I saw this one news article where some mom in Texas was trying to force her very young son to become a transgender girl and she kept referring to him as "Luna". The dad got pissed and the mom took the dad to court for custody and I think the mom won.

I fucking hate people who lie for the sake of themselves, especially when it has to do with family.

Same. You should never get kids confused about what gender they want to be or should be. I feel bad for that kid.

This is so ironic since mothers are more likely to neglect and emotionally and physically abuse their children than fathers. 73% more likely.
