The fact people got so outraged before understanding the message is disappointing

The Olympics are going to be hysterical.

We all need to sit back, point and laugh. If only the conservative and moderate women had spoken up, but they *"didn't want to offend anybody!"* Oh well. Sucks to suck, huh females? You let feminism into your bed, and you didn't dare bat an eye once men decided to start dominating your sports, either.

Deal with it, women.

hatefulreason • 9 points • 16 November, 2019 03:52 PM

what's funny is that so called "gender critical" feminists don't want trans people in their spaces and in their sports because men are...wait for it... physically superior. still should be paid the same for "the same work" because the only guy in the office is not the one always called to fix the printer, carry boxes or God knows what

"In the latest episode of the STILL-RUNNING..." are they maybe trying to mean that the show should be not running anymore?. Interesting, or maybe I just see things that are not in there

lormetazepam • 2 points • 17 November, 2019 09:37 PM

Basically they want to control what runs or not. Nice freedom of speech for ya

It was on last night in the U.K and I was in stitches. South Park has turned into a spot on satire about all the absurdity that exists in today's modern world,

Reddit is a breeding pool for the mentally ill to spread their sick and twisted ideas.

There are entire subs full of these 'transgenders' that are all mad about this episode because it exposes them for what they really are. Sick and disgusting imposters.

The majority of them, however, aren't doing it to beat women at sports. They are doing it to live out some disgusting sexual fetish 24/7. Beating women at sports just happens to be icing on the cake for them.

HeyItsMeHammy • 1 point • 18 November, 2019 02:23 PM

Yeah.... no. The main reason that transgenders exist is because they feel as if they are the opposite gender. If they want to do that, they can. This can go the other way also. Women can be now considered "male" athletes, and do gymnastics. Women are naturally more flexible, and moveable, so should they be banned from doing that? They don't do it for a sexual fetish, they do it because they feel as if they are the other gender, and want to live out on that.

When you get offended at a show meant to be offensive: processional retard

princesspuppy12 • 3 points • 16 November, 2019 05:14 PM

ryanhew2 • 3 points • 16 November, 2019 05:30 PM

What happened in it

[deleted] • 3 points • 16 November, 2019 05:30 PM

They had some trans athlete

ryanhew2 • 3 points • 16 November, 2019 05:31 PM

Did they mock it or something. Why the outrage

[deleted] • 4 points • 16 November, 2019 05:31 PM

It was some huge man who had only "identified" as a woman for a week.

MegaMindxXx • 2 points • 17 November, 2019 01:13 AM

They got everything right that's why the snowflakes are triggered.

OnlyHanzo • 3 points • 16 November, 2019 11:35 AM

South Park is weird. One episode it is complete leftist wet dream, imagining Trump to have done something wrong, the other it paints all liberals as complete degenerates AND at the end of the same episode says liberals are growing up and becoming more intelligent.

Weird stuff.

At least Family Guy is still funny.

Gender studies majors hard at work here.
