So apparently women aren't even allowed to like men anymore?

Dumbeldorian2 • 22 points • 20 October, 2019 12:07 PM

No and men can't choose biological women either. It's only the woman that chooses the men and not like them. I know it sounds illogical but it's the new toxic way of life by these sjw's. Gynocentrism at its best

Tile should read: Feminist Preaching More Female Chauvinism and Anti Male Hatred

Basically, women aren't suppose to have children. The end.

She liked the Prince because he was the richest man in the kingdom. That's the fairytale- to marry the wealthiest man in the country.

...That women's axis has always confused me because it seems to imply that most women you should date/wife are trannies. Idk who made this, but he's severely overestimating most trans women's looks or a tranny chaser himself.

No one judges women as much as other women.
