People are allowed to think whatever the hell they want. Stop trying to shame everyone into believing you are a victim.

Erm... What is a sub-human?

I don't know.

When we discuss groups with low IQ or less strength or temperaments unsuitable for Western civilization, we don't call them "subhuman". We don't even call them "inferior" even though they might be. We simply note their deficiencies, and scoff at their claims of discrimination.

This is just another case of a leftist "winning" an argument by making sure to address only a straw-man.

Opinions are like "I prefer coffee over tea"

Not: Gender is a social construct.
