she'd be pretty attractive if she wasn't pig ugly.

Not really there are a lot of smart feminists, I.e the ones who focus on civil rights in places like Africa and the Middle East

ActuallyDoesntExist • 3 points • 5 April, 2019 09:03 PM

These ones are humans, Heroes, Justice Warriors, Equalists, anything, but not feminists.

But they still call themselves feminists, so they are feminists

ActuallyDoesntExist • 5 points • 5 April, 2019 09:35 PM

That's not how it works. They have to act like feminists to be a feminist. Doesn't matter if you or they think they're feminists.

No that's not how feminism works, it's an open community that anyone can join if "they believe in equal rights for men and women" now this definition is very vague and is often not followed by feminists, but if you say you're a feminist your a feminist because it's an open community that anyone can join.

But then how would r/antifeminists keep up with their strawman arguments? You can't expect them to actually read past ragebait can you?

I don't know what you're saying here but anyone can be a feminist without acting like what people SAY feminists act like, there are branches of feminism that are actual good activism and not just big red and jigglypuff.

The smart feminists are named Laura and Steve. Steve got diagnosed with stage 3 cancer so pretty soon Laura will be the smart feminist.
