentence

MaxPower-- • 2 points • 25 November, 2019 06:17 AM

More dominant, ha!

Joroda • 2 points • 25 November, 2019 01:18 PM

The sky is green, grass is blue, and it's OK for maples to be fluorescent orange with glow polka dots.

GeneraleArmando • 2 points • 25 November, 2019 04:27 PM

Yes, equality

maxthyson • 2 points • 25 November, 2019 12:41 PM

They wanna do the 9-5, be my guest. I'd love to opt out of that life and hang with kids all day.

thegraveyardcat • 2 points • 25 November, 2019 06:17 PM

to be fair a lot of women in todays world do work 9-5 or equivelent jobs

SiotRucks • 1 point • 25 November, 2019 09:23 AM

Im pretty sure that's sarcasm. They just want to make of people who use this talking point the other way around. Because I usually only here it used that way. Come on guys... this is so obvious.

mbpDeveloper • 1 point • 25 November, 2019 04:10 PM

They want to make people believe and woman in your house can tell this shit everday. How she is more superior than you and shit. I hate the world we live in.

SiotRucks • 1 point • 25 November, 2019 09:08 PM

You shouldn't. That's the only one we have. Also don't believe in this "everything is going to shit"-propaganda. Even if it were true -its not- you can't change anything about that and you will only become unhappy. Btw have you even read my comment? That post is very surely sarcasm.

sneakzalot • 1 point • 25 November, 2019 11:54 AM

If you volunteer to clean the gutters and cut the grass then I won't mind doing whatever else

69noah420 • 1 point • 25 November, 2019 04:32 PM

I agree with the first sentence, but the second is stupid

TankertBoi • 1 point • 25 November, 2019 11:54 PM

Agree with the first bit about the equal chores, not the second but tho

azoz2015 • 1 point • 29 November, 2019 11:54 AM

Men work longer hours, are more likely to ask for raises, take less time off, are more competitive, are more likely to take risks, prioritize earnings more than women, retire at a later age, work more dangerous jobs, and work higher paying jobs. Those are 9 reasons why men are better providers.

Plof1 • 1 point • 7 December, 2019 07:04 PM

This is literally the same logic used to oppress women in the 50s

Retro109 • 1 point • 25 November, 2019 07:44 AM

The first sentence is correct. Just the first one though...
