

Cardi b

Is it just me that feels like cardi b has been forgiven too easily?

She's still being played on the tv and radio, Her image is still being praised, and all the media outlets have just seemed to move on too quickly.

I feel like if this was a man there would have been a much larger witch-hunt which would have resulted in his career being destroyed.

For her to be forgiven she would have had to be held accountable in the first place

I didn't see what cardi b did, what happened?

rhymalinda • 4 points • 19 June, 2019 04:42 PM

She admitted basically to drugging and raping men and stealing their money and stuff when she was a stripper or “coming up” and “hustling” as she puts it. □

Dont worry, it will happen again. After years of telling people about the rapist r kelly every time he was mentioned, the truth finally came out.

The same will happen with the rapist cardi b.
