Just kill you? Perhaps it would be better to direct your aggression outwards, not inwards.

==

I realize you were probably just spouting.

However, it's interesting to realize that **the purpose of forcing everyone to repeat obvious lies is to break their spirit.**

We see that with feminism, the tranny activists, antifa, the fake news ... everywhere.

TheVoidWalker89 • 1 point • 5 July, 2019 05:36 AM

what do you mean exactly with "obvious lies"?

User-31f64a4e • 2 points • 5 July, 2019 07:24 PM

That there are no psychological or instinctual differences between men and women.

That there is a gender pay gap.

That men are, or always have, or even mostly used to, oppress women. Utter rubbish, even inside the world of Islam.

That women and men should be treated in an identical manner.

That strong, independent women are delicate flowers who need special protection from the mean men.

That women have some special gifts or insight or whatever and so we must have their unique contributions in every endeavor - but that they are just the same as men.

That masculinity is "toxic".

That we should always believe the whamenz.

That any disparity in outcomes is due to unfair discrimination, not differences in temperament, ability, IQ, etc.

Muh patriarchy.

That gender roles are a product of social conditioning, not biology.

That men are more aggressive than women. (True, male aggression leads to different behaviors - but does not mean women are not aggressive. Relational aggression is just as damaging, if not more so, than physical aggression.)

That domestic violence is a male hitting female thing. (In fact it is mostly reciprocal, and one-way physical domestic violence is most done by women.)

I could go on and on, but you get the idea. Everything feminists teach or promote is bullshit.

oh, yeah; you are right in pretty much everything, but people dont understand it, or dont want to; these days is either you join them or you are their enemy, there's no middle point. If you are a men better go and chain yourself to a wall and dont move till you die, or else all you do will be homophobic or whatever the shit.

I love specially how they call you homophobic for doing something, they you told them that you want them to explain it, but they dont do shit, as long as they are convinced that you are "homophobic", its all right for them. Nowadays its more about feeling good about themselves rather than create a rational movement that eventually will lead to a more equally future. People feel sooo fucking good when they look down at someone who dont know something they have learned 2 days ago.

User-31f64a4e • 2 points • 5 July, 2019 08:27 PM

Nowadays its more about feeling good about themselves

If only it was that, we would have a better shot at fixing this mess.

It's about status. Status through identity, status from victimhood and oppression, status from virtue signaling.

Once upon a time, status came from ability, accomplishment and success. Those are innate, or require effort, or both. Much easier to set up a social status ponzi scheme, and virtue signal your way to the top.

TheVoidWalker89 • 2 points • 5 July, 2019 08:55 PM

Nowadays you dont have to do anything really, just be a woman a claim yourself a feminist, and do the same others do

TheUnholyHandGrenade • 4 points • 3 July, 2019 01:46 AM

I feel like Arnold at the end of Predator.

"Come on, kill me! I'm right here, come on! Do it now!"

deadcatisbad • 13 points • 2 July, 2019 04:08 PM

WoMAN

AbsoluteSereniti • 10 points • 2 July, 2019 05:40 PM

Lost brain cell watching her speak. What's worse is that there's an entire university dedicated to this bullshit. Universities like this and the people in it should be stripped of budget/power.

For ages, "MAN" was a gender neutral term. Look at any old text and you'll find your proof. Thus to get offended by a term is absolutely ridiculous.

These SJWs, feminists and Some LGBTQs intend to change the very language in our society.

Now, languages naturally change over time due to cultural changes, dialects, different literatures - etc. It takes people a certain amount of time to get used to the changes and adapt to changes but what they are effectively doing is forcefully making the public to adapt to their outrageous notions and getting the law involved.

If this shit gets through then I have nothing to say for our country. This is devolution at its finest.

I couldn't agree more! Don't forcefully or sneakily touch my use of words! I will fight for it!

Jadonw99 • 10 points • 2 July, 2019 03:33 PM

I've actually contemplated suicide over the sjws, being a white man I know I'll get nothing from life but hate

Killerbee499 • 9 points • 2 July, 2019 03:37 PM

AlicornGamer • 1 point • 5 July, 2019 06:06 AM

Jadonw99 • 1 point • 2 July, 2019 05:52 PM

If I can be any help don't get a girlfriend. No matter how much you think you love her and how much you think she loves you you'll end up wishing you'd never have done it. Please listen to this random Redditor and trust me when I say girls aren't worth it.

billibob2283 • 1 point • 2 July, 2019 05:54 PM

Thank you random citizen ;)

DestructoRama • 3 points • 3 July, 2019 01:26 AM

This isn't necessarily true. Girls aren't evil, but they can be, especially if they believe all this modern leftist crap. Just be cautious and do you, the good ones will notice that and flock to you.

billibob2283 • 2 points • 3 July, 2019 06:28 AM

Yes, I completely agree with you

Hey guys I'm more on the left side socially speaking, somewhat politically speaking. Just want you to know that we also all think these people are crazy. It's just prejudice coming from the generation that was taught not to be prejudice. They aren't taking over they are just loud. The only people I even know that give the, any attention are you guys. It's a small group of crazies that don't define the entire political spectrum. Just like how leftists are brainwashed to think all republicans are racist, if you believe they have any power over anyone else besides you being angry about their opinions you're dumb.

MdiapersWA • 1 point • 28 December, 2019 12:57 PM

Except as you can see in this video they are affecting others... limiting free speech in colleges. Also, in New York City the term "Illegal Alien" is now illegal. New groups for every different "marginalized" groups are getting new groups, new protections, and money shifted in their direction. It may be a small group and I agree they are just yelling louder than the rest of the left but they are making some headway which is

concerning. For crying out loud, a couple of years ago a school held a meeting regarding LGGBDTTTTIQQQAAPP people. LGBT is not longer good enough?

aroh100876 • 2 points • 3 July, 2019 02:14 AM

The real question he should have asked:

'Are you fucking retarded?'

[deleted] • 1 point • 3 July, 2019 03:45 AM

Love Fox's caption for the story. "LEFT IS TARGETING THE WORD "MAN"".

It's one teacher, she doesn't speak for the entire left

chadan1008 • 1 point • 5 July, 2019 01:19 AM

This is why you shouldn't watch Fox News. I've seen this woman on there before, they always have her spouting some dumb bullshit opinion that literally nobody believes.

They do this to 1. Make themselves seem unbiased and impartial and open to opposing arguments and 2. Paint liberals as fucking insane

TheVoidWalker89 • 1 point • 5 July, 2019 08:54 PM

yeah, it more a mix of both really

Uno_Cinco[] • 1 point • 19 July, 2019 02:33 PM

I have a female cousin who told me that the reason the feminist rights and LGBTQ plus or whatever the fuck it is know has so much power, is because they want to distract people from the African American movement. I just have to say this once "I'm black, where the fuck is my justice."
