r/thefairersex is seriously fucked up.

For extra entertainment, go on their mod list, and check out their recent comments.

Last I checked, they are very active with subs that have young guys and teen boys, usually trying to make them feel guilty or shitty for being men. They literally are full-on psychos fully dedicated to spew hate towards anything male.

Needless to say, definitely none of them is getting laid. That might explain things lol.

Also why can't you comment on anything? Aside from the fact that it's outrageous

For the same reason that a socialist or communist country needs to silence anyone who disagrees with them.

They are aware they are full of shit, so they take away your ability to prove it to them what kind of psycho they are.

But go comment on their mods comments. Shit where you can Hehe

We live in a disgusting time when a low percent of women is sometimes put in danger.

One out of every four homeless people is female! We have to cut that down to zero out of four!
