Now go to internet or turn on your TV: everyone's talking about feminicide while there's no term called malenicide, even though men die a lot more than woman...

Are these worldwide stats?

OnlyHanzo • 5 points • 19 April, 2019 10:24 PM

Most likely US for multiple reasons, but Europe has it much much worse. Not sure about Asia, shits weird there (ive personally been to all of these regions).

Booqueefius101 • 2 points • 20 April, 2019 06:01 AM

Wait what, europe has worse stats than this, i always figured that US had the worst numbers...

OnlyHanzo • 2 points • 20 April, 2019 08:43 AM

Europe is a liberal dumpster. America has louder, more outlined idiots, but Europe has a bigger quantity of them.

Men need to put themselves first. If you can't be a complete self centered man, you can't help others.

You should provide a source in the comments

Yes. That would increase this to a nerally untouchable state. Right now it is fragile, we need sources always

Literally each one of these statistics is a direct example of the hegemonic suppositions that men SHOULD be strong, violent, and lack emotion, and that women SHOULD be emotional, delicate caretakers.

Toxic masculinity != all masculinity is toxic.

If you really want to keep being angry at THEM FEMINAZIS, fine. Make memes with zero thought into WHY these numbers are so dire for men. Have one of you considered that maybe it's the ~reactionary~ feminists you have a problem with? Instead of doing literally ANY objective research nor nuance? Nah wait, you probably thought the Red Pill was exactly the non sequitur you wanted in reaction to women demanding their fair share of space.

This seems like a bigger problem with men and late-stage capitalism. It's almost like your gender needs...liberation...from the oppressive expectations that we all hold each other accountable to...this sounds familiar. Grow up.

My dad actually won his divorce case for me and my brother.

Look at this and understand it and move on. If you feed into the victimhood aspect of it you are no better than the femnazis
