Did it really say that women are more likley to be in poverty?!?! Really? I mean i know men are like 4x more likley to be homeless. Though i guess if a lot of single mothers are in poverty maybe... i just have never heard anything like that claim.

Profligate-Prophet • 1 point • 7 February, 2019 06:50 AM

Oh i guess its labeled as untrue.

DankDoggos84 • 1 point • 12 February, 2019 02:06 AM

I want to add to it so I can troll them and spread the truth
