Lol. “You want some privileged dick?”

I like how she goes from from telling you you’re privileged and white to telling you you should kill yourself to bragging about how often she gets laid. Probably by privileged white men too. Feminism has become extremely toxic. It’s not about equality anymore, it’s about bitching and whining to make themselves feel empowered and important. The movement was pretty nifty back in the day, but now it’s just comprised of angry lesbians who generalize men as a stereotype based on one or two bad experiences. I’ve met some downright crazy chicks who would most definitely cut a dick off with a pair of scissors... but that doesn’t mean all females are like that. My girlfriend is really cool. Coolest PERSON I’ve ever had the privilege (there’s that white male privilege again) of knowing.

What sort of ignorant garbage did you say before that though? Just a thought
