I got band from [r/feminism](#) because I posted 10 articles disproving the wage gap, and 20 other articles about other feminist myths. When I asked why they didn't answer.

It's best not to try to start arguments with the mentally ill.

Someone should give them a beer

Feminists are mentally ill by virtue of their ideology?

goldnray17\_Bossman • 11 points • 7 February, 2019 09:53 PM

Yes, they are. People aren't but feminists are an exception

student5490 • 7 points • 7 February, 2019 10:42 PM

Absolutely. It's called delusional disorder.

“Delusions are the main symptom of delusional disorder. They're unshakable beliefs in something that isn't true or based on reality. But that doesn't mean they're completely unrealistic. Delusional disorder involves delusions that aren't bizarre, having to do with situations that could happen in real life, like being followed, poisoned, deceived, conspired against, or loved from a distance. These delusions usually involve mistaken perceptions or experiences. But in reality, the situations are either not true at all or highly exaggerated.

People who have it can't tell what's real from what is imagined.”

It would be outstanding if we could send the men with butterfly nets after feminists ...

Gipoe • 2 points • 8 February, 2019 01:43 AM

Yes they are. They can't even understand that not everyone shares their irrational and idiotic beliefs and opinions. If you have a different opinion than most of them they'll be quick to call you a sexist, bigot or racist for whatever reason. Regardless of what you said.

That's like going to /r/christianity to debate christians and religion... I don't see the point. That sub isn't meant for debate.

While i stand with you and everything you said and hate modern day “feminism” as much as the next guy. You misspelled Banned... (I’m sorry, its tough being a perfectionist)

jhesmommy • 1 point • 13 February, 2019 05:25 PM

I'm a woman a despise modern feminism. Equality is not their goal. Not even an option for them.

LiberalEater • 1 point • 10 February, 2019 02:55 AM

Can you send me those articles

French-dudev2[S] • 1 point • 16 February, 2019 05:41 PM

I don’t think you would like them I deleted it from my history and it was hard finding them some were very difficult to find as the person who wrote it I don’t remember the name quit and I don’t think that’s what I got band for I also posted a meme which they claimed I was band for a lot of YouTubers used those same articles like the buzz feed one that I debunked and showed them feminism is dying others were just copy and pasted I am on a phone right now and it is very difficult to do this but often feminists don’t read the full article therefore I recommend the daily wire and using Ben Shapiro or Louder with crowder

French-dudev2[S] • 1 point • 16 February, 2019 05:42 PM

I’m sorry I’m on a phone I won’t post much but yeah I may take this down

Tbf, anything that is in opposition to their world view is “banned”

Redditnotes • -4 points • 7 February, 2019 09:23 PM\*

That is another huge generalisation. But to engage with the point; *some* RadFems do believe that *certain* expressions, which foster discourse harmful to minorities, should not be given a platform in the public sphere. Which isn't as extreme as "ban everything which doesn't agree with us".

e.g, no platforming a speaker at a publicly funded university who is a vocal homophobe, because of the conflict it has with the social responsibility to safeguard minority interests.

Again, this is *some* feminists, and not inherent of the ideology.

Outis129 • 4 points • 7 February, 2019 09:31 PM

But most feminist subs are notorious for it

Aro2220 • 4 points • 7 February, 2019 09:59 PM

All feminists are insane and they don't have one single argument backed in reality. Not one.

ladiesman696969 • 1 point • 8 February, 2019 07:45 PM

Dude no serious economist takes the wage gap seriously!
